Ethics of the Real Alenka Zupančič, 2000 The idea of Kantian ethics is both simple and revolutionary it proposes a moral law independent of any notion of a pre establishment of fear In attempting to interpret such a revolutionary proposition in a more humane light and to turn Kant into our contemporary someone who can help us with our own ethical dilemmas many Kantian scholars have glossed over its apparent paradoxes and impossible claims This book is concerned with doing exactly the opposite Kant thank God is not our contemporary he stands against the grain of our times Lacan on the face of it appears to be the very antithesis of Kant the wild theorist of psychoanalysis compared to the sober Enlightenment figure His concept of the Real however provides perhaps the most useful backdrop to this new interpretation of Kantian ethics Constantly juxtaposing her readings of the two philosophers Alenka Zupancic summons up and ethics of the Real and clears the ground for a radical restoration of the disruptive element in ethics

movies have become an important segment of world cinema and the de facto Holocaust education for many. One quarter of all American produced Holocaust related feature films have won or been nominated for at least one Oscar. In fact from 1945 through 1991 half of all American Holocaust features were nominated. Yet most Holocaust movies have fallen through the cracks and few have been commercially successful. This book explores these trends and many others with a comprehensive guide to hundreds of films and made for television movies. From Anne Frank to Schindler's List to Jojo Rabbit more than 400 films are examined from a range of perspectives: historical, chronological, thematic, sociological, geographical, and individual. The filmmakers are contextualized including Charlie Chaplin, Sidney Lumet, Steven Spielberg, Quentin Tarantino, and Roman Polanski. Recommendations and reviews of the 50 best Holocaust films are included along with an educational guide, a detailed listing of all films covered, and a four part index/glossary.

The Comparative Perspective on Literature Clayton Koelb, 2019-06-30 Few would deny that comparative literature is rapidly moving from the periphery toward the center of literary studies in North America, but many are still unsure just what it is. The Comparative Perspective on Literature shows by means of twenty-two exemplary essays by many of the most distinguished scholars in the field how comparative literature as a discipline is conceived of and practiced in the 1980s. Nearly all of them published here for the first time, the essays discuss and themselves reflect significant changes at the core of the field as well as evolving notions as to what comparative literature is and should be. The volume editors Clayton Koelb and Susan Noakes have included essays that address the scope and concerns of comparative literature today, historical and international contexts of the field, and the relationship of literary criticism to other disciplines as well as affording comparative perspectives on current critical issues.

Encountering Evil Stephen T. Davis, 2001-01-01 Eight prominent philosophers and theologians confront the problems posed by natural and human evil for theistic belief. Each thinker sets out his or her theodicy and its connections to current social and philosophical debates. The other contributors then offer critiques of each theodicy to which its author subsequently responds. The result is a valuable introduction to philosophical and theological perspectives on contemporary evil and to the nature of discourse in the philosophy of religion.

Enjoy Your Symptom! Slavoj Žižek, 2012-08-21 The title is just the first of many startling asides, observations, and insights that fill this guide to Hollywood on the Lacanian psychoanalyst's couch. Žižek introduces the ideas of Jacques Lacan through the medium of American film, taking his examples from over 100 years of cinema, from Charlie Chaplin to *The Matrix*, and referencing along the way such figures as Lenin and Hegel, Michel Foucault, and Jesus Christ. *Enjoy Your Symptom* is a thrilling guide to cinema and psychoanalysis from a thinker who is perhaps the last standing giant of cultural theory in the twenty-first century.
