Women's Work Ellen Cole, Esther D Rothblum, Donna M Ashcraft, 2013-04-03 While most women s studies texts function topically as readings for courses and general use *Women s Work A Survey of Scholarship By and About Women* takes a broad spectrum of women s disciplines psychological artistic religious and philosophical and gives you a diverse interdisciplinary view of this important and ever expanding field of study in one accessible volume You ll see that women are leading the world into the twenty first century in such areas as education business health and science You ll also find your appreciation for the

current developments in women's studies increase as you see how far reaching and multifaceted this crucial discipline really is. *Women's Work* avoids the compilations of topical readings that tend to bog down typical women's studies courses and explores the different disciplines that continue to make this field central to the development of the academic world community. You'll find your perspective on women's studies expand and take on new meaning as you delve into these and other areas: feminist approaches to research the lack of women in science and feminist critiques of science; women and health psychology and discussions on sex differences, sex similarities and gender roles; communication differences between men and women; women in literature, art history and metaphysics; Judeo-Christian religions and goddess religions. This comprehensive compendium has something for everyone interested in the massive contribution that women have made and will continue to make in all areas of human development. All readers, especially women's studies scholars, professors, students and informed members of the general public looking for an excellent up to date resource concerning the general direction of feminist disciplines today will definitely want a copy of *Women's Work*. **Tourism, Ethnic Diversity and the City** Jan

Rath, 2007-05-07 Informative and enlightening Rath fills a gap in existing research in terms of how immigration relates to urban tourism and investigates the new theoretical insights using revealing international case studies. [Britain's Cities](#)

Michael Pacione, 2002-11-01 Uneven distribution of life is a dominant feature of the city. Major social, economic and spatial divisions are apparent in terms of income and wealth, health, crime, housing and employment. This text offers an introduction to current processes of urban restructuring, geographies of division and contemporary conditions within the city. The geography of Britain's cities is the outcome of interaction between a host of public and private economic, social and political forces operating at a variety of spatial scales from the global to the local. A deeper understanding of the nature of urban division and of the problems of and prospects for local people and places in urban Britain must be grounded in an appreciation of the structural forces, processes and contextual factors which condition local urban geographies. This book combines structural and local level perspectives to illuminate the complex geography of socio-spatial division within urban Britain. It combines conceptual and empirical analyses from researchers in the field. **Contemporary Issues Here and Abroad**

Helen Huus, 2016-11-11 This book is a volume in the Penn Press Anniversary Collection. To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1,100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print. Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas. *Maritime Heritage in Crisis* Richard M. Hutchings, 2016-12-08

Maritime heritage landscapes are undergoing a period of unprecedented crisis, severely impacted by coastal development, population growth and climate change. Presenting archaeology and CRM as a grave threat, this volume offers an important lesson on the relationship between neoliberal heritage regimes and global ecological breakdown. **Contemporary Issues in Social Science** Simon Grima, Ercan Özen, Hakan Boz, 2021-05-25 This international exploration on different economic

systems provides a comprehensive account which brings a wide range of countries to the forefront in terms of both comparability and accountability this study shines a light on the differences in systems between states and provides information to equip readers to minimize those differences
