Reform in America Robert H. Walker,2014-07-15 In discussing slavery and woman s rights social security and the graduated income tax writes Robert Walker the reformers have defined and redefined America Recognizing in the history of reform a prime source for the discovery of cultural priorities Walker seeks in Reform in America to organize the reform experience in a new way so that its collective patterns can be seen Reform in America identifies three principal streams of reform advocacy in American history Politico economic issues the mainstream of reform are exemplified by a detailed study of the politics of money from 1832 to 1913 Reform on behalf of special groups the second major category is illuminated by the examples of movements on behalf of blacks and women and by an examination of the civil liberties and civil rights movements which again have been principally concerned with the extension of rights and liberties to particular groups A third category is established by connecting communitarianism utopianism and visionary planning to form a tradition through which ideal alternatives are offered to the existing social order Walker s interpretation minimizes the stark contrasts in social activity and underlines those continuous forces that have moved American society steadily in the direction of broadened political participation increased concern for special groups and a dynamic sequence of cultural goals He thus draws our attention to what may be America s most lasting frontier the management of social change toward certain general objectives The appreciation of reform in the end requires an adjusted perception of the national character one that sees competitive individualism as at least balanced and perhaps outweighed by a demonstrated preoccupation with the common weal

My Song Harry Belafonte,Michael Shnayerson,2011-10-11 Harry Belafonte is not just one of the greatest entertainers of our time he has led one of the great American lives of the last century Now this extraordinary icon tells us the story of that life giving us its full breadth letting us share in the struggles the tragedies and most of all the inspiring triumphs Belafonte grew up poverty ridden in Harlem and Jamaica His mother was a complex woman caring but withdrawn eternally angry and rarely satisfied His father was distant and physically abusive It was not an easy life but it instilled in young Harry the hard nosed toughness of the city and the resilient spirit of the Caribbean lifestyle It also gave him the drive to make good and channel his anger into actions that were positive and life affirming His journey led to the U S Navy during World War II where he encountered an onslaught of racism but also fell in love with the woman he eventually married After the war he moved back to Harlem where he drifted between odd jobs until he saw his first stage

play and found the life he wanted to lead Theater opened up a whole new world one that was artistic and political and made him realize that not only did he have a need to express himself he had a lot to express He began as an actor and has always thought of himself as such but was quickly spotted in a musical began a tentative nightclub career and soon was on a meteoric rise to become one of the world s most popular singers Belafonte was never content to simply be an entertainer however Even at enormous personal cost he could not shy away from activism At first it was a question of personal dignity breaking down racial barriers that had never been broken before achieving an enduring popularity with both white and black audiences Then his activism broadened to a lifelong passionate involvement at the heart of the civil rights movement and countless other political and social causes The sections on the rise of the civil rights movement are perhaps the most moving in the book his close friendship with Martin Luther King Jr his role as a conduit between Dr King and the Kennedys his up close involvement with the demonstrations and awareness of the hatred and potential violence around him his devastation at Dr King s death and his continuing fight for what he believes is right But My Song is far more than the history of a movement It is a very personal look at the people in that movement and the world in which Belafonte has long moved He has befriended many beloved and important figures in both entertainment and politics Paul Robeson Eleanor Roosevelt Sidney Poitier John F Kennedy Marlon Brando Robert Kennedy Nelson Mandela Fidel Castro Tony Bennett Bill Clinton and writes about them with the same exceptional candor with which he reveals himself on every page This is a book that pulls no punches and turns both a loving and critical eye on our country s cultural past As both an artist and an activist Belafonte has touched countless lives With My Song he has found yet another way to entertain and inspire us It is an electrifying memoir from a remarkable man

Hymns and Hymnody: Historical and Theological Introductions, Volume 3 Mark A. Lamport, Benjamin Forrest, Vernon M. Whaley, 2020-01-01 Hymns and the music the church sings in worship are tangible means of expressing worship And while worship is one of if not the central functions of the church along with mission service education justice and compassion and occupies a prime focus of our churches a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship Hymns and Hymnody Historical and Theological Introductions is a sixty chapter three volume introductory textbook describing the most influential hymnists liturgists and musical movements of the church This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers who have impacted the church over the course of twenty centuries Volume 1 explores the early church and concludes with the Renaissance era hymnists Volume 2 begins with the Reformation and extends to the eighteenth century hymnists and liturgists Volume 3 engages nineteenth century hymnists to the contemporary movements of the twenty first century Each chapter contains these five elements historical background theological perspectives communicated in their hymns compositions contribution to liturgy and worship notable hymns and bibliography The mission of Hymns and Hymnody is 1 to provide biographical data on influential hymn writers for students and interested laypeople

and 2 to provide a theological analysis of what these composers have communicated in the theology of their hymns We believe it is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology This latter aspect we contend is missing yet important in accessible formats for the current literature **Billboard**, 1968-04-27 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **The Golden Treasury of the Best Songs and Lyrical Poems in the English Language** Francis Turner Palgrave, 1914 **Popular Mechanics**, 1956-09 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it's practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Popular Mechanics**, 1945-09 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it's practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Our War Songs** S. identities as well as the dynamics of audience participation and community building in a virtual environment The handbook rehistoricizes the virtual by tracing its progression from cartoons in the 1950s to current industry innovations and changes in practice Well grounded and wide reaching this is a book that students of any number of disciplines from Music to Cultural Studies have awaited *Popular Mechanics* ,1957-04 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle Popular Mechanics ,1959-07 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle Popular Mechanics ,1957-06 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **AIDS, Politics, and Music in South Africa** Fraser G. McNeill,2011-10-31 This book offers an original anthropological approach to the AIDS epidemic in South Africa demonstrating why AIDS interventions in the former homeland of Venda have failed and possibly even been counterproductive It does so through a series of ethnographic encounters from kings to condoms which expose the ways in which biomedical understanding of the virus have been rejected by and incorporated into local understandings of health illness sex and death Through the songs of female initiation AIDS education and wandering minstrels the book argues that music is central to understanding how AIDS interventions operate This book elucidates a hidden world of meaning in which people sing about what they cannot talk about where educators are blamed for spreading the virus and in which condoms are often thought to cause AIDS The policy implications are clear African worldviews must be taken seriously if AIDS interventions in Africa are to become successful
