George Cukor's People Joseph McBride, 2024-12-17 The director of classic films such as Sylvia Scarlett The Philadelphia Story Gaslight Adam's Rib A Star Is Born and My Fair Lady George Cukor is widely admired but often misunderstood Reductively stereotyped in his time as a woman's director a thinly veiled disparaging code for gay he brilliantly directed a wide range of iconic actors and actresses including Cary Grant Greta Garbo Spencer Tracy Joan Crawford Marilyn Monroe and Maggie Smith As Katharine Hepburn the star of ten Cukor films told the director All the people in your pictures are as goddamned good as they can possibly be and that's your stamp In this groundbreaking lavishly illustrated critical study Joseph McBride provides insightful and revealing essayistic portraits of Cukor's actors in their most memorable roles The queer filmmaker gravitated to socially adventurous subversively rule breaking audacious dreamers who are often sexually transgressive and gender fluid in ways that seem strikingly modern today McBride shows that Cukor's seemingly self effacing body of work is characterized by a discreet way of channeling his feelings through his actors He expertly cajoled actors usually gently but sometimes with

bracing harshness to delve deeply into emotional areas they tended to keep safely hidden Cukor's wry wit his keen sense of psychological and social observation his charm and irony and his toughness and resilience kept him active for more than five decades in Hollywood George Cukor's *People* gives him the in depth multifaceted examination his rich achievement deserves

appreciation has been paid though to the individual directors accomplishments with regards to the musical film a genre that remains popular today When the first film musicals were made there were no experienced movie directors for the new genre Instead of recruiting stage directors Hollywood turned to the seasoned directors currently under contract and assigned them to make talkies with song and dance In *Bringing Song and Dance to the Screen* Thomas S Hischak looks at the contribution that twenty seven Hollywood directors made to the art of the movie musical during the exciting and prolific golden age of cinema Some directors flourished with the new genre others struggled and eventually were only assigned to traditional films Some unknown directors found their niche in making musicals and much of their subsequent careers were in the new genre Yet even those directors who made only a handful of musicals sometimes delivered musical classics This book will look at them all focusing on the directors musicals and how they compare to their non musical works *Bringing Song and Dance to the Screen* covers movie musicals made from the first talkies up through the 1950s from *The Jazz Singer* in 1927 to *Gigi* in 1958 Hischak explores the directors careers and film musicals chronologically and includes biographical information for each director Readers will learn about both famous and obscure film musicals making this the perfect guide for movie and musical fans alike
