Soul Searching the Millennials L. David Overholt, James Penner, 2002 *Mission and Evangelism in a Secularizing World* Narry F. Santos, Mark Naylor, 2019-02-14 Secularization as a movement away from a religious orientation to life is strong in Canada and has influence worldwide In this volume missiologists and practitioners across Canada consider how an agenda of Christian mission and evangelism can be advanced in a secularizing environment How can believers be curious and engaged rather than defensive and fearful What changes are required from the evangelical community so that there is productive dialogue and action in ways that maintain faithfulness to the cause of Christ What should the approach of mission be to a new generation steeped in secular narratives How do we answer negative caricatures of Christian mission in light of the history of Residential Schools What examples from the past teach us about developing an irenic approach What positive trends are currently evident in Canada and around the world that counter the secularizing narrative These questions and more are considered in this volume by Canadian scholars who recognize the importance of being relevant to society while maintaining integrity with the Gospel message The essays address secularism in Canadian and worldwide contexts with seriousness insight and an underlying theme of hope recognizing that God's mission has been accomplished is being accomplished and will be accomplished **Soul Searching the Millennial Generation** L. Networks for Faith Formation Steve Emery-Wright,Ed Mackenzie,2017-05-19 The spiritual formation of young people can often focus on encouraging their personal spiritual practices and perhaps linking them to a local youth group While both are important Networks for Faith Formation argues that a far wider set of relationships are needed to help faith grow The aim of Networks for Faith Formation is to describe and commend eight key networks relational bonds that nurture and nourish faith The eight networks are bedroom practices personal faith church family friends mentors small groups events and gatherings and mission and service The description of each network draws on biblical studies practical theology and the social sciences and practical ideas for helping young people engage with such networks are included throughout the book In a context where some overlook the complexity of spiritual formation Networks for Faith Formation is an important resource for church leaders youth ministers and parents seeking to help young people grow in faith Since relational bonds are key for people of any age it can also help all within the church understand the need for relationships in spiritual growth
