Sorcery In Germany In The 15th Century:

Sorcery in Germany in the 15th Century Thomas Wright, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work.

Narratives of Sorcery and Magic, from the Most Authentic Sources Thomas Wright, 1852 **List of Works**
Relating to Witchcraft in Europe New York Public Library, 1911 **Witchcraft in Early Modern Germany** Anne Sophie Günzel, 2007-11 Seminar paper from the year 2004 in the subject History Europe Other Countries Middle Ages Early Modern Age grade English Grade 58% von 70% University of Nottingham School of History course Hauptseminar Gender and Society in Early Modern Europe language English abstract Witch hunting is seen as something pathological, a disease infecting like a plague the body of the communities in which it raged. 1 With these words the historian Bob Scribner described witchcraft and witch hunts. They are defined as something negative and pathological, and it is obvious that witchcraft could easily emerge because of the traditional beliefs rooted in the early modern society of Germany. Witchcraft and witch hunts emerged in this period and made the population susceptible to the carrying out of denunciation and elimination of innocent people. The population had been easily influenced by the authorities like magistrates and their fellow citizens. In the following discussion, witchcraft and witch hunts concerning the early modern Europe will be less prominent rather than the study about witchcraft and witch hunts in early modern Germany. In particular, the main focus will stress on the south of Germany because it was the centre of witchcraft and witch hunts. In addition to that, some examples will be mentioned to show special witchcraft and witch hunt cases. First, it will be examined how the term witch is defined, shown in a historical linguistic and an etymological way. Then, the two authors of the *Malleus maleficarum*² and their ideas about witches and witchcraft will be mentioned. In the fourth chapter, the social context shall be examined. In this passage, the accused shall be represented, and the reasons which led to their accusation. In the last chapter, the witch hunts in early modern Germany shall be represented. It keeps the question in what way the witch hunts increased during the early modern period and which reasons contributed to their decline. Further, *Killing Women - Gender, Sorcery, and Violence in Late Medieval Germany* James Mitchell, 2010-11 Seminar paper from the year 2008 in the subject Art Art Theory General grade A San Francisco State University language English abstract In this essay, we will examine in detail the process by which witchcraft became deliberately and definitively feminized in fifteenth-century Germany, and we will also show how contemporary artists of the time made use of the prevailing popular notions about witches to depict them in accordance with the evil old woman archetype. We will also see how these women subjects became eroticized through their depiction as young seductresses and as participants in diabolical sexual extravaganzas of various kinds. Finally, we will show how the witchcraft fright presented the same artists with the

opportunity of illustrating women in sexually suggestive not to say pornographic poses made publicly permissible and even fashionable for the first time in the history of German art **Narratives of Sorcery and Magic** Thomas Wright,1851

Bulletin of the New York Public Library New York Public Library,1911 Includes its Report 1896 19 **Studies on Western Esotericism in Central and Eastern Europe** Nemanja Radulović,Karolina Maria Hess,2019-06-01 These papers examine how occult and esoteric themes appear in visual and verbal media connecting to intellectual history literature the arts present day pop culture and religious practices The topics range from the witchcraft motives in the love poetry of the 15th century Humanist poet Conrad Celtis through the activities of Polish and Russian theosophists Croatian Greek Polish painters of the spiritual the philosophy of wine by the Hungarian esoteric philosopher B la Hamvas to contemporary Serbian magic and neo shamanism Two studies touch upon the influence of Freemasonry and the Kabbalah in Western esotericism and although these are not specifically Central European topics they provide parallel perspectives to what the other papers of the collection are investigating The Oxford History of Witchcraft and Magic Owen Davies,2023-01-24 Histories you can trust This history provides a readable and fresh approach to the extensive and complex story of witchcraft and magic Telling the story from the dawn of writing in the ancient world to the globally successful Harry Potter films the authors explore a wide range of magical beliefs and practices the rise of the witch trials and the depiction of the Devil worshipping witch The book also focuses on the more recent history of witchcraft and magic from the Enlightenment to the present exploring the rise of modern magic the anthropology of magic around the globe and finally the cinematic portrayal of witches and magicians from The Wizard of Oz to Charmed and Buffy the Vampire Slayer *History of the German people at the close of the middle ages* Johannes Janssen,1886 The London Journal: and Weekly Record of Literature, Science, and Art ,1846

The Oxford Handbook of Witchcraft in Early Modern Europe and Colonial America Brian P. Levack,2013-03-28 A collection of essays from leading scholars in the field that collectively study the rise and fall of witchcraft prosecutions in the various kingdoms and territories of Europe and in English Spanish and Portuguese colonies in the Americas Pastoral Care and Community in Late Medieval Germany Deeana Copeland Klepper,2022-12-15 Pastoral Care and Community in Late Medieval Germany explores how local religious culture was constructed in medieval European Christian society through close study of a set of neglected late fourteenth century manuscripts The Mirror of Priests is a pastoral work written by Albert an Augustinian canon from the Bavarian market town of Diessen to guide local priests in their work with parishioners Multiple versions of the text in Albert s own hand survive and by comparing them Deeana Copeland Klepper shows how ostensibly universal religious ideals and laws were adapted interpreted and repurposed by those given responsibility to implement them thereby crafting distinctive local expressions of Christianity The vision of Christian community that emerges from Albert s pastoral guide is one in which the messiness of ordinary life is evident Albert s imagined parish was marked out by geographic and legal boundaries property and jurisdictional rights tithes and sacramental responsibility as well as

symbolic realities By situating the Mirror of Priests within Albert s physical and conceptual spaces Klepper affirms the centrality of the parish and its community for those living under the rubric of Christianity especially outside of large cities Pivoting between the materiality of texts and the sociocultural contexts of an overlooked manuscript tradition Pastoral Care and Community in Late Medieval Germany offers fresh insights into the role of parish priests the pastoral manual genre and late medieval religious life

The Building of Britain and the Empire ... Henry Duff Traill,1909 Social England: 1509-1603 Henry Duff Traill,1902 From the accession of Henry the Eighth to the death of Elizabeth Henry Duff Traill,James Saumarez Mann,1909 **1509-1603** Henry Duff Traill,James Saumarez Mann,1909 **Social England** Henry Duff Traill,James Saumarez Mann,1909 **Witchcraft, Madness, Society, and Religion in Early Modern Germany** H.C. Erik Midelfort,2024-10-28 H C Erik Midelfort has carved out a reputation for innovative work on early modern German history with a particular focus on the social history of ideas and religion This collection pulls together some of his best work on the related subjects of witchcraft the history of madness and psychology demonology exorcism and the social history of religious change in early modern Europe Several of the pieces reprinted here constitute reviews of recent scholarly literature on their topics while others offer sharp departures from conventional wisdom A critique of Michel Foucault s view of the history of madness proved both stimulating but irritating to Foucault s most faithful readers so it is reprinted here along with a short retrospective comment by the author Another focus of this collection is the social history of the Holy Roman Empire where towns peasants and noble families developed different perceptions of the Protestant and Catholic Reformations and of the options the religious revolutions of the sixteenth century offered Finally this collection also brings together articles which show how Freudian psychoanalysis and academic sociology have filtered and interpreted the history of early modern Germany
