Social Worlds Of Sentencing:

Social Worlds of Sentencing Jeffery T. Ulmer, 1997-07-31 Combines quantitative and qualitative data in a careful investigation of sentencing processes and context under Pennsylvania's sentencing guidelines Selective Incapacitation and Public Policy Kathleen Auerhahn, 2012-02-01 From the 1970s to the new millennium the prison population in the United States has quadrupled while an unprecedented amount of sentencing reform has taken place largely intended to protect the public from dangerous criminals This book details the California experience including the history and politics of criminal sentencing policy reform as well as the consequences of this activity to the criminal justice system Using cutting edge computer simulation modeling Kathleen Auerhahn explores the impact that sentencing reforms dating back to the 1970s have had on the composition and structure of the criminal justice system with specific focus on prison populations She illustrates how dynamic systems simulation modeling is used to both examine possible futures under a variety of sentencing structures and sentencing policy alternatives including narrowing strike zones and the early release of elderly offenders in order to more effectively target the dangerous criminals these policies promise to remove from society via incarceration

The Contexts of Juvenile Justice Decision Making Michael J. Leiber, 2012-02-01 An in depth examination of the contextual nature of decision making and the causes of disproportionate minority confinement in four relatively homogenous juvenile courts in Iowa this book explores the subjective social psychological processes of juvenile court officers and the factors that influence those processes Iowa although a state with a predominantly white population has one of the highest minority incarceration rates for juveniles Michael J Leiber focuses on the relationships between adherence to correctional orientations such as retribution and rehabilitation and decision makers views concerning race crime family and respect for authority with judgments and differential outcomes for youth Quantitative and qualitative methodologies are used to determine the extent to which correctional ideologies and decision makers stereotyping of minorities are fueled by a wide range of contingencies the impact of case processing and outcomes of whites African Americans and Native Americans and how it varies by jurisdiction **How Do Judges Decide?** Cassia Spohn, 2002-01-28 The appropriate amount of punishment for a given crime is an issue that has been debated by scholars philosophers and legal professionals since the beginning of civilizations This book seeks to address this issue in all of its complexity by providing a comprehensive overview of the sentencing process in the United States The book begins by discussing the overall concept of punishment and then proceeds to dissect individual aspects of punishment Topics include the sentencing process responsibility of the judge disparity and discrimination in sentencing and sentencing reform This book is an ideal text for introductory courses on the judicial system criminal law law and society It can be an essential resource to help students understand patterns in the wide discretion and latitude given to judges when determining punishments within the framework of the United States judicial system

Privilege and Punishment Matthew Clair, 2022-06-21 How the attorney client relationship favors the privileged in criminal court and

denies justice to the poor and to working class people of color The number of Americans arrested brought to court and incarcerated has skyrocketed in recent decades Criminal defendants come from all races and economic walks of life but they experience punishment in vastly different ways Privilege and Punishment examines how racial and class inequalities are embedded in the attorney client relationship providing a devastating portrait of inequality and injustice within and beyond the criminal courts Matthew Clair conducted extensive fieldwork in the Boston court system attending criminal hearings and interviewing defendants lawyers judges police officers and probation officers In this eye opening book he uncovers how privilege and inequality play out in criminal court interactions When disadvantaged defendants try to learn their legal rights and advocate for themselves lawyers and judges often silence coerce and punish them Privileged defendants who are more likely to trust their defense attorneys delegate authority to their lawyers defer to judges and are rewarded for their compliance Clair shows how attempts to exercise legal rights often backfire on the poor and on working class people of color and how effective legal representation alone is no guarantee of justice Superbly written and powerfully argued Privilege and Punishment draws needed attention to the injustices that are perpetuated by the attorney client relationship in today s criminal courts and describes the reforms needed to correct them **Criminal Courts** Craig Hemmens, David C.

Psychology and Law Andreas Kapardis, 2014-02-10 Now in its fourth edition Psychology and Law is a comprehensive guide to the complex interactions between psychology and criminal law Andreas Kapardis explores contemporary psycho legal issues both in and out of the courtroom from eyewitness testimony investigative interviewing jury decision making and sentencing as a human process to restorative justice terrorism police prejudice and offender profiling The book draws upon sources from Europe North America and Australia to investigate the subjectivity and human fallibility inherent in our systems of justice It suggests ways of minimising undesirable influences on judicial decision making and discusses procedures for dealing with witnesses and suspects Fully revised and with greater emphasis on relevant law Psychology and Law remains the leading text on legal psychology for students and practitioners in psychology law criminology social work and law enforcement

Race and Ethnicity in the Juvenile and Criminal Justice Systems Jennifer H Peck, 2018-11-07 Over the last few decades the racial and ethnic composition of the United States has changed dramatically This seismic transformation has important implications for theory research policy and public opinion perhaps most crucially around the topic of race ethnicity and our justice systems Recent national events from Ferguson to ferocious public debate about racism to media depictions of police violence have reawakened the tense question of race relations in the 21st century This edited collection of research aims to highlight contemporary issues surrounding the overrepresentation of racial and ethnic minorities throughout both the juvenile and adult criminal justice systems Our contributors cover both formal sources of social control e g police courts correction facilities and perceptions and public opinions of the relationship between race ethnicity and offending behaviors As the intellectual sphere ignites with fresh debate old questions redefined and new ones asked this publication provides innovative insight into how race and ethnicity interconnect with all aspects of criminology and criminal justice Furthermore it helps encourage directions for future research practice and public policy This book was originally published as a special issue of the Journal of Crime and Justice

Intersectional Experiences and Marginalized Voices Sarah B. Donley, Melencia Johnson, 2024-02-15 Intersectional scholarship represents a significant cornerstone to the study of the social inequality This book makes visible the contribution of social scientists to intersectional research analysis and praxis in a diverse sampling of scholarship from across the sociological spectrum highlighting various quantitative and qualitative methodologies The contributions to this volume show how multiple dimensions of identity intersect with dimensions of power and privilege to shape the opportunities and obstacles that people encounter in their day to day lives Utilizing a variety of

quantitative and qualitative methods scholars included in this book center Methods of intersectional research Marginalized faculty s experiences in the neoliberal university Victim characteristics of transgender Americans The effect of immigration and gender status on PhD engineers earnings How social capital access is shaped by race and gender status Latinas experiences in sports Trans men s pathways to incarceration Intersectional scholarship holds significant importance in providing a nuanced understanding of oppression and power dynamics as well as functioning as critical praxis for doing social justice work This insightful volume will be useful for scholarly readers and researchers in the subject areas of sociology gender and sexualities studies race and ethnicity feminist pedagogy and criminology The chapters in this book were originally published in the journal Sociological Spectrum **Bad News, Good News** Douglas W. Maynard,2003-05

When we share or receive good or bad news from ordinary events such as the birth of a child to public catastrophes such as 9 11 our old lives come to an end and suddenly we enter a new world In *Bad News Good News* Douglas W Maynard explores how we tell and hear such news and what s similar and different about our social experiences when the tidings are bad rather than good or vice versa Uncovering vocal and nonvocal patterns in everyday conversations clinics and other organizations Maynard shows practices by which people give and receive good or bad news how they come to realize the news and their new world how they suppress or express their emotions and how they construct social relationships through the sharing of news He also reveals the implications of his study for understanding public affairs in which transmitting news may influence society at large and he provides recommendations for professionals and others on how to deliver bad or good tidings more effectively For anyone who wants to understand the interactional facets of news delivery and receipt and their social implications *Bad News Good News* offers a wealth of scholarly insights and practical advice **Discretionary Justice** Leslie Paik,2011-05-01

Juvenile drug courts are on the rise in the United States as a result of a favorable political climate and justice officials endorsement of the therapeutic jurisprudence movement the concept of combining therapeutic care with correctional discipline The goal is to divert nonviolent youth drug offenders into addiction treatment instead of long term incarceration *Discretionary Justice* overviews the system taking readers behind the scenes of the juvenile drug court Based on fifteen months of ethnographic fieldwork and interviews at a California court Leslie Paik explores the staff s decision making practices in assessing the youths cases concentrating on the way accountability and noncompliance are assessed Using the concept of workability Paik demonstrates how compliance and what is seen by staff as noncompliance are the constructed results of staff decisions fluctuating budgets and sometimes questionable drug test results While these courts largely focus on holding youths responsible for their actions this book underscores the social factors that shape how staff members view progress in the court Paik also emphasizes the perspectives of children and parents Given the growing emphasis on individual responsibility in other settings such as schools and public welfare agencies Paik s findings are relevant outside the juvenile justice system **Judging Juveniles** Aaron Kupchik,2006-11-20 2007 Ruth Shonle Cavan

Young Scholar Award presented by the American Society of Criminology 2007 American Society of Criminology Michael J Hindelang Award for the Most Outstanding Contribution to Research in Criminology By comparing how adolescents are prosecuted and punished in juvenile and criminal adult courts Aaron Kupchik finds that prosecuting adolescents in criminal court does not fit with our cultural understandings of youthfulness As a result adolescents who are transferred to criminal courts are still judged as juveniles Ultimately Kupchik makes a compelling argument for the suitability of juvenile courts in treating adolescents Judging Juveniles suggests that justice would be better served if adolescents were handled by the system designed to address their special needs *Decisions to Imprison* Rasmus H. Wandall, 2016-05-13 Rasmus Wandall uses quantitative and qualitative methods from studies carried out in Denmark to address the formal and informal norms and ideologies that are used to generate decisions to imprison Focusing on the operations of the courtroom participants his work investigates how court decision making is organized to allow the sentencing procedure to be open to more than its formal legal framework while at the same time keeping the sentencing within the boundaries of law and legal validity The author uses the theory of law's operational closure developed by Niklas Luhmann The theory provides an advantageous point of departure to capture the close and subtle interactions between law's need for validity and for contextual openness in every legal operation including court decision making *Routledge Handbook on American Prisons* Laurie A. Gould, John J. Brent, 2020-11-01 The Routledge Handbook on American Prisons is an authoritative volume that provides an overview of the state of U S prisons and synthesizes the research on the many facets of the prison system The United States is exceptional in its use of incarceration as punishment It not only has the largest prison population in the world but also the highest per capita incarceration rate Research and debate about mass incarceration continues to grow with mounting bipartisan agreement on the need for criminal justice reform Divided into four sections Prisons Security Operations and Administration Types of Offenders and Populations Living and Dying in Prison and Release Reentry and Reform the volume explores the key issues fundamental to understanding the U S prison system including the characteristics of facilities inmate risk assessment and classification prison administration and employment for profit prisons special populations overcrowding prison health care prison violence the special circumstances of death row prisoners collateral consequences of incarceration prison programming and parole The final section examines reform efforts and ideas and offers suggestions for future research and attention With contributions from leading correctional scholars this book is a valuable resource for scholars with an interest in U S prisons and the issues surrounding them It is structured to serve scholars and graduate students studying corrections penology institutional corrections and other related topics [Trial by Treatment](#) Mary Ellen Stitt, 2025-05-20 A troubling account of the unexpected impacts of treatment based alternatives to criminal punishment Every year courts send hundreds of thousands of people to treatment based programs as alternatives to traditional punishment These alternatives known as diversion programs are widely celebrated as reforms that reduce the punishment of the mentally ill But in Trial by Treatment

Mary Ellen Stitt shows that they have in fact expanded the reach of the criminal legal system and its power over the lives of the most vulnerable. The inner workings of diversion programs are obscure partially by design and data on outcomes is hard to come by. Stitt draws on two years of fieldwork in criminal courtrooms and court mandated treatment sessions as well as an original national dataset in depth interviews and experimental survey data to document the hidden impacts of diversion. She shows that placing mental healthcare under the control of the courts has helped to legitimize the criminalization of illness warped treatment environments and amplified inequalities in punishment. In vivid and humanizing detail *Trial by Treatment* shows how reforms that keep power and discretion in the same hands can entrench the very problems they promised to solve.

The New Criminal Justice John Klofas, Natalie Kroovand Hipple, Edmund McGarrell, 2010-02-25 Criminal Justice in the United States is in the midst of momentous changes an era of low crime rates not seen since the 1960s and a variety of budget crunches also exerting profound impacts on the system. This is the first book available to chronicle these changes and suggest a new emerging model to the Criminal Justice system emphasizing collaboration across agencies previously viewed as relatively autonomous a focus on location problems and local solutions rather than a widely shared understanding of crime or broad application of similar interventions a deep commitment to research which guides problem assessment and policy formulation and intervention. Ideal for use in graduate as well as undergraduate capstone courses. [Advances in Group Processes](#) Shane R. Thye, Edward J. Lawler, 2018-10-08 *Advances in Group Processes* publishes theoretical analyses reviews and empirical studies of group phenomena. This volume includes papers that address issues relating to consumer behavior vocal accommodation measuring aggression social identity theory and criminal sentencing among others. [Routledge Handbook of Deviant Behavior](#) Clifton D. Bryant, 2012-04-27 *The Handbook of Deviant Behavior* presents a comprehensive integrative and accessible overview of the contemporary body of knowledge in the field of social deviance in the twenty first century. This book addresses the full range of scholarly concerns within this area including theoretical methodological and substantive issues in over seventy original entries written by an international mix of recognized scholars. Each of these essays provides insight not only into the historical and sociological evolution of the topic addressed but also highlights associated notable thinkers research findings and key published works for further reference. As a whole this Handbook undertakes an in depth evaluation of the contemporary state of knowledge within the area of social deviance and beyond this considers future directions and concerns that will engage scholars in the decades ahead. The inclusion of comparative and cross cultural examples and discussions relevant case studies and other pedagogical features make this book an invaluable learning tool for undergraduate and post graduate students in disciplines such as criminology mental health studies criminal theory and contemporary sociology. [The Transferring of America's Youth](#) Sheri Jenkins Keenan, 2021-09-23 A separate juvenile justice system was established in the United States in 1899 with a goal of diverting juvenile offenders from the harsh punishments of the adult criminal court and encouraging rehabilitation based on the individual needs of the offender. This new juvenile court

was set up as a civil or chancery court with informal proceedings and discretion left to the juvenile court judge Furthermore juvenile court proceedings were closed to the public and juvenile records were to remain confidential However as the decades progressed juveniles became increasingly involved in more serious crimes This generated a growing fear among lawmakers educators and the public which resulted in a number of get tough policies and strategies By the 1990s the most popular approach in dealing with violent juvenile crime was for states to make it easier or to require the prosecution of juveniles as adults in criminal court Research demonstrates that such policies may be counter productive increase rather than decrease recidivism and cause harm to offenders their families and the community This volume provides a comprehensive historical review of knowledge surrounding the transfer of American s youth from the rehabilitative individualized treatment of the juvenile justice system to the adult criminal justice system
