**Confronting Injustice and Oppression** David G. Gil, 2013-07-16 More urgent than ever David G Gil s guiding text gives social workers the knowledge and confidence they need to change unjust realities Clarifying the meaning sources and dynamics of injustice exploitation and oppression and certifying the place of the social worker in combating these conditions Gil promotes social change strategies rooted in the nonviolent philosophies of Mahatma Gandhi and Martin Luther King Jr He shares suggestions for transition policies intended to alleviate poverty unemployment and discrimination and examines modes of radical social

work practice compatible with the UN Universal Declaration of Human Rights and President Roosevelt's proposed Economic Bill of Rights. For this updated edition Gil considers the factors driving two crucial developments since his volume's initial publication: the Middle East's Arab Spring and the U.S. Occupy Wall Street movement. **Legal Issues in Social Work, Counseling, and Mental Health** Robert G. Madden, 1998-03-09 As a psychotherapist, what do you need to know about the law? How does the legal system support or fail to support your work or the delivery of mental health services generally? What can you do to make use of the law and the legal system to improve your practice and to protect yourself? Filling a significant gap in the social work and other psychotherapeutic literature, *Legal Issues in Social Work Counseling and Mental Health* presents clearly and comprehensively what mental health and other direct practice professionals need to know to respond to the legal issues that surround practice. This volume covers a wide range of topics including providing testimony, responding to subpoenas, dealing with an attorney influencing the legal system, and understanding the legal side of the business of psychotherapy. The author also discusses various direct practice and human service issues, incorporating some of the everyday legal issues these professionals encounter and using case material. The book educates counselors and clinicians on the function of the law in their professional lives. Through cases and case vignettes, the author illustrates the legal processes relevant to clinicians' professional lives and suggests alternative behaviors for clinicians that would satisfy legal requirements yet remain within sound practice. Helping to demystify the legal system, *Legal Issues in Social Work Counseling and Mental Health* will allow professionals and students in social work, human services, family studies, counseling, clinical psychology, pastoral counseling, and psychotherapy a better understanding of the law. **AIDS & Ethics** Frederic G. Reamer, 1991 Should a physician with AIDS be required to inform his or her patients? Does a physician have an obligation to warn the partner who wants this fact kept secret? Should all newborns and pregnant women be screened for HIV? Should insurance companies be required to insure patients who test positive for the disease? Professionals and society at large are confronted by a wide range of complex ethical issues produced by the AIDS health crisis. *AIDS and Ethics* is the first major collection of essays on the complex ethical issues created by the AIDS crisis. The nation's leading bioethics experts from the fields of law, medicine, philosophy, political science, religion, and social work present original and accessible essays. They address current controversial issues related to the tension between civil rights and public health: mandatory HIV testing, human subjects research, health care insurance, AIDS education, militant AIDS activism, the physician-patient relationship, issues of privacy, and legal issues. This important book will provide philosophical and practical guidelines to health care and human service professionals, policy makers, scholars, and others affected by the AIDS crisis. **Clinicians in Court** Allan Edward Barsky, 2012-03-19 This book has been replaced by *Clinicians in Court*, Third Edition, ISBN 978 1 4625 5332 7. **A Comprehensive Guide to Child Psychotherapy and Counseling** Christiane Brems, Christina H. Rasmussen, 2018-08-08 Christiane Brems, in collaboration with new coauthor Christina Rasmussen, introduces prospective and practicing clinicians to

theories and principles of applied clinical work with children ages three to twelve years The authors take an integrated approach to understanding children and their families using a biopsychosociocultural model for conceptualization and treatment planning Their methods are practical and compassionate as well as contextually grounded and individually tailored Chapters follow the logical development of clinicians mirroring the natural flow of work with children Coverage ranges from the importance of a beginning practitioner's introspection and of ethical and legal issues to a variety of intervention techniques and strategies and finally termination Case studies showcase individualized and mindful treatment for each child with whom a clinician works Outstanding Features of the Fourth Edition Essential attention to how clinicians self awareness can lead to positive therapeutic relationships with children and their families Thorough discussions of the biopsychosociocultural model for conceptualization and treatment planning Emphasis on intensive assessment prior to treatment planning to address the needs of each child and family A compelling practical exploration of mindfulness intervention with children The authors methodology addresses the profound effects of the larger environment and culture on children By adopting the authors integrated approach clinicians are better able to understand important and complicated aspects of a child's and family's life From there compassionate thoughtful and relevant intervention ensues *Field Experience* Naijian Zhang, Richard D. Parsons, 2015-02-11 A blueprint for doing clinical work in field experience *Field Experience* Transitioning from Student to Professional aids students in developing their professional identity on their journey toward becoming a counselor Authors Naijian Zhang and Richard D Parsons help students integrate the knowledge they learn across the curriculum by presenting a roadmap of how to start navigate and finish a practicum or internship Throughout the book coverage of CACREP standards case illustrations exercises and real life examples create an accessible overview of the entire transitioning process *Field Experience* is part of the SAGE Counseling and Professional Identity Series which targets specific competencies identified by CACREP Council for Accreditation of Counseling and Related Programs
