Howard, Steve Jones, 2004 These editors have the respect visibility and track record to make this volume a contribution to the field of Internet studies It will be adopted as an upper division text and can also serve as a valuable reference work for doctoral students Given its broad mix of qualitative and quantitative approaches this work should have wide appeal across the Social Sciences and Information Studies Sandra J Ball Rokeach Annenberg School for Communication University of Southern California Within the developed world much of society experiences political economic and cultural life through a set of communication technologies barely older than many citizens Society Online The Internet in Context examines how new media technologies have not simply diffused across society but how they have rapidly and deeply become embedded in our organizations and institutions Society Online is not exclusively devoted to a particular technology or specifically the Internet but to a range of technologies and technological possibilities labeled new media Rather than trying to cover every possible topic relating to new communication technologies this unique text is organized by how these new technologies mediate the community political economic personal and global spheres of our social lives Editors Philip N Howard and Steve Jones explore the multiple research methods that are required to understand the embeddedness of new media Society Online discusses the findings of the Pew Internet and American Life Project and is the first book to bring together leading social scientists to provide the most comprehensive and far reaching Internet research data sets and to contextualize Internet use in modern life The book features contributions by leading scholars from across the social sciences using a range of research techniques including systematic content analysis comparative methods quasi experimental methods probit ordinary least squares and logistic regression analysis small focus groups historical archival and survey methods ethnographic and auto ethnographic work and comparative analyses of policy traditions to probe analyze and understand the Internet in the context of everyday life Society Online is designed for undergraduate and graduate students taking media studies courses in the areas of Communication Sociology Political Science Anthropology Cultural Studies Information Sciences and American Studies For more information about Society Online please visit www.societyonline.net

Online Society in China David Kurt Herold, Peter Marolt, 2011-03-25 This book discusses the rich and varied culture of China's online society and its impact on offline China It argues that the Internet in China is a separate space and is more than merely a technological or media extension of offline Chinese society *Society and the Internet* Mark Graham, William H. Dutton, 2019 This second edition of *Society and the Internet* provides key readings for students scholars and those interested in understanding the interactions of the Internet and society introducing new and original contributions examining the escalating concerns around social media disinformation big data and privacy **Internet and Society** Christian Fuchs, 2007-12-12 By outlining a social theory of the internet and the information society this book demonstrates how the ecological economic political and cultural systems of contemporary society have been transformed by new information and

communication technologies Southwestern Mass Communication Journal ,2006 **Information Systems and Technology for Organizations in a Networked Society** Issa, Tomayess,Isaías, Pedro,Kommers, Piet,2013-05-31 This book discusses methods of using information technologies to support organizational and business objectives in both national and international contexts describing the latest research on both the technical and non technical aspects of contemporary information societies including e commerce e learning e government and e health Provided by publisher Does the Internet Benefit Society? Cindy Mur,2005 Greenhaven Press s At Issue series includes a wide range of opinions on a single controversial issue Each volume includes both primary and secondary sources from a variety of perspectives eyewitnesses scientific journals government officials and many others Extensive bibliographies and annotated lists of relevant organizations to contact offer a gateway to further research Each inexpensive volume enhances critical thinking skills and is an excellent research tool for reports Book jacket **New Media, Politics and Society in Israel** Gideon Doron,Azi Lev-On,2014-06-11 This book addresses the social and political landscape of Internet usage in Israel and studies the formation of a networked information society in the hi tech nation As Israel is considered a highly technologically developed country it could serve as a model to assess and compare the performance and prospects of the Internet in other countries as well Chapters address a range of issues including the diffusion of the Internet to Israel religion and the Internet in the Israeli Jewish context Internet based planned encounters between Israeli Jews and Palestinians and between Jews and Arabs in Israel online journalism and user generated content Israeli public relations online Internet usage by Israeli parliamentarians parties and candidates as well as audiences and the facilitation of personalized politics through personal sites of politicians This book was originally published as a special issue of Israel Affairs **Competitive Political Regime and Internet Control** Liu Yangyue,2014-06-02 Why are policies of internet control adopted in a democratic state while internet freedom is guaranteed in a more authoritarian context In this work on the comparative politics of internet control it is argued that regime type per se is not the direct determinant of the internet control outcome Instead the book proposes an alternative model that addresses the intensity of online transgressiveness and the capacity of online civil society While online transgressiveness propels governments to seek internet control strategies online civil society represents an inhibiting force the cohesiveness of which determines the extent to which societal resistance against internet censorship might succeed Through detailed studies of Malaysia Thailand and Indonesia Competitive Political Regime and Internet Control shows that online transgressiveness and civil society capacity collectively shape the outcomes of internet control In this way the book provides a new framework for understanding the practice of internet control which has become a hot topic in the study of internet politics and regime types more generally It also speaks to the broad literature on Southeast Asian politics as well as that on democratization **New Media and Chinese Society** Ke Xue,Mingyang Yu,2017-10-24 This book focuses on the influence of social media on Chinese society The respective chapters present research by top tier communication scholars

from prominent Chinese universities and offer revealing findings on the interplay between media social media economics and politics To that end both qualitative and quantitative methods based on classical theories of communication and economics are drawn upon The book explores four main areas the challenges and opportunities for Chinese journalism and communications changes in Chinese economic development influences and forecasts for Chinese politics and the impacts on Chinese culture As the chapter contributors hail from diverse regions within China and represent three generations of communication scholars the book offers a comprehensive guide helping readers understand the impact of social media on China s development from a broad range of perspectives and sharing insights on its impacts around the world The Oxford Handbook of Language and Society Ofelia García,Nelson Flores (Linguist),Massimiliano Spotti,2017 This book challenges basic concepts that have informed the study of sociolinguistics It proposes a critical poststructuralist perspective that examines the socio historical context that led to the emergence of dominant sociolinguistic concepts and develops new theoretical and methodological tools that challenge these dominant concepts *Project E-Society: Building Bricks* Reima Suomi,Regis Cabral,J.
