Jelen, Christoph Thonfeld, 2025-02-13 This book arises out of a long series of conversations about one of the most intriguing but still under researched aspects of testimony how the remembering and telling of an individual Holocaust survivor changes through time through shifting contexts and with increasing age It comes at this issue from an interdisciplinary perspective not with the intention to develop a synthetic method but to explore how different perspectives overlap conflict with or complement each other It sets its definition of testimony statement very broadly treating published texts video testimonies and fragmentary statements and publications as of equal interest without a hierarchy of value The book focuses on Olga Lengyel 1908-2001 She wrote a memoir about her imprisonment in Auschwitz first published in French in 1946 which was translated into English with modifications in 1947 and half a century later in 1998 she gave video testimony for the USC Shoah Foundation's Visual History Archive Her testimony is well known enough to have gained a public profile and to have attracted some scholarly attention but is not canonical Her work is internationally known having been translated and received in a number of languages and having been an inspiration for William Styron's bestseller *Sophie's Choice* This book provides a condensed critical resource on Lengyel's testimonies addressing matters of historical veracity of trauma of gender of memory and of genre in the transmission and reception of Holocaust testimonies over time and across cultures Forking Fantastic!
