Why Fly That

Way? Linking Community and Academic Achievement Kathy Greeley, 2018-08-17 Crucial to the current public debate about schools curriculum testing academic standards and teacher training are the voices of successful teachers like Kathy Greeley who speak to the dangers of an overemphasis on standardized testing and a punitive back to basics approach In this captivating and lively chronicle of a year in the life of a public school classroom Greeley provides an alternative model of education and shows how a strong and supportive community is essential in helping students reach their highest potential Included in her account are Specific projects that explain in detail critical practices in the classroom Class discussions that show efforts to interweave academic study with personal awareness Excerpts from student journals An honest and full description of daily failures and frustrations as well as successes and victories While individuals remote from classrooms continue to dictate educational policy for the nation gritty brigades of teachers across America continue their heroic efforts day by day Kathy Greeley one of the best teachers of young adolescents tells a dramatic story of curriculum and community a story that is never told by policymakers but which must be heard and retold if we are to have quality education for all children Howard Gardner Harvard Graduate School of Education With humility insight and humor Kathy Greeley tells us the story of a year in class with her lively kids and thereby shows us a way of learning and a kind of schooling that all American children deserve Theodore R Sizer Coalition of Essential Schools

The Development of Community Engagement from

Infancy to Adulthood Susan Henney, Justin Hackett, 2019-05-07 The Development of Community Engagement from Infancy to Adulthood uses a developmental perspective to trace how individuals develop the cognitive behavioral emotional and moral capacity to be actively engaged in their communities It also provides an analysis of the role of volunteerism and civic engagement in an era of social division shrinking budgets and shrinking services In order to support childhood and adolescent volunteerism we must understand how children become adults who volunteer a lot sometimes or not at all This book describes the development of volunteerism from theoretical empirical and practical viewpoints starting from the earliest development of empathy through the social institutions that help shape us to adolescence and young adulthood It concludes

with an analysis of modern ways to engage young citizens in social action In doing so it addresses the key question how can we encourage and support the development of the behaviors belief systems and ecologies that will lead to volunteerism and community involvement in our citizens With fresh and thought provoking arguments and insights this book will be of interest to all academics and students working within the fields of social work social services volunteer management applied social psychology community psychology service learning and sociology as well as non profit personnel and activists *Advances in Education Research* ,1998 **Handbook of Moral and Character Education** Larry Nucci,Tobias

Krettenauer,2014-04-24 There is widespread agreement that schools should contribute to the moral development and character formation of their students In fact 80% of US states currently have mandates regarding character education However the pervasiveness of the support for moral and character education masks a high degree of controversy surrounding its meaning and methods The purpose of this handbook is to supplant the prevalent ideological rhetoric of the field with a comprehensive research oriented volume that both describes the extensive changes that have occurred over the last fifteen years and points forward to the future Now in its second edition this book includes the latest applications of developmental and cognitive psychology to moral and character education from preschool to college settings and much more
