Symbol, Service, and Song J. Nathan Clayton, 2021-11-09 In the Old Testament the Levites stand as key ministry leaders for the worship of the people of God from their origins with Moses and the tabernacle to their service at the Jerusalem temple to their roles in the postexilic period This study proposes a multidimensional reading of the texts centered on the Levites in the Davidic narratives of 1 Chronicles 10:29 From a literary point of view the notion that the Levites are closely associated with the symbol of God's presence is explored From a historical perspective the roles of the Levites in expanding the service to God and his people is examined And from a theological perspective the means by which the Levites facilitate the song of God's people is studied Overall this work seeks to defend the idea that these texts contribute significantly to the rhetorical argumentation the historiographic method and the biblical theological meaning of the canonical books of Chronicles generally and of the Davidic narratives of 1 Chronicles 10:29 specifically as they emphasize the central role played by proper Levitical worship leadership at the time of David and during the challenging situation of the Chronicler's Yehudite postexilic audience

The Song of Songs and the Eros of God Edmée Kingsmill, 2009-11-26 Modern biblical scholarship interprets the Song as a collection of love lyrics For Edmée Kingsmill on the contrary the essence of the Song is mystical A principal concern of this study however is to uncover the relationship between the 117 verses of the Song and those biblical books to which they point Beneath the metaphors a network of allusions is being woven conveying a

picture opposite to that we find in the prophets who confronted with the continual adultery of Israel poured forth their condemnations with unwearying passion In dramatic contrast the Song presents a paradisaal picture For lo the winter is past the rain is over and gone The flowers appear in the land and the time of singing is come Song 2 11 12 Thus in presenting the ideal the intention of the Song's author is shown to be encouragement The inclusion of this poem in the biblical canon is understood therefore to be central to the purpose of the biblical literature to bring all people to love the God of love The book is in two parts The first and longer part is concerned with themes including the relationship of the Song to the early Jewish mystical literature The second part is a short commentary intended for the reader interested in the text as much as in the related questions to which the text gives rise

Knight,1988-05-09 With due attention to historical and literary issues the authors explore the theological contributions of two books unique among the Old Testament canon Offering fresh perspectives for the book s message and setting George A F Knight depicts The Song of Songs as a book about God and his plan of redemption for the world a revelation of the love of God Friedemann W Golka presents the book of Jonah as a masterpiece of Hebrew narrative art a multidimensional account which through skillful use of irony and satire demonstrates the divine privilege of mercy for all living beings **ESV Global Study Bible** Crossway Bibles,2012 The ESV Global Study Bible is a one volume study resource for globally minded Christians everywhere It has been designed to be highly accessible and priced for distribution on a global scale **God Draws Near** Collin Cornell,2025-11-11 In God Draws Near Old Testament expert and missiologist Collin Cornell challenges conventional thinking about the theology of mission The prevailing paradigm has been of a single grand story encompassing creation fall and redemption The understanding of God s mission that follows is that of rescue or repair In the first part of the book Cornell interacts with and critiques this line of thinking pointing out how it influences our interpretation of the canon of

Scripture our view of Israel and even how we view Christ and his incarnation These problems have consequences for mission practice Cornell then offers a new model for the biblical theology of mission recentering it on God's purpose to draw near to creatures out of love and delight The Song of Songs provides a key inspiration Cornell argues that rather than being linear the Bible is geometric flowing outward from God's presence in the tabernacle in the Old Testament and in Christ in the New This perspective honors God's relationship with Israel and keeps Christ at the center of God's work in the world God Draws Near will be of use to students pastors mission workers and educators and interested lay readers Even those who disagree with Cornell's approach and conclusions will need to grapple with his critiques and proposals
