persons of goodwill find sufficient common ground to pull together and live into being a unifying ethos for humanity What will it take to build a nonviolent sustainable world upon foundations of lovingkindness compassion cooperation and social justice It has becoming increasingly clear that there can be no real peace in the world until there is peace within and between religions It is encouraging in this regard to witness increased participation among the faith traditions in interfaith dialogue Harbingers of positive change include the new interspiritual movement which attracts people from a wide range of perspectives and highlights a growing awareness that the basic core of spiritual experience emerges from the same wellspring s We sincerely hope that Let There Be Light can help contribute to thoughtful questioning appreciative listening and openhearted dialogue as people with diverse origins come together to share their spiritual journeys with each other
