Society And Politics In Revolutionary Bordeaux:

Society and Politics in Revolutionary Bordeaux Alan I. Forrest, 1975 **Revolution, Society and the Politics of Memory** Michael Adcock, Emily Chester, Jeremy Whiteman, 1997 Melbourne University history conference 4 *Politics, Culture, and Class in the French Revolution* Lynn Hunt, 2016-10-17 When this book was published in 1984 it reframed the debate on the French Revolution shifting the discussion from the Revolution's role in wider extrinsic processes such as modernization capitalist development and the rise of twentieth century totalitarian regimes to its central political significance the discovery of the potential of political action to consciously transform society by molding character culture and social relations In a new preface to this twentieth anniversary edition Hunt reconsiders her work in the light of the past twenty years scholarship *The Jacobin Clubs in the French Revolution, 1793-1795* Michael Kennedy, 2000-05-01 A pendant to two well received books by the same author on the departmental clubs during the early years of the Revolution this book is the product of thirty years of scholarly study including archival research in Paris and in more than seventy departments in France It focuses on the twenty eight months from May 1793 to August 1795 a period spanning the Federalist Revolt the Terror and the Thermidorian Reaction The Federalist Revolt in which many clubs were involved had momentous consequences for all of them and was in the local setting the principal cause of the Reign of Terror a period in which more than 5 300 communes had clubs that reached the zenith of their power and influence engaging in a myriad of political administrative judicial religious economic social and war related activities The book ends with their decline and final dissolution by a decree of the Convention in Paris *The Routledge Companion to Modern European History since 1763* Chris Cook, John Stevenson, 2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the post war development of Europe the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough bibliography and informative maps this volume is the indispensable companion for all those who study modern European history **The Routledge Companion to European History Since 1763** Chris Cook, John Stevenson, 2005 The Routledge Companion to European History since 1763 is a compact and highly accessible work of reference with a fully comprehensive glossary a biographical section a thorough bibliography and informative maps **The French Revolution, 1789-1799** Peter McPhee, 2001-12-06

This book provides a succinct yet up to date and challenging approach to the French Revolution of 1789 1799 and its consequences Peter McPhee provides an accessible and reliable overview and one which deliberately introduces students to central debates among historians The book has two main aims One aim is to consider the origins and nature of the Revolution of 1789 99 Why was there a Revolution in France in 1789 Why did the Revolution follow its particular course after 1789 When was it over A second aim is to examine the significance of the Revolutionary period in accelerating the decay of Ancien Regime society How revolutionary was the Revolution Was France fundamentally changed as a result of it Of particular interest to students will be the emphasis placed by the author on the repercussions of the Revolution on the practices of daily life the lived experience of the Revolution The author's recent work on the environmental impact of the Revolution is also incorporated to provide a lively modern and rounded picture of France during this critical phase in the development of modern Europe

The Oxford History of the French Revolution, 1990-07-26 This is the most authoritative comprehensive history of the French Revolution of 1789 Published to mark the bicentenary of its outbreak this survey draws on a generation of extensive research and scholarly debate to reappraise the most famous of all revolutions Opening with the accession of Louis XVI in 1774 the book traces the history of France through revolution terror and counter revolution to the triumph of Napoleon in 1802 and analyses the impact of events both in France itself and the rest of Europe William Doyle shows how a movement which began with optimism and general enthusiasm soon became a tragedy not only for the ruling orders but for the millions of ordinary people all over Europe whose lives were disrupted by religious upheaval and civil and international war It was they who paid the price for the destruction of the old political order and the struggle to establish a new one based on the ideals of liberty and revolution in the face of widespread indifference and hostility

Provincial Patriot of the French Revolution Bette W. Oliver, 2015-03-04 This biography of François Buzot a Girondin leader in both the Constituent Assembly 1789 91 and the National Convention 1792 93 illustrates how his early life in Evreux and his training as a lawyer influenced his ideas and actions during the French Revolution when he championed individual rights and the rule of law in a republic A provincial leader who distrusted the increasingly centralized government in Paris Buzot worked tirelessly to defend departmental interests which led his Jacobin opponents to accuse him of federalism Buzot became an active participant in the factional disputes dividing the national assembly in 1792 93 which led to frequent attacks against him and his cohorts by the radical press and demands for their impeachment Consequently Buzot and twenty nine other Girondin deputies were expelled from the assembly in June 1793 and placed under house arrest While Buzot and some of his friends escaped and fled to Caen those Girondins who had remained in Paris were executed that October After their attempt to form a large departmental force to march against the government in Paris had failed Buzot and his friends fled to St Emilion where they survived as fugitives often hiding in abandoned stone quarries until June 1794 Buzot's memoirs written when he was on the run in 1793 94 provide an unusual contemporary account of the difficult and dangerous period known as the Terror In

addition letters to and from his friends notably Madame Roland with whom he shared a romantic relationship offer a more personal view of Buzot than can be found in most texts Although Buzot was honored as a local hero by the citizens of Evreux in 1789 by the summer of 1793 the authorities had declared him a traitor and ordered his home demolished and its furnishings sold at auction Honored again during the centennial celebration of the French Revolution by 1989 he had almost been forgotten This first biographical treatment in English of Francois Buzot a bourgeois gentilhomme provides a new dimension to the story of an important revolutionary leader *Historicizing the French Revolution* Antonino De Francesco,2022-03-24 This book provides a critical examination of over 300 historical works about the French Revolution published in Europe in particular in France Great Britain Germany Italy and Russia as well as in the United States between 1789 and 1989 It also goes on to examine recent trends in French Revolution historiography and consider where histories of this landmark event may go in the future By emphasizing the elements which have been valued or hidden exalted or silenced *Historicizing the French Revolution* shows how reflections on 1789 are always fundamentally tied to the times in which they are formulated Antonino De Francesco looks at the ways in which these historical accounts can be seen to support and at times contrast with the formation of political modernity both in national and international contexts as it has taken shape in the hundreds of years that have followed this key moment in world history **The Candle and the Guillotine** Julie Patricia Johnson,2020-05-01 As in a number of France's major cities civil war erupted in Lyon in the summer of 1793 ultimately leading to a siege of the city and a wave of mass executions Using Lyon as a lens for understanding the politics of revolutionary France this book reveals the widespread enthusiasm for judicial change in Lyon at the time of the Revolution as well as the conflicts that ensued between elected magistrates in the face of radical democratization Julie Patricia Johnson's investigation of these developments during the bloodiest years of the Revolution offers powerful insights into the passions and the struggles of ordinary people during an extraordinary time **Contesting the French Revolution** Paul R. Hanson,2009-02-17 *Contesting the French Revolution* provides an insightful overview of one of history's most significant events as well as examining the most significant historiographical debates about this period Explores the causes events and consequences of the French Revolution Offers a stimulating analysis of the most controversial debates Were the events of 1789 a social revolution or a political accident Did they mark the rise of industrial capitalism or the birth of modern democracy Was Napoleon Bonaparte an heir to the ideals of 1789 or a betrayer of the Revolution Shows how historical interpretation of the French Revolution has been influenced by the changing political and social currents of the last 200 years from the Russian Revolution to the fall of the Berlin Wall and how historical study has shifted from a political focus to social and cultural approaches in more recent years **Urban Rivalries in the French Revolution** Ted W. Margadant,2021-05-11 The reordering of France into a new hierarchy of administrative and judicial regions in 1791 unleashed an intense rivalry among small towns for seats of authority while raising vital issues for the vast majority of the

French population Here Ted Margadant tells a lively story of the process of politicization magistrates lawyers merchants and other townspeople who petitioned the National Assembly not only boasted of their own communities and denigrated rival towns but also adopted revolutionary slogans and disseminated new political ideas and practices throughout the countryside The history of this movement offers a unique vantage point for analyzing the regional context of town life and the political dynamics of bourgeois leadership during the French Revolution Margadant explores the institutional crisis of the old regime that brought about the reordering considers the rhetoric and politics of space in the first year of the Revolution and examines the fate of small towns whose districts and law courts were suppressed Combining descriptive narrative with statistical analysis and computer mapping he reveals the important consequences of the new hierarchy for the urban development of France in the post Revolutionary era

Conflitto e democrazia in Europa, 1650-2000: Charles Tilly, [Print, Politics and Trade in the French Atlantic](#) Jane McLeod, 2024-07-09 The Labotti res were the largest printing and bookselling dynasty in eighteenth century Bordeaux From the 1680s to the sale of their business in 1794 three generations of this family acted as major cultural brokers in this booming Atlantic port serving the rapidly expanding commercial and legal sectors with books pamphlets and newspapers The lives and businesses of this family are heavily entwined with the histories of the Enlightenment French colonialism in the West Indies and the French Revolution We find the final generation welcoming the Revolution printing a pro revolutionary newspaper that framed the revolts in Haiti and Martinique in pro revolutionary terms They would come to establish their shop as a Jacobin centre and along with their workers and journalists navigated the forces of popular censorship and state control However despite these activities the Labotti re printing and bookselling enterprise would eventually be destroyed by the very Revolution it had supported Through this lively microhistory of the Labotti res Jane McLeod presents the important role played by the flourishing Atlantic port economy in supporting the expansion of printing and bookselling Furthermore from McLeod s extensive archival research into over thirty members of the Labotti re family emerges a new understanding of the role played by printers and booksellers in the spreading of the ideas and concerns that underpinned some of the landmark social cultural and political changes of the eighteenth century

Empire and Revolution Richard Bourke, 2017-05-02 A major new account of one of the leading philosopher statesmen of the eighteenth century Edmund Burke 1730-97 lived during one of the most extraordinary periods of world history He grappled with the significance of the British Empire in India fought for reconciliation with the American colonies and was a vocal critic of national policy during three European wars He also advocated reform in Britain and became a central protagonist in the great debate on the French Revolution Drawing on the complete range of printed and manuscript sources Empire and Revolution offers a vivid reconstruction of the major concerns of this outstanding statesman orator and philosopher In restoring Burke to his original political and intellectual context this book overturns the conventional picture of a partisan of tradition against progress and presents a multifaceted portrait of one of the most captivating figures in eighteenth century

life and thought A boldly ambitious work of scholarship this book challenges us to rethink the legacy of Burke and the turbulent era in which he played so pivotal a role

Brotherly Love Kenneth B. Loiselle, 2014-08-21 Friendship an acquired relationship primarily based on choice rather than birth lay at the heart of Enlightenment preoccupations with sociability and the formation of the private sphere In *Brotherly Love* Kenneth Loiselle argues that Freemasonry is an ideal arena in which to explore the changing nature of male friendship in Enlightenment France Freemasonry was the largest and most diverse voluntary organization in the decades before the French Revolution At least fifty thousand Frenchmen joined lodges the memberships of which ranged across the social spectrum from skilled artisans to the highest ranks of the nobility Loiselle argues that men were attracted to Freemasonry because it enabled them to cultivate enduring friendships that were egalitarian and grounded in emotion Drawing on scores of archives including private letters rituals the minutes of lodge meetings and the speeches of many Freemasons Loiselle reveals the thought processes of the visionaries who founded this movement the ways in which its members maintained friendships both within and beyond the lodge and the seemingly paradoxical place women occupied within this friendship community Masonic friendship endured into the tumultuous revolutionary era although the revolutionary leadership suppressed most of the lodges by 1794 Loiselle not only examines the place of friendship in eighteenth century society and culture but also contributes to the history of emotions and masculinity and the essential debate over the relationship between the Enlightenment and the French Revolution

Jacques Pierre Brissot in America and France, 1788-1793 Bette W. Oliver, 2016-09-14 This book examines a decisive five year period in the life of Jacques Pierre Brissot one of the influential leaders of the French Revolution An idealistic somewhat naive journalist who became a member of the national assembly Brissot championed the new American republic as an example for the French revolutionary government to follow This book is not intended to serve as a biography of the Girondin leader but rather to present an examination of his life between 1788 when he visited the United States and 1793 when he was executed As such the narrative necessarily focuses on the events of the revolution as the ever present background to Brissot's thoughts and actions Both as a journalist and as a legislator Brissot was consumed by the tumultuous events of the period under review The book is based primarily on the publications correspondence and memoirs of Brissot as well as materials from the Bibliotheque Nationale the Archives Nationales and relevant secondary sources It also includes comparisons between Brissot's observations of America in 1788 published in 1791 as *Nouveau Voyage dans les Etats Unis de l'Amerique Septentrionale* 1788 and those of his countryman Alexis de Tocqueville in his widely read *Democracy in America* which described his visit in 1831 and was published in 1835

Roads from Past to Future Charles Tilly, Arthur L. Stinchcombe, 1997 Over the years Charles Tilly has had an indelible influence on a remarkable number of key questions in social science and history In the fields of social change states and institutions urbanization and historical sociology his seminal work has spawned whole new lines of inquiry and research In one volume this book offers the best and most influential of Tilly's important work with a new

introduction by the author that relates his analyses to a wide body of scholarship The book includes a review and critique by Arthur Stinchcombe Napoleon and Europe Philip G. Dwyer, 2014-07-22 Two hundred years ago Napoleon was at the apogee of his power in Europe This broad ranging reassessment explores the key themes presented by his extraordinary career from his rise to power and the foundation of the imperial state to the final defeat of his grand vision following the doomed invasion of Russia It was a period of almost uninterrupted war in Europe the consequences of victory or failure repeatedly transforming the political map But Napoleon s impact reached much deeper than this achieving the ultimate destruction of the ancien regime and feudalism in Europe and leaving a political and juridical legacy that persists today

Unveiling the Magic of Words: A Overview of "**Society And Politics In Revolutionary Bordeaux**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Society And Politics In Revolutionary Bordeaux**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book is central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.
