## **Socialism In Britain Since 1884:**

**Socialism in Britain Since 1884** John T. Callaghan,1990-01-01      **A History of the British Labour Party** Andrew Thorpe,2017-09-16 After 13 years in power Labour suddenly returned to being the party of opposition in 2010 This new edition of A History of the British Labour Party brings us up to date examining Gordon Brown s period in office and the Labour Party under the leadership of Ed Miliband Andrew Thorpe s study has been the leading single volume text on the Labour Party since its first edition in 1997 and has now been thoroughly revised throughout to include new approaches This new edition Covers the entirety of the party s history from 1900 to 2014 Examines the reasons for the party s formation and its aims Analyses the party s successes and failures including its rise to second party status and remarkable recovery from its problems in the 1980s Discusses the main events and personalities of the Labour Party such as MacDonald Attlee Wilson Blair and Brown With his approachable style and authoritative manner Thorpe has created essential reading for students of political history and anyone wishing to familiarise themselves with the history and development of one of Britain s major political parties

**Evolution of the British Party System** Robert C. Self,2014-07-30 By the end of the nineteenth century reform and development of the British electoral system had inaugurated a new style of mass politics which fundamentally transformed the face of the British party system This book traces the evolution of recognisably modern parties from their roots in the 1880s through half a century of dramatic change in organisational structure electoral competition and constitutional thought In the House of Commons the Labour Party replaced the Liberals as the radical answer to the Conservative Party In the country at large the complex web of Victorian social regional and religious allegiances gave way to a cruder but more dynamic model of modern political loyalties The transformation at Westminster and in the constituencies is surveyed in relation to changes to the franchise including the vote for women class consciousness political organisation and doctrine The comprehensive account explains the varying fortunes of the parties in the face of mass democracy collectivism the First World War and economic uncertainty It also provides a critical insight into the debates and conflicts of interpretation which surround this pivotal period in British political history

**Ideology and Politics in Britain Today** Ian Adams,1999 Examining the variety of ideas and values that influence British politics today in light of how they developed and arrived in their present state this text considers the future of British politics and what forces may shape further development

**The Longman Companion to Britain in the Era of the Two World Wars 1914-45** Andrew Thorpe,2014-09-19 In the momentous period barely 30 years covered by this systematic reference guide the Edwardian world was transformed unrecognisably through war technological progress and social change into the Nuclear Age It saw the coming of mass democracy the apogee of empire the Depression the threat of fascism the development of suburban society and as yet scarcely understood the end of Britain s international hegemony Andrew Thorpe s superb contribution to the Companions series illuminates all this and much else It will be indispensable to anyone interested in the history and politics of modern

Britain      **Political Ideologies** Vincent Geoghegan, Rick Wilford, 2014-03-21 Now in its fourth edition *Political Ideologies* An Introduction continues to be the best introductory textbook for students of political ideologies Completely revised and updated throughout this edition features A comprehensive introduction to all of the most important ideologies Brand new chapters on multiculturalism anarchism and the growing influence of religion on politics More contemporary examples of twenty first century iterations of liberalism socialism conservatism fascism green political theory nationalism and feminism Enhanced discussion of the end of ideology debates and emerging theories of ideological formation Six new contributors Accessible and packed with both historical and contemporary examples this is the most useful textbooks for scholars and students of political ideologies The contributors to this volume have all taught or carried out research at the School of Politics International Studies and Philosophy of Queen s University Belfast or have close research connections with the School      Labourism and the English Genius Gregory Elliott, 1993-11-17 Labour s fourth successive electoral defeat in 1992 rekindled the muffled controversy over its future      **The Foundations of the British Labour Party** Matthew Worley, 2016-12-05 Interest in the Labour Party remains high particularly following the unprecedented election of a third successive Labour government and amidst the on going controversies that surround the New Labour project Increasingly the ideological basis of the Labour Party has come under scrutiny with some commentators and party members emphasizing progressive traditions within the party whilst others refer back to the trade union foundation of Labour This volume brings together a group of scholars working within the field of labour history to consider the various elements that influenced the early Labour Party from its formation into the 1930s The party s association with the trade union movement is explored through the railwaymen and mineworkers unions while further contributions assess the different ways in which the Independent Labour Party the co operative movement liberalism Christianity and the local party branches helped lay the foundations for Labour s growth from a parliamentary pressure group to a party of government      *Labour, British radicalism and the First World War* Lucy Bland, Richard Carr, 2018-02-26 This book provides a concise set of thirteen essays looking at various aspects of the British left movements of protest and the cumulative impact of the First World War There are three broad areas this work intends to make a contribution to the first is to help us further understand the role the Labour Party played in the conflict and its evolving attitudes towards the war the second strand concerns the notion of work and particularly women s work the third strand deals with the impact of theory and practice of forces located largely outside the United Kingdom Through these essays this book aims to provide a series of thirteen bite size analyses of key issues affecting the British left throughout the war and to further our understanding of it in this critical period of commemoration      The Palgrave Companion to Cambridge Economics Robert A. Cord, 2017-02-20 Cambridge University has and continues to be one of the most important centres for economics With nine chapters on themes in Cambridge economics and over 40 chapters on the lives and work of Cambridge economists this volume shows how economics became established at the

university how it produced some of the world's best known economists including John Maynard Keynes and Alfred Marshall plus Nobel Prize winners such as Richard Stone and James Mirrlees and how it remains a global force for the very best in teaching and research in economics With original contributions from a stellar cast this volume provides economists especially those interested in macroeconomics and the history of economic thought with the first in depth analysis of Cambridge economics

**The Interpretation of International Investment Law** Todd Weiler, 2013-05-02 In *The Interpretation of International Investment Law Equality Discrimination and Minimum Standards of Treatment in Historical Context* author Todd Weiler demonstrates how historical analysis should be adopted in the interpretation of international investment law obligations Weiler subjects some of the most commonly held beliefs about the nature and development of international investment law to a critical re appraisal based upon meticulously assembled historical record In the process the book provides readers with a fresh perspective on some of the oldest obligations in international law This stimulating contribution to the discourse on interpretation of international investment law standards sheds new light on the formation of such primary obligations as fair and equitable treatment protection and security and the customary international law minimum standard of treatment for aliens Additionally a thought provoking historical analysis explains why a one size fits all approach to obligations found in both trade and investment treaties such as MFN treatment and national treatment must be rejected With a keen attention to detail *The Interpretation of International Investment Law Equality Discrimination and Minimum Standards of Treatment in Historical Context* reveals the dynamic relationship between historical analysis critical theory and the construction of both customary and treaty norms in international investment law [Fiction of the New Statesman](#)

[1913-1939](#) Bashir Abu-Manneh, 2011-10-10 *Fiction of the New Statesman* is the first study of the short stories published in the renowned British journal *the New Statesman* This book argues that *New Statesman* fiction advances a strong realist preoccupation with ordinary everyday life and shows how British domestic concerns have a strong hold on the working class and lower middle class imaginative output of this period

**Imperial Sceptics** Gregory Claeys, 2010-08-26 *Imperial Sceptics* provides a highly original analysis of the emergence of opposition to the British Empire from 1850 1920 Departing from existing accounts which have focused upon the Boer War and the writings of John Hobson Gregory Claeys proposes a new chronology for the contours of resistance to imperial expansion Claeys locates the impetus for such opposition in the late 1850s with the British followers of Auguste Comte Tracing critical strands of anti imperial thought through to the First World War Claeys then scrutinises the full spectrum of socialist writings from the early 1880s onwards revealing a fundamental division over whether a new conception of socialist imperialism could appeal to the electorate and satisfy economic demands Based upon extensive archival research and utilising rare printed sources *Imperial Sceptics* will prove a major contribution to our understanding of nineteenth century political thought shedding new light on theories of nationalism patriotism the state and religion [Understanding political ideas and movements](#) Kevin Harrison, Tony Boyd, 2018-07-30 This electronic version

has been made available under a Creative Commons BY NC ND open access license Written specifically to cover the A2 component of the GCE Government and Politics A level Provides a comprehensive introduction to the various political ideas and movements that have shaped the modern world Underpinned by the work of major thinkers such as Marx Locke Weber Hobbes and Foucault the book examines at political concepts including the state and sovereignty the nation and democracy representation and legitimacy freedom equality and rights obligation and citizenship Addresses traditional theoretical subjects such as socialism marxism and nationalism as well as contemporary contemporary movements such as environmentalism ecologism and feminism Written in a clear accessible style including a number of student friendly features such as chapter summaries key points to consider definitions and pointers to further sources of information Comic Transactions James F. English, 2019-06-07 No detailed description available for Comic Transactions *Remaking the Labour Party* Tudor Jones, 2005-09-21 Remaking the Labour Party examines the development of revisionist thought in the Labour Party from the 1950s up to Tony Blair s successful attempt to rewrite Clause Four in April 1995 The main focus is upon the most distinctive and controversial aspect of Labour revisionism its attitude toward public ownership and socialism private ownership and the mixed economy Remaking the Labour Party comprises a detailed study of a process of ideological conflict which began with the Labour Party s debate in the 1950s over the link between public ownership and socialism The deepening confrontation that arose from the revisionist thinking of Crosland and Gaitskell is explored in the Clause Four controversy of 1959 60 and in the uneasy compromise forged in its aftermath The period of ideological truce under Harold Wilson s leadership is examined together with the bitter conflict that later resurfaced in the party during the 1970s and early 80s Finally the study focuses on the second stage of Labour s policy and ideological rethinking which developed after 1983 under the leadership first of Neil Kinnock and then of Tony Blair Drwing on the author s own interviews with some of the leading protagonists of the debate as well as upon a wide range of primary and secondary sources Remaking the Labour Party will be of value to students of modern British politics and political thought it will also be of interest to observers and members of the Labour Party **The Paris Commune in Britain** Laura C. Forster, 2025-04-26 Following the defeat of the Paris Commune in May 1871 thousands of Commune militants fled France to avoid imprisonment deportation or death As a result and due in large part to Britain s liberal asylum policy around 3500 refugees arrived in Britain in the early 1870s These exiles and the revolution they represented generated a widening ripple that reverberated through British political culture The Paris Commune in Britain is a book about radical ideas and the people and places that make them It is about how ideas are forged propagated and lived and the mechanisms by which past radicalisms are mobilised in new presents The focus is the political refugees who came to Britain following the defeat of the Paris Commune in 1871 Considering the intellectual impact of these revolutionary refugees and the longer cultural and political afterlives of the Paris Commune in Britain the book reconstructs a transnational intellectual history alive to the intimate embodied spatial active and emotional

contexts in which these political ideas were produced and exchanged The book argues that the Paris Commune mattered in Britain Its diffuse legacies operated across differing scales from intimate friendships that prompted individual political conversions to the production of international symbols able to galvanise a nationwide socialist movement And these legacies waned and waxed in the decades long after the Communard refugees left Britain In exploring these different scales of influence the book makes broader contributions to modern British French and European social cultural and intellectual history as well as urban history and the history of exile and migration more generally *Against the grain* Evan Smith,Matthew Worley,2014-12-01 *Against the grain* is the first general history of the British far left to be published in the twenty first century Its contents cover a range of organisations beyond the Labour Party bringing together leading experts on British left wing politics to examine issues of class race and gender from 1956 to the present day The essays collected here are designed to highlight the impact made by the far left on British politics and society Though the predicted revolution did not come organisations such as the International Socialists the International Marxist Group and Militant became household names in the 1970s and 1980s Taken as a whole the collection demonstrates the extent to which the far left has weaved its influence into the political fabric of Britain The Longman Companion to the Labour Party, 1900-1998 Harry Harmer,2014-09-25 A timely reference guide to the Labour Party which brings together the essential facts and figures about the Party since its foundation through to the New Labour of the 1990 s It is the essential reference book for anyone wanting reliable information on the Labour Party Imperialism and Capitalism, Volume II Dipak Basu,Victoria Miroshnik,2020-08-17 This book discusses the case for socialism and the models of socialist planning Through examining different countries each chapter examines the successes and failures of contrasting socialist policies The theories and techniques of socialist planning are discussed in relation to the Soviet Union and India with additional attention given to Great Britain Scandinavia and the former Yugoslavia *Imperialism and Capitalism Volume 2 Normative Perspectives* aims to explore the alternatives to capitalism within different sectors and situations The book is relevant to those interested in economics development studies international relations and global politics
