Shaw, 2007-09-30

Welfare politics have now been part of American life for four centuries Beyond a persistent general idea that Americans have a collective obligation to provide for the poorest among us there has been little common ground on which to forge political and philosophical consensus Are poor people poor because of their own shortcomings and moral failings or because of systemic societal and economic obstacles That is does poverty have individual or structural causes This book demonstrates why neither of these two polemical stances has been able to prevail permanently over the other and explores the public policy and real life consequences of the stalemate Author Greg M Shaw pays special attention to the outcome of the 1996 act that was heralded as ending welfare as we know it Historically people on all sides of the welfare issue have hated welfare but for different reasons Like our forebears we have constantly disagreed about where to strike the balance between meeting the basic needs of the very poor and creating dependency or undermining individual initiative The shift in 1996 from New Deal welfare entitlement to workfare mirrored the national mood and ascendant political ideology as had welfare policy throughout American history The special contribution of this book is to show how evolving understandings of four key issues markets motherhood race and federalism have shaped public perceptions in this contentious debate A rich historical narrative is here complemented by a sophisticated analytical understanding of the forces at work behind attempts to solve the welfare dilemma How should we evaluate the current welfare to work model Is a precipitous decline in state welfare caseloads sufficient evidence of success Success this book finds has many measures and ending welfare as an entitlement program has not ended arguments about how best to protect children from the ravages of poverty or how to address the plight of the most vulnerable among us *Community Organization, 1960* National Conference on Social Welfare, National Conference on Social Welfare.
