Sons Of The Yellow Emperor:

Sons of the Yellow Emperor Lynn Pan, 1990 A study of the continuing migration of the Chinese diaspora The book blends history biography and travel writing with a personal portrait from the author **Sons of the Yellow Emperor** Lynn Pan, 1990 **Sons of the Yellow Emperor [sound Recording] : a History of the Chinese Diaspora** Backman, George, Pan, Lynn, 1993 **China** William A. Callahan, 2012-02-16 China is fast becoming the next superpower a rise that presents a challenge to the world economically politically and culturally Drawing on extensive new Chinese sources Professor Callahan sheds fascinating light on how Chinese people understand their changing place and what that might mean for the world [The Discourse of Race in Modern China](#) Frank Dikötter, 2015 Dikötter writes accessible history and has won the prestigious BBC Samuel Johnson Prize for his book *Mao's Great Famine* The author shows how and why notions of race became so widespread in China now updated to include the continuation of this trend into the twenty first century He examines how Western notions of scientific racism have played out in China *Kingdoms in Peril, Volume 2*, 2023-10-17 Translated in full for the first time this second volume immerses readers in the power and drama of the electrifying classic Chinese novel *Lord Wen of Jin* brings some temporary stability to the political scene when he returns after many years in exile However the grants of land and office to his longstanding supporters make them too powerful for his successors to control Just as the Zhou aristocrats seize power from their king a bitter struggle begins as ministers seek to impose their authority on their lords One of the great works of Chinese literature *Kingdoms in Peril* is an epic historical novel charting the five hundred years leading to the unification of the country in 221 B C E under the rule of the legendary First Emperor Writing some fourteen hundred years later the Ming era author Feng Menglong drew on a vast trove of literary and historical documents to compose a gripping narrative account of how China was forged Detailing the stories of unforgettable characters who defined and shaped the times in which they lived the complete edition of *Kingdoms in Peril* is a vital resource for those seeking a comprehensive overview of China's ancient past and the political machinations that led to its unification There are many historical works that provide an account of some of these events but none are as thrilling and breathtakingly memorable as *Kingdoms in Peril* *Asian Godfathers* Joe Studwell, 2008-09-23 The author of *How Asia Works* follows the money Alarming enlightening Joe Studwell should be named chief myth buster for Asian business Financial Times Hong Kong and Southeast Asia are home to five hundred million people yet their economies are dominated by only fifty families whose interests range from banking to real estate shipping to sugar gambling to lumber At their peak eight of the world's two dozen richest men were Southeast Asian but their names would not be familiar to most regular readers of *The Wall Street Journal* A complex mythology surrounds these billionaires but in *Asian Godfathers* Joe Studwell finds that the facts are even more remarkable than the myths Studwell has spent fifteen years as a reporter in the region and he marshals his unprecedented sources to paint intimate and revealing portraits of the men who control Southeast Asia Studwell also provides us with a rich

and deep understanding of the broader historic economic and political influences that have shaped Southeast Asia over the past 150 years *Asian Godfathers* is a riveting and illuminating book that lifts the curtain on a world of staggering secrecy and hypocrisy and reveals for the first time who the leaders of one of the planet's most important and tumultuous markets really are why they got to the top and how they keep themselves there The romp around the region's pleasure domes is a blast *The Wall Street Journal Asia*

Becoming Yellow Michael Keevak, 2011-04-18 The story of how East Asians became yellow in the Western imagination and what it reveals about the problematic history of racial thinking In their earliest encounters with Asia Europeans almost uniformly characterized the people of China and Japan as white This was a means of describing their wealth and sophistication their willingness to trade with the West and their presumed capacity to become Christianized But by the end of the seventeenth century the category of whiteness was reserved for Europeans only When and how did Asians become yellow in the Western imagination Looking at the history of racial thinking *Becoming Yellow* explores the notion of yellowness and shows that this label originated not in early travel texts or objective descriptions but in the eighteenth and nineteenth century scientific discourses on race From the walls of an ancient Egyptian tomb which depicted people of varying skin tones including yellow to the phrase yellow peril at the beginning of the twentieth century in Europe and America Michael Keevak follows the development of perceptions about race and human difference He indicates that the conceptual relationship between East Asians and yellow skin did not begin in Chinese culture or Western readings of East Asian cultural symbols but in anthropological and medical records that described variations in skin color Eighteenth century taxonomers such as Carl Linnaeus as well as Victorian scientists and early anthropologists assigned colors to all racial groups and once East Asians were lumped with members of the Mongolian race they began to be considered yellow Demonstrating how a racial distinction took root in Europe and traveled internationally *Becoming Yellow* weaves together multiple narratives to tell the complex history of a problematic term

Kingdoms in Peril, Volume 2 Feng Menglong, 2023-10-17 *Kingdoms in Peril* is an epic historical novel covering the five hundred and fifty years of the Eastern Zhou dynasty from the civil wars and invasions that marked the birth of a new regime in 771 BCE to the unification of China in 221 BCE *Kingdoms in Peril* was written in the 1640s at the very end of the Ming dynasty by the great novelist Feng Menglong 1574-1646 In the course of the one hundred and eight chapters of the complete novel he documents the collapse of the Zhou confederacy during the Spring and Autumn period 771-475 BCE and the slow rebuilding of civil society during the Warring States era 475-221 BCE which culminated in the unification of China under the First Emperor of the Qin dynasty in 246-221 BCE as king in 221-210 BCE as emperor Thus overall this novel describes a grand arc from stability to chaos and back again As a novel about politics much of the narrative in *Kingdoms in Peril* concentrates on the exercise of power

The Lius of Shanghai Sherman Cochran, Andrew Hsieh, 2013-04-22 From the Sino Japanese War to the Communist Revolution a cache of letters from one of China's prominent families the Lius of Shanghai sheds light on a tumultuous era Sherman Cochran and Andrew

Hsieh show how the family confronted war civil unrest and social upheaval and how in the midst of it all they built a vast business empire

*The Hybrid Tsinoy*s Juliet Lee Uytanlet,2016-06-28 The Hybrid Tsinoy is a study of hybridity and homogeneity as sociocultural constructs in the development of current ethnic identities of Chinese Filipinos This study employs a descriptive ethnographic research method to discover how they see or define themselves in terms of ethnicity Chinese Filipino or both and how their perspectives affect other aspects of their lives language marriage and family The research proposes that there are different kinds of Chinese Filipinos as evidenced in the six classifications in chapter 4 Further most of them have constructed a hybrid culture exclusively and uniquely their own On the one hand they are still attached to their cultural roots on the other hand they cannot evade the fact that they are influenced by their host country and the present global and migratory age we live in Second third and fourth generation Chinese Filipinos demonstrate their hybridity in language and mindset This dissertation also lays out some challenges in relation to doing mission among them

The Construction of Racial Identities in China and Japan Frank Dikötter,1997-01-01 Far from being a negligible aspect of contemporary identity racialised senses of belonging have often been the very foundation of national identity in East Asia in the twentieth century As this volume shows the construction of symbolic boundaries between racial categories has undergone many transformations in China and Japan but the attempt to rationalise and rank real and imagined differences between population groups remains wide spread In an era of economic globalisation and political depolarisation racial discrimination has increased in East Asia affecting the human rights of marginalised groups and collective perceptions of the world order The historical background and contemporary implications of these potentially explosive issues are addressed

Diaspora's Homeland Shelly Chan,2018-03-15 In Diaspora's Homeland Shelly Chan provides a broad historical study of how the mass migration of more than twenty million Chinese overseas influenced China's politics economics and culture Chan develops the concept of diaspora moments a series of recurring disjunctions in which migrant temporalities come into tension with local national and global ones to map the multiple historical geographies in which the Chinese homeland and diaspora emerge Chan describes several distinct moments including the lifting of the Qing emigration ban in 1893 intellectual debates in the 1920s and 1930s about whether Chinese emigration constituted colonization and whether Confucianism should be the basis for a modern Chinese identity as well as the intersection of gender returns and Communist campaigns in the 1950s and 1960s Adopting a transnational frame Chan narrates Chinese history through a reconceptualization of diaspora to show how mass migration helped establish China as a nation state within a global system

Borderless Economics Robert Guest,2011-11-08 An editor for The Economist looks at how international diasporas are accelerating and diversifying the flow of ideas technology and wealth improving lives across the globe A century ago migrants often crossed an ocean and never saw their homelands again Today they call or Skype home the moment their flight has landed and that's just the beginning Thanks to cheap travel and easy communication immigrants everywhere stay in

intimate contact with their native countries creating powerful cross border networks In *Borderless Economics* Robert Guest travels through dozens of countries and 44 American states observing how these networks create wealth spread ideas and foster innovation Covering phenomena such as how young Chinese studying in the West are infecting China with democratic ideals to why the so called brain drain the flow of educated migrants from poor countries to rich ones actually reduces global poverty this is a fascinating look at how migration makes the world wealthier and happier Canonization of Gods and Tribulation of Devils Lian Hongwen,2020-04-27 Amongst the gods there was a saying that a deity had committed a murder a thousand years ago The massacre over a thousand years ago was in fact a struggle between human cultivators and animal cultivators After a thousand years there would be another contest However the contest from a thousand years ago was even more bitter Who would be the final victor in the battle between the Immortal Path s Ancestor and the Devil Realm s Ancestor This was heavenly tribulation Only a person with heavenly destiny could survive this He was born into the world Sages and Filial Sons Julia Ching,R. W. L. Guisso,1991 *Chinese* Iza Inglis Christie,1927 **Representations of China in British Children's Fiction, 1851-1911** Shih-Wen Chen,2016-04-08 In her extensively researched exploration of China in British children s literature Shih Wen Chen provides a sustained critique of the reductive dichotomies that have limited insight into the cultural and educative role these fictions played in disseminating ideas and knowledge about China Chen considers a range of different genres and types of publication travelogue storybooks historical novels adventure stories and periodicals to demonstrate the diversity of images of China in the Victorian and Edwardian imagination Turning a critical eye on popular and prolific writers such as Anne Bowman William Dalton Edwin Harcourt Burrage Bessie Marchant G A Henty and Charles Gilson Chen shows how Sino British relations were influential in the representation of China in children s literature challenges the notion that nineteenth century children s literature simply parroted the dominant ideologies of the age and offers insights into how attitudes towards children s relationship with knowledge changed over the course of the century Her book provides a fresh context for understanding how China was constructed in the period from 1851 to 1911 and sheds light on British cultural history and the history and uses of children s literature **Historical Records** 史记 Sima Qian,2019-02-02 *Historical Records* was written by Sima Qian the Western Han Dynasty historian The biographical history book is the first biographical general history in China documented on to the ancient legend of the Yellow Emperor era down to the Han Dynasty between the beginning four years a total of 3 000 years of history In 104 B C Sima Qian began the creation of a history book called *Tai Shi Gong Shu* which was later called *Historical Records* It took 14 years before and after to complete The *Historical Records* book includes twelve *Origins Volumes* recording the emperor s political achievements thirty *Family Volumes* remembering the vassal state and dynasty princes honors and dying Seventy *Fame Verses* remembering the deeds of important people ten *Tables* chronology of major events eight *Books* remembering various rules and regulations ritual music temperament calendar astronomy meditation water conservancy financial use a total of
