Alexander PhD,2019-12-11 We are in the midst of an epic evolution in consciousness that involves a radical shift in orientation from the ego to the heart and soul This transformative process requires a breaking down of the old form which we are witnessing personally and collectively to create the space for something new to emerge As we live from the soul and express our deepest truths we actively participate in this change Life experiences may seem as though they re random but in fact they have an intention deeper meaning and purpose which is to facilitate this transformation within us Everything is occurring to free us from our old beliefs outdated ways of living and any limiting ideas we have about life and ourselves In INITIATION OF THE SOUL Dr Pamela Alexander explores the soul s journey through myth and classic fairy tales In the initiatory mythic story of Psyche and Amor the goddess of love orchestrates events in order to awaken the soul from its slumber The heroine faces challenging tasks that draw the deeper truth of the soul s inherent wholeness freedom and power out of the unconscious and into an embodied awareness Dr Alexander proceeds from there to explore fairy tales that speak to the issues that arise during the soul s emergence These stories symbolically instruct us as to how to resolve our fears and open to love As inner restrictions are resolved we can embody expanded versions of ourselves and become more stable in a chaotic and uncertain world The stories guide us to free the soul from an egoic identification which is buffeted by the winds of change and the opinions of others to the unshakeable ground of being within Then we are empowered to live in freedom and wholeness as we participate in the creation of a new world **Seeking Wisdom in Adult Teaching and Learning** Wilma Fraser,2017-10-24 This book concerns the pursuit of wisdom in education and the argument that wisdom personified here as Sophia is tragically marginalised or absent in current Western epistemological discourses It includes a review of key historical and classical framings which have lost much potency and relevance as certain cultural narratives hold sway these include the reductionist technicist and highly instrumentalist discourses which shape the articulation and delivery of much education policy and practice whilst reflecting similar troubling framings from broader neoliberal perspectives Fraser argues that wisdom s marginalisation has had and continues to have profoundly deleterious consequences for our educative practices Through a compelling combination of narrative and autoethnographic techniques while also drawing on philosophical and cultural traditions the book pushes at the boundaries of emerging knowledge including how knowledge is generated It will be of interest to those who facilitate the learning of adults in a variety of settings as well as to students and supervisors seeking exemplars and justification for working in non traditional ways Historical Dictionary of Feminism Janet K. [The Re-Emergence of the Divine Feminine and Its Significance for Spiritual, Psychological and Evolutionary Growth](#) Franceska Perot, 2008-02 For millennia a patriarchal society has ruled to the exclusion of the feminine or the Goddess who was peacefully worshipped before being completely replaced by a warrior Father God The Goddess and hence women have been relegated to second class citizens The concept of woman as defined by traditional patriarchal society has disempowered the female sex and deemed them inferior This exclusion and denigration of the divine feminine has done serious damage to women and men both individually and collectively not to mention the damage this masculine mindset has caused to the environment through wars and other aggressive acts In this dissertation the history of the Goddess from the Paleolithic to the present is discussed and causes for the rise of patriarchy such as invasions by warrior cults the advent of language and the development of the ego are explored Then the re emergence of the divine feminine and its psychological spiritual and evolutionary effects are discussed This negative perception of the self by women is challenged by re imaging women after the Greek Goddess archetypes Athena Hera Demeter Artemis Aphrodite and Persephone The Goddess archetypes are discussed in a therapeutical context as well as other therapeutical techniques such as aspecting visualizations and women s groups and circles The author proposes the re introduction of the Sacred Marriage a sacred ritual performed in temples since Neolithic times and in certain sects today as a technique for therapy This sexual

ritual along with an understanding of the history of the divine feminine will have individual collective and evolutionary effects with its use On the Issues ,1998 Dialogue and Universalism ,1998 Toward synergy of civilizations *Dancing the Labyrinth* Maddy Cunningham,Jade de Saussure,2019-03-22 Using a relational approach *Dancing the Labyrinth* integrates knowledge of women s psychological and spiritual development and the stories of a diverse group of women to examine how spirituality changes over the adult life course the catalysts for said changes and feminist spirituality which highlights the importance of relationships The book also includes several chapters that highlight specific clinical interventions professionals can use to implement spirituality into their practice with women **Sophia** Caitlín Matthews,2013-09-20 Anyone interested in the feminine face of God throughout the ages will find *Sophia* an illuminating experience Caitlin Matthews scholarship connects us to past present and future in the very depths of our femininity Marion Woodman Jungian analyst and author of *Bone Dying into Life* *Sophia* or wisdom in Greek has been revered in many forms throughout history from the Dark Goddess of ancient Anatolia to her Egyptian Greek Celtic and Cabalistic manifestations to her current forms as Mary and the orthodox St Sophia In the Gnostic Gospel of Thomas Sophia sits with God until the creation Then she falls into matter and becomes manifest in every atom permeating all things like the sparks that run through charcoal as Matthews says While God is out there the Goddess is in here the mother wit of practical inspiration and compassion at the heart s core This definitive work comprehensively establishes a realistic Goddess theology for Westerners in the twenty first century grounding spirituality in daily life and the natural world learning to work playfully and play seriously ending the gender war to enjoy sacred marriage
