Harris, Rowan Pease, Shzr Ee Tan, 2013 Gender in Chinese Music draws together contributions from ethnomusicologists anthropologists and literary scholars to explore how music is implicated in changing notions of masculinity femininity and genders in between in Chinese culture **Song of The Morning** Sharon Landry, 2023-10-30 New York City 1941 Susan Wilcox lives a fairly comfortable life She has a

wonderful family and her nursing position at a local hospital and then comes the war With the world turned upside down Susan chooses to join the newly formed Army Nurse Corps and do what she can to bring the boys home While stationed at a hospital camp in England she nurses Captain Ricky Murphy back to health Can it be love at first sight Soon called to the front lines she is faced with the horrors of war and being caught in between enemy lines Will she and her loved ones make it home alive to bask in the song of the morning **Woman's Home Companion** ,1915 Medieval Woman's Song Anne L.

Klinck,Ann Marie Rasmussen,2015-08-06 The number of surviving medieval secular poems attributed to named female authors is small some of the best known being those of the trobairitz the female troubadours of southern France However there is a large body of poetry that constructs a particular textual femininity through the use of the female voice Some of these poems are by men and a few by women including the trobairitz many are anonymous and often the gender of the poet is unresolvable A woman s song in this sense can be defined as a female voice poem on the subject of love typically characterized by simple language sexual candor and apparent artlessness The chapters in Medieval Woman s Song bring together scholars in a range of disciplines to examine how both men and women contributed to this art form Without eschewing consideration of authorship the collection deliberately overturns the long standing scholarly practice of treating as separate and distinct entities female voice lyrics composed by men and those composed by women What is at stake here is less the voice of women themselves than its cultural and generic construction **The Inn at Shining Waters Bundle,**

An Amazonian Myth and Its History Peter Gow, 2001 Peter Gow unites the ethnographic data collected by the fieldwork methods invented by Malinowski with Levi Strauss's analyses of the relations between myth and time His book is an analysis of a century of social transformation in an indigenous Amazonian society the Piro people of Peruvian Amazonia taking as its starting point a single myth told to the author by a Piro man Gow explores Piro history and ethnography outwards into the domains of myth telling in general and following the logic of certain important myths further out into important domains of Piro experience such as visual art shamanry and girls initiation ritual All of these domains like the myths themselves have been demonstrably changing over the period since the 1880s The book then shows how these changes are in fact transformations of transformations changes in social forms that are intrinsically about change The logic of these changes are then followed through the historical circumstances of Piro people from the 1880s to the 1980s to show how the intrinsically transformational nature of Piro social forms led them to respond in the ways that they did to the coming of rubber bosses missionaries and film makers This book makes an important contribution to debates in anthropology on the nature of history and social change as well as addressing neglected areas such as myth visual art and the methodological issues involved in addressing fieldwork and archival data
