Social Focus On The Unemployed:

Social Focus on the Unemployed John Pullinger, Carol Summerfield, Allan Smith, 1998 *Social Focus on the Unemployed* is the fifth in a series of publications which brings together unemployment statistics from a wide variety of sources to paint a picture of different groups of people in British society This edition looks at unemployed people in the United Kingdom and the experience of unemployment both economically and socially for the individual their household and their family *Social Focus on the Unemployed* contains commentary tables charts and maps covering the following topics structure focus groups households macro risks and solutions micro risks and solutions unemployment experiences income expenditure homes social impact of unemployment and health

The Cambridge Handbook of Social Problems: A. Javier Treviño, 2018-03-22 The introduction of the Affordable Care Act in the United States the increasing use of prescription drugs and the alleged abuse of racial profiling by police are just some of the factors contributing to twenty first century social problems The Cambridge Handbook of Social Problems offers a wide ranging roster of the social problems currently pressing for attention and amelioration Unlike other works in this area it also gives great consideration to theoretical and methodological discussions This Handbook will benefit both undergraduate and graduate students eager to understand the sociology of social problems It is suitable for classes in social problems current events and social theory Featuring the most current research the Handbook provides an especially useful resource for sociologists and graduate students conducting research

Seven Social Movements That Changed America Linda Gordon, 2025-03-04 A brilliantly conceived and provocative work from an award winning historian that examines how seven twentieth century social movements transformed America How do social movements arise wield power and bring about meaningful change Renowned scholar Linda Gordon investigates these and other salient questions in this visionary cautionary timely and utterly necessary book Nicole Eustace narrating how some of America's most influential twentieth century social movements transformed the nation Beginning with the turn of the century settlement house movement the book compares Chicago's celebrated Hull House begun by privileged women to a much less well known African American project Cleveland's Phillis Wheatley House begun by a former sharecropper Expanding her highly praised book *The Second Coming of the KKK* the second chapter shows how a northern Klan became a mass movement in the 1920s Contrary to what many Klan opponents thought this KKK was a middle class organization its members primarily urban and well educated In the 1930s the KKK gave birth to dozens of American fascist groups small but extremely violent Profiles of two other 1930s movements follow the Townsend campaign for old age insurance named for its charismatic leader Dr Francis Townsend It created the public pressure that brought us Social Security which was considered radical at the time as was the movement to bring about federal unemployment aid for millions Proceeding to the 1955 1956 Montgomery bus boycott which jump started the career of Martin Luther King Jr the narrative shows how the city's entire Black population refused to ride segregated buses initiated by Black women their years long hard fought victory inspired the

civil rights movement Gordon then examines the 1970s farmworkers struggle led by Cesar Chavez and made possible by the work of tens of thousands of the primarily Mexican American farmworkers Together they built the United Farm Workers Union winning better wages and working conditions for some of the country's poorest workers The book concludes with the dramatic stories of two Boston socialist feminist groups Bread and Roses and the Combahee River Collective which influenced the whole women's liberation movement Throughout the work Gordon concentrates not on ideologies but on how millions of grassroots activists strategized and changed the United States Separately and together these seven narratives bring to life the creativity and hard work of social movements and in doing so reveal how they have been central to American history in stories that reverberate with today's political activism

The Transformation of British Life, 1950-2000

Andrew Rosen, 2003 This book should be of use to undergraduates reading modern British history as well as students of modern British culture and society

Social Movement Studies in Europe Olivier Fillieule, Gyu Accornero, 2016-03-01

Bringing together over forty established and emerging scholars this landmark volume is the first to comprehensively examine the evolution and current practice of social movement studies in a specifically European context While its first half offers comparative approaches to an array of significant issues and movements its second half assembles focused national studies that include most major European states Throughout these contributions are guided by a shared set of historical and social scientific questions with a particular emphasis on political sociology thus offering a bold and uncommonly unified survey that will be essential for scholars and students of European social movements

The Social Legitimacy of Targeted Welfare

Wim van Oorschot, Femke Roosma, Bart Meuleman, Tim Reeskens, 2017-09-29 This book addresses new perspectives on the perceived popular deservingness of target groups of social services and benefits offering new insights and analysis to this quickly developing field of welfare attitudes research It provides an up to date state of the art in terms of concepts theories research methods and data The book offers a multi disciplinary view on deservingness attitudes with contributions from sociology political science media studies and social psychology It links up with central welfare state debates about the allocation of collective resources between groups with particular needs and wider categories of need

Guide to Official Statistics Great Britain. Central Statistical Office, 2000

Capability-Promoting Policies Hans-Uwe Otto, Melanie

Walker, Holger Ziegler, 2017-11-08 Most current social welfare policies aim to ameliorate immediate problems or injustices but they do little to foster human development or support the potential of people within marginalized communities How can we more effectively use public policy to foster human development How can we overcome the injustice of contemporary society and give people across the social and class spectrum equal opportunities to flourish Capability Promoting Policies offers case studies and analyses of a number of different existing approaches to these questions presenting newly conceptualized strategies for developing and implementing effective policies for fostering human development at the local national and international levels

Social Work, Social Welfare, Unemployment and Vulnerability Among Youth

Vibeke Bak Nielsen, Petra Malin, Ilse Julkunen, Lars Uggerhøj, 2022-05-23 *Social Work Social Welfare Unemployment and Vulnerability Among Youth* critically analyses contemporary welfare state interventions on unemployment and poverty among youth in a context of societal transformation It also considers how we can develop future knowledge and methods in evolving welfare institutions Young people constitute a group that is particularly exposed to high unemployment identity and future uncertainties economic difficulties and educational and housing challenges Experiences from social work and research have shown that young people often face multiple issues which are often interlinked In social work this is a challenge owing to little knowledge on the most pressing needs of different groups seen from the perspective of young people themselves The authors focus on the tension points in practice and examine policy developments around young people and welfare dynamics based on discussions and research in the Nordic countries and beyond In doing so this book connects research based knowledge with the challenges social workers meet in their everyday practices It will be of interest to all scholars students and professionals working within the following fields social work social policy child and youth studies and sociology

Age Discrimination John Macnicol, 2006-01-12 Age discrimination is a highly topical issue in all industrialised societies against a background of concerns about shortening working lives and ageing populations in the future Based upon detailed research and adopting an interdisciplinary approach this unique study traces the history of the age discrimination debate in Britain and the USA since the 1930s It critically analyses the concepts of ageism in social relations and age discrimination in employment Case studies on generational equity and health care rationing by age are followed by an analysis of the British government's initiatives against age discrimination in employment The book then traces the history of the debate on health status and old age addressing the question of whether working capacity has improved sufficiently to justify calls to delay retirement and extend working lives It concludes with a detailed examination of the origins and subsequent working of the USA's 1967 Age Discrimination in Employment Act

The Student's Companion to Social Policy Pete Alcock, Tina Haux, Margaret May, Sharon Wright, 2016-06-17 This fully updated and expanded edition of the bestselling *Student's Companion to Social Policy* charts the latest developments research challenges and controversies in the field in a concise authoritative format Provides students with the analytical base from which to investigate and evaluate key concepts perspectives policies and outcomes at national and international levels Features a new section on devolution and social policy in the UK enhanced discussion of international and comparative issues and new coverage of nudge based policies austerity politics sustainable welfare working age conditionality social movements policy learning and transfer and social policy in the BRIC countries Offers essential information for anyone studying social policy from undergraduates on introductory courses to those pursuing postgraduate or professional programmes Accompanied by updated online resources to support independent learning and skill development with chapter overviews study questions guides to key sources and career opportunities a key term glossary and more Written by a team of experts working at the forefront of social policy

Sourcebook on the

Foundations of Social Protection Delivery Systems Kathy Lindert, Tina George Karippacheril, Inés Rodríguez Caillava, Kenichi Nishikawa Chávez, 2020-10-29 The Sourcebook on the Foundations of Social Protection Delivery Systems synthesizes real world experiences and lessons learned of social protection delivery systems from around the globe It takes a broad view of social protection covering various intended populations such as poor or low income families unemployed workers persons with disabilities and individuals facing social risks It discusses many types of interventions that governments provide to individuals families or households including categorical programs poverty targeted programs labor benefits and services disability benefits and services and social services The Sourcebook seeks to address concrete how to questions including How do countries deliver social protection benefits and services How do they do so effectively and efficiently How do they ensure dynamic inclusion especially for the most vulnerable and needy How do they promote better coordination and integration not only among social protection programs but also among programs in other parts of government How can they meet the needs of their intended populations and provide a better client experience The delivery systems framework elaborates on the key elements of that operating environment The framework is anchored in core implementation phases along the delivery chain Key actors including people and institutions interact all along that delivery chain Those interactions are facilitated by communications information systems and technology This framework can apply to the delivery of one or many programs and to the delivery of adaptive social protection The Sourcebook structures itself around eight key principles that can frame the delivery systems mind set 1 There is no single blueprint for delivery systems but there are commonalities and those common elements constitute the core of the delivery systems framework 2 Quality of implementation matters and weaknesses in any of the core elements will negatively affect the entire system reducing the impacts of the program s they support 3 Delivery systems evolve over time in a nonlinear fashion and their starting points matter 4 Efforts should be made to keep it simple and to do simple well from the start 5 The first mile people s direct interface with administrative functions is often the weakest link in the delivery chain improving it may take systemic change but will greatly improve overall efficiencies and mitigate the risk of failures on the frontlines 6 Social protection programs do not operate in a vacuum and thus their delivery systems should not be developed in silos synergies across institutions and information systems are possible and can improve program outcomes 7 Social protection delivery systems can contribute more broadly to government s ability to serve other sectors such as health insurance subsidies scholarships social energy tariffs housing benefits and legal services 8 The dual challenges of inclusion and coordination are pervasive and perennial and encourage the continuous improvement of delivery systems through a dynamic integrated and human centered approach

Combating Poverty in Europe Gerhard Bäcker, 2018-01-18 Title first published in 2003 This informative volume addresses the impact of the EU on national policies to combat poverty in European member states The editors bring together leading academics to discuss the issue of and fight against poverty in Germany in particular within the context of ongoing trends and debates across other

European states **OECD Reviews on Local Job Creation Regional Economic Inactivity Trends in Poland**

OECD,2021-10-21 Despite its rapid economic growth over the past decades Poland s economic inactivity rate remains above the OECD average and regional differences in labour force participation persist This report sheds light on the drivers of economic inactivity across Polish regions and analyses them in light of both individual and structural factors associated with labour force participation Social Innovations in the Urban Context Taco Brandsen,Sandro Cattacin,Adalbert

Evers,Annette Zimmer,2016-04-05 This book addresses the practice of social innovation which is currently very much in the public eye New ideas and approaches are needed to tackle the severe and wicked problems with which contemporary societies are struggling Especially in times of economic crisis social innovation is regarded as one of the crucial elements needed to move forward Our knowledge of its dynamics has significantly progressed thanks to an abundance of studies on social innovation both general and sector specific However despite the valuable research conducted over the past years the systematic analysis of social innovation is still contested and incomplete The questions asked in the book will be the following 1 What is the nature of social innovations 2 What patterns can be identified in social innovations emerging at the local level 3 How is the emergence and spread of social innovations related to urban governance More precisely which conditions and arrangements facilitate and hinders social innovation We explore these questions using different types of data and methods and studying different contexts In particular we focus on innovations that aim at solving problems of the young unemployed single parents and migrants This analysis is based on original research carried out in the period 2010 2013 in the framework of a European project with a specific empirical research strategy Research was carried out in 20 cities in 10 different

European countries **Social Enterprise in Western Europe** Jacques Defourny,Marthe Nyssens,2021-04-12 In the last two decades the quest for a widely accepted definition of social enterprise has been a central issue in a great number of publications The main objective of the ICSEM Project on which this book is based was to show that the social enterprise field would benefit much more from linking conceptualisation efforts to the huge diversity of social enterprises than from an additional and ambitious attempt at providing an encompassing definition Starting from a hypothesis that could be termed the impossibility of a unified definition the ICSEM research strategy relied on bottom up approaches to capture the social enterprise phenomenon in its local and national contexts This strategy made it possible to take into account and give legitimacy to locally embedded approaches while simultaneously allowing for the identification of major social enterprise models to delineate the field on common grounds at the international level Social Enterprise in Western Europe the third volume in a series of four ICSEM based books on social enterprise worldwide will serve as a key reference and resource for teachers researchers students experts policy makers journalists and others who want to acquire a broad understanding of the social enterprise and social entrepreneurship phenomena as they emerge and develop in this region The Social Impact of the Asia Crisis Tran Van Hoa,2000-11-30 Over the past two years the world has been preoccupied with the Asia crisis its

contagion and its economic impact The social dimension of the turmoil has only recently become the point of focus for debates and investigations by national and international organizations This book is the first serious academic contribution to this important dimension and contains extensive research sound analysis and concise presentation by national and international experts on such issues as poverty education training health nutrition and employment for a number of major economies in Asia and Oceania affected by the crisis

Reviving and Re-Writing Ethics in Social Research For Commoning the Community Chowdhury, Jahid Siraz,Vadevelu, Kumarashwaran,Hatta, Zulkarnain A.,Ashraf, Mahfuz,Bhaumik, Amiya,2024-03-05 In the continuously changing field of social sciences ethical considerations in anthropological studies pose unprecedented challenges The book *Reviving and Re Writing Ethics in Social Research For Commoning the Community* embarks on a transformative journey moving beyond historical analysis to address pressing contemporary questions about the norms governing anthropological study Who guards the guardians What ethical challenges does the modern era pose for anthropological sciences These are the critical questions explored in this comprehensive exploration of the ethical landscape of social research As the ethical foundations of social research shift with political intellectual and societal changes there is a pressing need to reassess the purpose of anthropological knowledge and the responsibility of researchers towards the communities they study The book raises vital concerns about the evolving nature of ethical considerations challenging traditional notions of ethical research It highlights the ethical and axiological dilemmas faced by anthropologists in the modern era emphasizing the need for a more community centric approach that actively benefits the studied communities

Economic Crisis, Quality of Work, and Social Integration Duncan Gallie,2013-09-12 The quality of working life has been central to the sociological agenda for several decades and has also been increasingly salient as a policy issue and for companies This book breaks new ground in the study of the quality of work by providing the first rigorous comparative assessment of the way it has been affected by the economic crisis It examines the implications of the crisis on developments in skills and training employees control over their jobs and the pressure of work and job security It also assesses how changing experiences at work affect people s lives outside of work the risks of work life conflict the motivation to work personal well being and attitudes towards society The book draws on a rich new source of evidence the European Social Survey to provide a comparative view over the period 2004 to 2010 The survey provides evidence for countries across the different regions of Europe and allows for a detailed assessment of the view that institutional differences between European societies in terms of styles of management social partnership practices and government policies lead to very different levels of work quality and different experiences of the crisis This comparative aspect will thus forward our understanding of how institutional differences between European societies affect work experiences and their implications for non work life

The Politics of Social Cohesion in Germany, France and the United Kingdom Jan Dobbernack,2016-04-30 Across Europe the protection of social cohesion has become an important political objective This book draws attention to the connection

between the cohesive society and the active society It explores France Germany and the United Kingdom and challenges the claim that the active conduct of problematic populations can save society from collapse
