

SONNET 147

My love is as a fever, longing still
For that which longer nurseth the disease,
Feeding on that which doth preserve the ill,
Th' uncertain sickly appetite to please.

My reason, the physician to my love,
Angry that his prescriptions are not kept,
Hath left me, and I desperate now approve
Desire is death, which physic did except.
Past cure I am, now reason is past care,
And frantic-mad with evermore unrest
My thoughts and my discourse as madmen's
are,

At random from the truth vainly expressed
For I have sworn thee fair, and thought thee
bright,

Who art as black as hell, as dark as night

Sonnets Poems By Edward Holmes:

Themes and Variations in Shakespeare's Sonnets J B Leishman, 2013-04-15 First published in 1961 This study analyses Shakespeare's treatment of the universal themes of Beauty Love and Time He compares Shakespeare with other great poets and sonnet writers Pindar Horace and Ovid with Petrarch Tasso and Ronsart with Shakespeare's own English predecessors and contemporaries notably Spenser Daniel and Drayton and with John Donne By discussing their resemblances and differences a not altogether orthodox picture of Shakespeare's attitude to life is presented which suggests that he was not as phlegmatic and equable a person as critics have often supposed Lyric forms in the sonnet sequences of Barnabe Barnes Philip E. Blank, 2020-03-23 No detailed description available for Lyric forms in the sonnet sequences of Barnabe Barnes *Charlotte Smith and the Sonnet* Bethan Roberts, 2019-11-13 This book explores Charlotte Smith's Elegiac Sonnets and clarifies its place understood in multiple ways in literary history It argues that Smith's work engages more deeply with tradition than has hitherto been realised and revises our understanding not only of Smith's career but also of the sonnet in eighteenth century England *The Lily and the Thistle* William Calin, 2013-12-31 In *The Lily and the Thistle* William Calin argues for a reconsideration of the French impact on medieval and renaissance Scottish literature Calin proposes that much of traditional medieval and early modern Scottish culture thought to be native to Scotland or primarily from England is in fact strikingly international and European By situating Scottish works in a broad intertextual context Calin reveals which French genres and modes were most popular in Scotland and why *The Lily and the Thistle* provides appraisals of medieval narrative texts in the high courtly mode equivalent to the French dits amoureux comic didactic and satirical texts and Scots romance Special attention is accorded to texts composed originally in French such as the Arthurian *Roman de Fergus* as well as to the lyrics of Mary Queen of Scots and little known writers from the French and Scottish canons By considering both medieval and renaissance works Calin is able to observe shifts in taste and French influence over the centuries The poets and the poetry of the century, ed. by A.H. Miles. [2 other copies of vol.8]. Alfred Henry Miles, 1898 *The Sonnets of Thomas Pringle* Patrick Lenahan, 2023-07-17 When the Scottish poet Thomas Pringle emigrated to the Cape Colony in 1820 he voyaged also into a new creative life and an art responsive to his colonial home sterner verse for darker scenes Accompanying him to the Cape the sonnet became his most consistent choice for capturing his experiences and convictions his personal crises and the greater trauma of colonial appropriation and racial oppression In this study his unique contribution to the Romantic era sonnet is for the first time given its full due through readings that are as attentive to form and formal agency as to the cultural social and historical conditions in which they are enmeshed Moving beyond colonial theory to consider issues of literary migration this illuminating work shows how Pringle effectively opened up a radical conversation between the habitual modes of perception and response of British Romanticism and his new southern world **The Publishers Weekly**, 1881 *The National Union Catalog, Pre-1956 Imprints* Library of Congress, American
