A Dictionary of Music and Musicians (A.D. 1450-1889), 1890 **Cello**

Kate Kennedy, 2024-08-15 Strikingly original The Times Absorbing Wall Street Journal Just as a cello's voice is divided across four strings each with its own colour and character this is a journey in four parts in search of four players and their instruments In Cello Kate Kennedy weaves together the lives of four remarkable cellists who suffered various forms of persecution injury and misfortune The Hungarian Jewish cellist and composer P I Hermann managed to keep one step ahead of the Gestapo for much of the Second World War but was eventually captured and murdered Lise Cristiani the first female professional cello soloist undertook an epic and ultimately fatal concert tour of Siberia in the 1850s taking with her one of the world's greatest Stradivari cellos Anita Lasker Wallfisch was incarcerated in both Auschwitz and Bergen Belsen camps only surviving because she was the cellist in the Auschwitz Birkenau women's orchestra Amedeo Baldovino of the Trieste Piano Trio was forced to jump from a burning ship with his Mara Stradivari losing the cello and nearly losing his own life when the boat was shipwrecked near Buenos Aires Counterpointing the themes raised by these extraordinary stories are a sequence of interludes that draw together the author's reflections on the nature and history of the cello and her many interviews and encounters with contemporary cellists Kate Kennedy's own relationship with the cello is a complicated one As a teenager she suffered an injury to her arm that imposed severe limitations on her career as a performer on the instrument that was her first love She realised that in order to start to understand what the cello meant to her she needed to find out what the cello and crucially the absence of the cello had meant to some other cellists past and present Kate Kennedy has written an eloquent and multitextured homage to this warmest of stringed instruments part quest narrative part detective story part philosophical meditation Two Nightingales Ant Hackel, 1859 **The Music of Brahms** Michael

Musgrave, 1994 Michael Musgrave presents a contemporary view of Brahms 150 years after his birth seeing him not simply as the conservative figure so often stressed in the past but as one who creatively reinterpreted a wider range of historical elements than any composer of his time Brahms absorbed his studies directly into his music making and composition and in so doing helped to evolve not merely a personal language which was regarded as progressive and sometimes difficult by a range of contemporaries and successors but also helped to establish an ethos of historical reference which anticipates the twentieth century The book concentrates on the music with Brahms's life discussed briefly in the introduction The works are considered in four phases according to genre with an emphasis on connection and on the development and elaboration of a unified language The list of works includes a recent discoveries and a calendar outlines the pattern of his musical life including relevant information concerning performances
