Urban Craftsmen and Traders in the Roman World Andrew Wilson, Miko Flohr, 2016-02-12 This volume featuring sixteen

contributions from leading Roman historians and archaeologists sheds new light on approaches to the economic history of urban craftsmen and traders in the Roman world with a particular emphasis on the imperial period Combining a wide range of research traditions from all over Europe and utilizing evidence from Italy the western provinces and the Greek speaking east this edited collection is divided into four sections It first considers the scholarly history of Roman crafts and trade in the nineteenth and twentieth centuries focusing on Germany and the Anglo Saxon world and on Italy and France Chapters discuss how scholarly thinking about Roman craftsmen and traders was influenced by historical and intellectual developments in the modern world and how different national research traditions followed different trajectories throughout the nineteenth and twentieth centuries The second section highlights the economic strategies of craftsmen and traders examining strategies of long distance traders and the phenomenon of specialization and presenting case studies of leather working and bread baking In the third section the human factor in urban crafts and trade including the role of apprenticeship gender freedmen and professional associations is analysed and the volume ends by exploring the position of crafts in urban space considering the evidence for artisanal clustering in the archaeological and papyrological record and providing case studies of the development of commercial landscapes at Aquincum on the Danube and at Sagalassos in Pisidia **The**

Bread Makers Jared T. Benton, 2020-12-14 Bread was the staple of the ancient Mediterranean diet It was present in the meals of emperors and on the tables of the poorest households In many instances a loaf of bread probably constituted an entire meal As such bread was both something that unified society and a milieu through which social and ethnic divisions played out Similarly bakers were not a monolithic demographic They served both the rich and the poor but some bakers clearly operated within regional traditions Some lived in big cities and others lived in small towns Some bakers made flat breads and others made leavened loaves Some made coarse brown loaves and others specialized in fancier white breads This book offers new methods and new ways of framing bread production in the Roman world to reveal the nuances of an industry that fed an empire Inscriptions Roman law and material remains of Roman period bakeries are combined to expose the cultural context of bread making the economic context of commercial baking the social hierarchy within the workforces of bakeries and the socio economic strategies of Roman bakers **Ancient Greece and Rome** Keith Hopwood, 1995 Sir

Thomas Fairfax not Oliver Cromwell was creator and commander of Parliament's New Model Army from 1645 to 1650 Although Fairfax emerged as England's most successful commander of the 1640s this book challenges the orthodoxy that he was purely a military figure showing how he was not apolitical or disinterested in politics The book combines narrative and thematic approaches to explore the wider issues of popular allegiance puritan religion concepts of honour image reputation memory gender literature and Fairfax's relationship with Cromwell Black Tom delivers a groundbreaking examination of the transformative experience of the English revolution from the viewpoint of one of its leading yet most neglected participants It is the first modern academic study of Fairfax making it essential reading for university students as well as historians of the

DIVERSE SLAVERIES Jason Porter, 2025-01-20 **The Roman Market Economy** Peter Temin, 2017-09-05 What modern economics can tell us about ancient Rome The quality of life for ordinary Roman citizens at the height of the Roman Empire probably was better than that of any other large group of people living before the Industrial Revolution The Roman Market Economy uses the tools of modern economics to show how trade markets and the Pax Romana were critical to ancient Rome's prosperity Peter Temin one of the world's foremost economic historians argues that markets dominated the Roman economy He traces how the Pax Romana encouraged trade around the Mediterranean and how Roman law promoted commerce and banking Temin shows that a reasonably vibrant market for wheat extended throughout the empire and suggests that the Antonine Plague may have been responsible for turning the stable prices of the early empire into the persistent inflation of the late He vividly describes how various markets operated in Roman times from commodities and slaves to the buying and selling of land Applying modern methods for evaluating economic growth to data culled from historical sources Temin argues that Roman Italy in the second century was as prosperous as the Dutch Republic in its golden age of the seventeenth century The Roman Market Economy reveals how economics can help us understand how the Roman Empire could have ruled seventy million people and endured for centuries Critical Readings on Global Slavery Damian Alan Pargas, Felicia Roşu, 2017-12-05 The study of slavery has grown strongly in recent years as scholars working in several disciplines have cultivated broader perspectives on enslavement in a wide variety of contexts and settings Critical Readings on Global Slavery offers students and researchers a rich collection of previously published works by some of the most preeminent scholars in the field With contributions covering various regions and time periods this anthology encourages readers to view slave systems across time and space as both ubiquitous and interconnected and introduces those who are interested in the study of human bondage to some of the most important and widely cited works in slavery studies

Slavery as Salvation Dale B. Martin, 2021-03-30 Early Christians frequently used metaphors about slavery calling themselves slaves of God and Christ and referring to their leaders as slave representatives of Christ Most biblical scholars have insisted that this language would have been distasteful to potential converts in the Greco Roman world and they have wondered why early Christians such as Paul used the image of slavery to portray salvation In this book Dale B Martin addresses the issue by examining the social history and rhetorical and theological conventions of the times The first half of the book draws on a variety of historical sources inscriptions novels speeches dream handbooks and agricultural manuals to portray the complexity of slavery in the early Roman empire Concentrating on middle level managerial slaves Martin shows how slavery sometimes functioned as a means of upward social mobility and as a form of status by association for those slaves who were agents of members of the upper class For this reason say Martin slavery of Christ brought the Christian convert a degree of symbolic status and lent the Christian leader a certain kind of derived authority The second half of the book traces the Greco Roman use of political rhetoric that spoke about populist leaders as enslaved to their followers especially to members of the lower class This provides the context for Paul s claim in 1 Corinthians 9 that he has enslaved himself to all that is to those very people he is supposed to lead as an apostle Martin thus interprets this statement to mean that Paul identifies himself with the interests of persons with lower status in the Corinthian church calling on those with higher status to imitate his self debasement in order to further the interests of those below them on the social scale

'Bread and Circuses' Tim Cornell, 2003 Cities in the ancient world relied on private generosity to provide many basic amenities as well as expecting leading citizens to pay for bread and circuses free food and public entertainment This collection of essays by leading scholars from the UK and USA explores the important phenomenon of benefaction and public patronage in Roman Italy Ranging from the late republican period to the later Roman Empire the

contributions cover a wide range of topics including the impact of benefactions and benefactors on the urban development of Roman Italy on cultural and economic activity and **Slavery and Society at Rome** Keith R. Bradley, 1994-10-13 This book first published in 1994 is concerned with discovering what it was like to be a slave in the classical Roman world **Ancient Law, Ancient Society** Dennis P. Kehoe, Thomas McGinn, 2017-08-15 The essays composing *Ancient Law Ancient Society* examine the law in classical antiquity both as a product of the society in which it developed and as one of the most important forces shaping that society Contributors to this volume consider the law via innovative methodological approaches and theoretical perspectives in particular those drawn from the new institutional economics and the intersection of law and economics Essays cover topics such as using collective sanctions to enforce legal norms the Greek elite's marriage strategies for amassing financial resources essential for a public career defenses against murder charges under Athenian criminal law particularly in cases where the victim put his own life in peril the interplay between Roman law and provincial institutions in regulating water rights the Severan age Greek author Aelian's notions of justice and their influence on late classical Roman jurisprudence Roman jurists approach to the contract of mandate in balancing the changing needs of society against respect for upper class concepts of duty and reciprocity whether the Roman legal authorities developed the law exclusively to serve the Roman elite's interests or to meet the needs of the Roman Empire's broader population as well and an analysis of the *Senatus Consultum Claudianum* in the Code of Justinian demonstrating how the late Roman government adapted classical law to address marriage between free women and men classified as *coloni* bound to their land In addition to volume editors Dennis P. Kehoe and Thomas A. J. McGinn contributors include Adriaan Lanni Michael Leese David Phillips Cynthia Bannon Lauren Caldwell Charles Pazdernik and Clifford Ando **The Young Against the Old** L.L. Welborn, 2018-03-07 The so called First Epistle of Clement has long intrigued historians of early Christianity It responds to a crisis in the Corinthian church by enjoining an ethic of subordination especially to the *presbyteroi* and *episkopoi* but the exact nature of that conflict has eluded scholars L. L. Welborn sets out a clear methodology for reconstructing the historical situation behind the letter then examines the conventions of its deliberative rhetoric its blending of citations from the Old Testament and Paul's letters and its reliance on *topoi* from Greco-Roman civic discourse He then presents a compelling argument for the letter's occasion First Clement assails a revolt among the youth against their elders invoking epithets and characterizations that were as Welborn demonstrates at length common in political discourse supporting the status quo At length Welborn proposes two possible scenarios for the precise nature of the revolt in Corinth a revolt possibly inspired by memories of the apostle Paul and details the replacement of a Pauline ethic with a strict code of subordination
