Soranos Dephese Maladies Des Femme Tome Iv:

The Fragments of the Methodists, Volume One: Text and Translation Manuela Tecusan, 2018-07-17 The Fragments of the Methodists is a new attempt to give a first corpus of its kind Manuela Tecusan has collected edited and translated all the surviving testimonials concerning one of the most influential schools or doctrines of medicine in late antiquity Methodism This volume contains the fragments accompanied by a textual apparatus and facing English translation The introduction provides a guide to the collection The second volume presents a commentary to all fragments and two glossaries of medical and pharmacological terms Apart from its intrinsic novelty this material affords fresh insights into broad topics of contemporary concern such as the relation between philosophy and medicine problems of biomedical ethics the epistemological foundations of the sciences the role of causal explanation explored here in their fascinating historical set up Many of the long texts included in the Methodist collection become now available in a translation for the first time

Infirmity in Antiquity and the Middle Ages Christian Krötzel, Katariina Mustakallio, Jenni Kuuliala, 2016-03-09 This volume discusses infirmitas infirmity or weakness in ancient and medieval societies It concentrates on the cultural social and domestic aspects of physical and mental illness impairment and health and also examines frailty as a more abstract cultural construct It seeks to widen our understanding of how physical and mental well being and weakness were understood and constructed in the longue dure from antiquity to the Middle Ages The chapters are written by experts from a variety of disciplines including archaeology art history and philology and pay particular attention to the differences of experience due to gender age and social status The book opens with chapters on the more theoretical aspects of pre modern infirmity and disability moving on to discuss different types of mental and cultural infirmities including those with positive connotations such as medieval stigmata The last section of the book discusses infirmity in everyday life from the perspective of healing medicine and care

The 'cursus laborum' of Roman Women Anna Tatarkiewicz, 2023-03-09 This book assesses a narrow but vital and so far understudied part of Roman women s lives puberty preparation for pregnancy pregnancy and childbirth Bringing together for the first time the material and textual sources for this key life stage it describes the scientific educational medical and emotional aspects of the journey towards motherhood The first half of the book considers the situation a Roman girl would find herself in when it came to preparing for children Sources document the elementary sexual education offered at the time and society s knowledge of reproductive health We see how Roman women had recourse to medical advice but also turned to religion and magic in their preparations for childbirth The second half of the book follows the different stages of pregnancy and labour As well as the often documented examples of joyous expectation and realisation of progeny there are also family tragedies young girls dying prematurely stillbirth death in childbirth and death during confinement Finally the book considers the social change that childbirth wrought on the mother not just the new baby in many ways it was also a mother who was in the process of being conceived and brought into the world

Virginity

Revisited Bonnie MacLachlan, Judith Fletcher, 2007-01-01 From Classical Antiquity to the present virginity has been closely allied with power as someone who chooses a life of celibacy retains mastery over his or her body Sexual potency withheld becomes an energy reservoir that can ensure independence and enhance self esteem but it can also be harnessed by public institutions and redirected for the common good This was the founding principle of the Vestal Virgins of Rome and later in the monastic orders of the middle ages Mythical accounts of goddesses and heroines who possessed the ability to recover their virginity after sexual experience demonstrate a belief that virginity is paradoxically connected both with social autonomy and the ability to serve the human community Virginity Revisited is a collection of essays that examines virginity not as a physical reality but as a cultural artefact By situating the topic of virginity within a range of historical moments and using a variety of methodologies Virginity Revisited illuminates how chastity provided a certain agency autonomy and power to women This is a study of the positive and negative features of sexual renunciation from ancient Greek divinities and mythical women in Rome s Vestal Virgins in the Christian martyrs and Mariology in the Medieval and early Modern period and in Grace Marks the heroine of Margaret Atwood s novel Alias Grace

Internationale Bibliographie der

Rezensionen wissenschaftlicher Literatur, 2003 , Medicine and Markets in the Graeco-Roman World and Beyond Rebecca Flemming, Laurence Totelin, 2020-01-01 For almost half a century Vivian Nutton has been a leading figure in the study of ancient and less ancient medicine The field itself has been revolutionised over that time In this volume distinguished colleagues and former students develop in his honour key themes of his ground breaking scholarship Spanning from the Bronze Age to the Digital Age involving the cult of Artemis and the corpuscular theories of Asclepiades of Bithynia the medicinal uses of beavers and the cost of health care and wet nursing case histories remedy exchange and the medical repercussions of political assassination this book has at its centre the pluralism and diversity of the ancient medical marketplace The lively interplay between choice and competition unity and division communication and debate so notable in Vivian Nutton s foundational vision of the world of classical medicine is richly examined across these pages Breastfeeding and Mothering in Antiquity and Early Byzantium Stavroula Constantinou, Aspasia Skouroumouni-Stavrinou, 2023-09-29 This volume offers the first comparative interdisciplinary and intercultural examination of the lactating woman biological mother and othermother in antiquity and early Byzantium Adopting methodologies and knowledge deriving from a variety of disciplines the volume s contributors investigate the close interrelationship between a woman and her lactating breasts as well as the social ideological theological and medical meanings and uses of motherhood childbirth and breastfeeding along with their visual and literary representations Breastfeeding and the work of mothering are explored through the study of a great variety of sources mainly works of Greek speaking cultures written and visual anonymous and eponymous which were mostly produced between the first and the seventh century AD Due to their multiple interdisciplinary dimensions ancient and early Byzantine lactating women are approached through three interconnected thematic strands having a twofold focus

society and ideology medicine and practice and art and literature By developing the model of the lactating woman the volume offers a new analytical framework for understanding a significant part of the still unwritten cultural history of the period At the same time the volume significantly contributes to the emerging fields of breast and motherhood studies The new and significant knowledge generated in the fields of ancient and Byzantine studies may also prove useful for cultural historians in general and other disciplines such as literary studies art history history of medicine philosophy theology sociology anthropology and gender studies

Weak Knowledge Moritz Epple, Annette Imhausen, Falk Müller, 2019-12-18 Im Gegensatz zu landläufigen Vorstellungen sind wissenschaftliche Wissensbestände häufig prekäre Ressourcen Sie können in bestimmten Situationen aus epistemischen Gründen schwach sein weil Begründungen oder empirische Evidenz problematisch sind In anderen Situationen fehlt die kulturelle und soziale Anerkennung oder das fragliche Wissen bleibt schwach weil es nicht gelingt es praktisch nutzbar zu machen Der Band versammelt Beiträge aus allen historischen Epochen und aus einem breiten Spektrum von Wissensgebieten von der Medizin bis zur Klimatologie

Archives Internationales D'histoire Des Sciences, 2000

Bodily Fluids in Antiquity Mark Bradley, Victoria Leonard, Laurence Totelin, 2021-04-26 From ancient Egypt to Imperial Rome from Greek medicine to early Christianity this volume examines how human bodily fluids influenced ideas about gender sexuality politics emotions and morality and how those ideas shaped later European thought Comprising 24 chapters across seven key themes language gender eroticism nutrition dissolution death and afterlife this volume investigates bodily fluids in the context of the current sensory turn It asks fundamental questions about physicality and fluidity how were bodily fluids categorised and differentiated How were fluids trapped inside the body perceived and how did this perception alter when those fluids were externalised Do ancient approaches complement or challenge our modern sensibilities about bodily fluids How were religious practices influenced by attitudes towards bodily fluids and how did religious authorities attempt to regulate or restrict their appearance Why were some fluids taboo and others cherished In what ways were bodily fluids gendered Offering a range of scholarly approaches and voices this volume explores how ideas about the body and the fluids it contained and externalised are culturally conditioned and ideologically determined The analysis encompasses the key geographic centres of the ancient Mediterranean basin including Greece Rome Byzantium and Egypt By taking a longue durée perspective across a richly intertwined set of territories this collection is the first to provide a comprehensive wide ranging study of bodily fluids in the ancient world Bodily Fluids in Antiquity will be of particular interest to academic readers working in the fields of classics and its reception archaeology anthropology and ancient to Early Modern history It will also appeal to more general readers with an interest in the history of the body and history of medicine Chapter 10 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

1994 Massimo Mastrogregori, 2013-05-08 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an

international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors *The Classical Review* ,2003 **Sex and the Ancient City** Andreas Serafim,George Kazantzidis,Kyriakos Demetriou,2022-05-09 This volume aims to revisit further explore and tease out the textual but also non textual sources in an attempt to reconstruct a clearer picture of a particular aspect of sexuality i e sexual practices in Greco Roman antiquity Sexual practices refers to a part of the overarching notion of sexuality specifically the acts of sexual intercourse the erogenous capacities and genital functions of male and female body and any other physical or biological actions that define one s sexual identity or orientation This volume aims to approach not simply the acts of sexual intercourse themselves but also their legal social political religious medical cultural moral and interdisciplinary e g emotional performative perspectives as manifested in a range of both textual and non textual evidence i e architecture iconography epigraphy etc The insights taken from the contributions to this volume would enable researchers across a range of disciplines e g sex gender studies comparative literature psychology and cognitive neuroscience to use theoretical perspectives methodologies and conceptual tools to frame the sprawling examination of aspects of sexuality in broad terms or sexual practices in particular **La science médicale antique** Jacques Jouanna,Véronique Boudon-Millot,Alessia Guardasole,Caroline Magdelaine,2008 *Society for Ancient Medicine Review* ,1993 **Medecine et Morale Dans L'Antiquite** ,1997-12-31 **De la maladie d'amour ou mélancolie érotique** Jacques Ferrand,Donald Beecher,Massimo Ciavolella,2010 Going from the philosophical definition of love to chemical remedies this work is an encyclopedia of love in the Renaissance viewed from a medical point of view **Experiencing Pain in Imperial Greek Culture** Daniel King,2018 This volume investigates the history and nature of pain in Greek culture under the Roman Empire 50 250 CE Traditional accounts of pain in this society have focused either on philosophical or medical theories of pain or on Christian notions of suffering fascination with the pained body has often been assumed to be a characteristic of Christian society rather than Imperial culture in general This book employs tools from contemporary cultural and literary theory to examine the treatment of pain in a range of central cultural discourses from the first three centuries of the Empire including medicine religious writing novelistic literature and rhetorical ekphrasis It argues instead that pain was approached from an holistic perspective rather than treating pain as a narrowly defined physiological perception it was conceived as a type of embodied experience in which ideas about the body s physiology the representation and articulation of its perceptions as well as the emotional and cognitive impact of pain were all important facets of what it meant to be in pain By bringing this conception to light scholars are able to redefine our understanding of the social and emotional fabric of Imperial society and help to reposition its relationship with the emergence of Christian society in late antiquity **Birth in Babylonia and the Bible** Stol,2021-11-15

Utilising material spanning 3000 years this book examines childbirth in the Biblical and Babylonian world Stol's scholarship has an extraordinary range He follows the mother and child from conception to weaning analyzing a variety of different texts and topics He deals for example with the vicissitudes and procedures of labor and delivery delivery with magical plants and amulets and with legal issues relating to abortion or to the liability of the wet nurse Many of the texts are rich and distinctive Babylonian incantations to facilitate birth describe the child moving over the dark sea and like a ship reaching the quay of life His discussions are supplemented with relevant examples drawn from Greek and Roman sources Rabbinic literature and modern ethnographic material from traditional Middle Eastern societies The last chapter written by F A M Wiggermann deals with the horrible baby snatching demon Lamastum This book is a fully re worked edition of a volume originally written in Dutch 1983 Both authors teach at the Free University Amsterdam

FAQs About Soranos Dephese Maladies Des Femme Tome Iv Books

What is a Soranos Dephese Maladies Des Femme Tome Iv PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Soranos Dephese Maladies Des Femme Tome Iv PDF?**

There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Soranos Dephese Maladies Des Femme Tome Iv PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Soranos**

Dephese Maladies Des Femme Tome Iv PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Soranos Dephese Maladies Des Femme Tome Iv PDF?**

Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
