William Loader, 2022-02-16 This volume brings together essays on John and Hebrews by William R G Loader Beside his monographs on John and Hebrews are numerous contributions to journals conference volumes and Festschriften of which a representative selection is gathered here into a single volume They discuss how these writings portray Jesus and his significance and deal with continuity and discontinuity with Israel s tradition as well as address the ethical issues which these texts raise and also evoke Good News for the Disinherited Alonzo Johnson, 1997 This book examines the meaning of Jesus humanity his divinity and the special significance of his teachings to the poor and the oppressed The discussion of these issues is shaped around the theology of Howard Thurman 1900 1981 one of the greatest religious thinkers of his generation It is the only such work which thoroughly defines Thurman s significance as an African American folk theologian who both adopts and transcends his religious heritage Thurman is depicted as a folk theologian who both perpetuates and transforms African American folk religion The core of Thurman s theology revolves around his reinterpretation of the meaning of the concept of humanity and divinity The search for a Black Christ black messiah has been a prominent feature of African American religious thought in the past two centuries This book addresses Thurman s treatment of Jesus within the ebb and flow of the debates in this area This is the first work devoted exclusively to the subject of Christology as the center of Thurman s theology **What Does it Mean to Be Saved?** John G. Anyone Can Be Saved David L. Allen, Eric Hankins, Adam Harwood, 2016-09-15 *Anyone Can Be Saved* articulates a biblical theological explanation of the doctrine of salvation in light of the rise of Calvinistic theology among Southern Baptist churches in the United States Ten scholars pastors and leaders advocate for the ten articles of the Traditional Statement by appealing to Scripture the Baptist Faith and Message and a variety of biblical theological and philosophical writings Although many books address the doctrine of salvation these authors consciously set aside the Calvinist Arminian presuppositions that have framed this discussion in western theology for centuries The contributors are unified in their conviction that any person who hears the gospel can be saved a view that was found among earlier Baptists as well as other Christian groups today This book is not meant to be the final word on Southern Baptist soteriology but is offered as a peaceable contribution to the wider conversation on the doctrine of salvation

Heralds of the Good News J. Ross Wagner, 2014-04-09 In this text critical literary and theological investigation of Paul's interpretation of Isaiah in Romans it is argued that Paul's citations and allusions evince sustained and careful attention to significant portions of Isaiah in concert with other scriptural voices Through a radical rereading of Isaiah Paul appropriates these prophetic oracles as prefigurations of his own mission to Gentiles while simultaneously appealing to Isaiah as a witness to God's continuing fidelity to Israel The book examines each of Paul's citations and allusions to Isaiah situating them both within the milieu of early Jewish interpretive practices and within the context of Paul's unfolding argument in Romans This volume contributes to the current debate about early Christian interpretation of scripture by tracing the complex and dynamic interrelationship in Paul's letter of Scripture theology and mission This publication has also been published in paperback please click here for details
