The Art Dealer's Apprentice David Guenther, 2024-03-05 The Art Dealer's Apprentice tells the story of how the author moved to New York in 1989 as a young Midwesterner found a job at an Upper East Side gallery and became the protégé of Carla Panicali an Italian countess and major international art world figure From Carla an extraordinary woman whom he deeply admired the author learned to navigate the treacherous waters of authenticity power and money in the art business and his own life As gallery director he gradually piloted the gallery through a sea of fakes frauds and unscrupulous colleagues competitors collectors and experts until the art market crashed and in the ensuing crisis in the increasingly money driven art world of the 1990s he came to question even the authenticity of his friendship with Carla In The Art Dealer's Apprentice the author recounts how he learned the New York art business from the inside including the roles of dealers auction houses runners collectors and experts the personal histories of famous artists and the art historical importance and salability of their work and how paintings and sculptures were or were not authenticated and sold often based surprisingly on factors having little to do with the artwork itself The author also details how international business was done in some cases through illicit transport of artworks payoffs to experts and Swiss bank accounts Increasingly disillusioned the author ultimately concludes that by the early 1990s the art business was no longer really about art Made in Formani ,1990

The Art of the Steal Christopher Mason, 2005-05-03 The Art of the Steal tells the story of several larger than life figures the billionaire tycoon Alfred Taubman the most powerful woman in the art world Dede Brooks and the wily British executive Christopher Davidge who conspired to cheat their clients out of millions of dollars It offers an unprecedented look inside this secretive glamorous gold plated industry describing just how Sotheby's and Christie's grew from clubby aristocratic businesses into slick international corporations And it shows how the groundwork for the most recent illegal activities was laid decades before the perpetrators were caught by federal prosecutors **Subject Guide to Books in Print** ,2001

New York Magazine ,1990-11-19 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Twenty-First Century Marianne Moore Elizabeth Gregory, Stacy Carson Hubbard, 2017-12-07 This collection represents a new range of critical awareness and marks the burgeoning of what is a twenty first century Marianne Moore renaissance The essays explore Moore's participation in modernist movements and communities her impact on subsequent generations of artists and the dynamics of her largely disregarded post World War II career At the same time they track the intersection of the evolution of her poetics with cultural politics across her career Drawing on fresh perspectives from previously unknown biographical material and new editions and archives of Moore's work the essays offer

particularly interesting insights on Moore's relationships and her late career role as a culture icon *The Market for Mesoamerica* Cara G. Art and Merchandise in Keith Haring's Pop

Shop Amy Raffel, 2020-12-30 As one of the first academic monographs on Keith Haring this book uses the Pop Shop a previously overlooked enterprise and artist merchandising as tools to reconsider the significance and legacy of Haring's career as a whole Haring developed an alternative approach to both the marketing and the social efficacy of art he controlled the sales and distribution of his merchandise while also promulgating his belief in accessibility and community activism He proved that mass produced objects can be used strategically to form a community and create social change Furthermore looking beyond the 1980s into the 1990s and 2000s Haring and his shop prefigured artists emerging self aware involvement with the mass media and the art world's growing dependence on marketing and commercialism The book will be of interest to scholars or students studying art history consumer culture cultural studies media studies or market studies as well as anyone with a curiosity about Haring and his work the 1980s art scene in New York the East Village street art art activism and art merchandising
