Soulfull Worship Clarence Joseph Rivers, 1974 **Let It Shine!** Mary E. McGann, R.S.C.J., 2009-08-25 *Let It Shine* probes the distinctive contribution of black Catholics to the life of the American church and to the unfolding of lived Christianity in the United States. This important book explores the powerful spiritual renaissance that has marked African American life and self-understanding over the last several decades by examining one critical dimension: the forging of new expressions of Catholic worship rooted in the larger Catholic tradition yet shaped in unique ways by African American religious culture. Starting with the 1960s, the book traces the dynamic interplay of social change, cultural awakening, and charismatic leadership that have sparked the emergence of distinctive styles of black Catholic worship. In their historical overview, McGann and Eva Marie Lumas chronicle the liturgical and pastoral issues of a black Catholic liturgical movement that has transformed the larger American church. McGann then examines the foundational vision of Rev. Clarence R. J. Rivers, who promoted forms of black worship, music, preaching, and prayer that have enabled African American Catholics to reclaim the fullness of their religious identity. Finally, Harbor constructs a black Catholic aesthetic based on the theological, ethical, and liturgical insights of four African American scholars, expressed through twenty-three performative values. This liturgical aesthetic illuminates the distinctive gift of black Catholics to the multicultural tapestry of lived faith in the American church and can also serve as a pastoral model for other cultural communities. Blending history, theology, and liturgy, *Let It Shine* is a valuable resource for scholars, teachers, and students, and a practical pastoral guide to bringing African American spirituality more firmly into the sacramental life of American parishes.

Uncommon Faithfulness Mary Shawn Copeland, LaReine-Marie Mosely, Albert J. Raboteau, 2009. An engaging study of black Catholics, their contributions to the Catholic church, and the challenges they face. These essays describe the experience of black Catholics in this country since their arrival in North America in the sixteenth century until the present day. The essays highlight the difficulties black Catholics faced in their early attempts to join churches and enter religious communities, their participation in the civil rights struggle, and the challenges they face today as they seek full inclusion in the church, whether in terms of liturgical practice or pastoral ministry.

Black Hymnody Jon Michael Spencer, 1992 *A Precious Fountain* Mary E. McGann, 2015-11-20. *A Precious Fountain* is a work of liturgical ethnography that probes the rich liturgical life of one worshipping community whose roots and practices are at once Black and Catholic, using music as a primary lens through which to explore the community's liturgy and embodied theology. Our Lady of Lourdes community in San Francisco is part of a larger event in the American church: the emergence of a new paradigm of Catholic worship, one that is authentically Black and truly Catholic. Mary E. McGann, RSCJ, describes how the music worship of Our Lady of Lourdes in San Francisco not only enriches that community but also is an example of how a theology of music is practiced in that parish. She offers this new genre of liturgical literature that brings to light how God's Spirit is working in the churches through the idioms, perceptions, and insights of specific ethno-cultural communities in this

Families Thea Bowman,1985 *Desegregating Dixie* Mark Newman,2018-10-04 Winner of the 2020 American Studies Network Book Prize from the European Association for American Studies Mark Newman draws on a vast range of archives and many interviews to uncover for the first time the complex response of African American and white Catholics across the South to desegregation In the late nineteenth and first half of the twentieth century the southern Catholic Church contributed to segregation by confining African Americans to the back of white churches and to black only schools and churches However in the twentieth century papal adoption and dissemination of the doctrine of the Mystical Body of Christ pressure from some black and white Catholics and secular change brought by the civil rights movement increasingly led the Church to address racial discrimination both inside and outside its walls Far from monolithic white Catholics in the South split between a moderate segregationist majority and minorities of hard line segregationists and progressive racial egalitarians While some bishops felt no discomfort with segregation prelates appointed from the late 1940s onward tended to be more supportive of religious and secular change Some bishops in the peripheral South began desegregation before or in anticipation of secular change while elsewhere especially in the Deep South they often tied changes in the Catholic churches to secular desegregation African American Catholics were diverse and more active in the civil rights movement than has often been assumed While some black Catholics challenged racism in the Church many were conflicted about the manner of Catholic desegregation generally imposed by closing valued black institutions Tracing its impact through the early 1990s Newman reveals how desegregation shook congregations but seldom brought about genuine integration
