White Sororities and the Cultural Work of Belonging

Charlotte Hogg, 2023-12-19 Charlotte Hogg takes a close look through the example of White university sororities at how we create and cling to subcultures through the notion of belonging and how spoken and unspoken rhetorics contribute to this notion. Renewed calls to end Greek letter organizations for racism and sexism including increased scrutiny on White women's social justice failings have intensified. But as Hogg shows, rhetorics of belonging have always occurred amid and even in response to anti-GLO sentiment. She shows how rhetorical efforts by members for members foster belonging for insiders while also seeking to appease those on the outside. In her analysis, Hogg positions the study of rhetoric beyond traditional methods of persuasion to show how we communicate and participate in communities as citizens in subtle ways beyond speaking and writing. Through engaging narrative drawing on her experiences as a member of a White sorority, archival research, and interviews with collegians and alumni, she shows how efforts toward belonging can influence particular beliefs about womanhood in complex ways. This thought-provoking volume will interest scholars and students from a range of disciplines including rhetoric and communication studies, gender studies, feminism, sociology, cultural anthropology, and history.

Grades seven and eight Ernest Horn, Ernest James Ashbaugh, 1928

Under Suspicion James

Olszewski, 2008-11-21 Two men on the same side of the law with two different objectives. While investigating the same case, the situation turns deadly. Jim Harper has been Sheriff of Lewis County for three decades. But when a drug investigation shatters the harmony of his County, he finds his community questioning his abilities. Alan Bradley is a hard-driving Special Agent of the Drug Enforcement Agency. A tip leads Bradley to Lewis County where he suspects a drug dealer is hiding. The Phantom file is a mysterious case on the DEA docket, and solving it would make Bradley a hero. Problems arise which lead to mistakes, and he finds himself unprepared. In order to preserve his credibility, he spins doctors the situation. He resurrects a ghost from Lewis County's past: D.B. Cooper. The public's reaction to the story of this hijacker couldn't be predicted as everyone is caught up in its wake. They clash, but there can only be one winner, and it'll be at the expense of the other. Who will find that truth first?

Softly Goes the Water

Ryan Rayston, 2019-01-04 *Softly Goes the Water* is the sweeping saga of two families, the Rileys and the McCaddens, who live next door to each other on the wealthy shoreline of Lake Minnetonka near Minneapolis. The story centers on Ever Riley, a lonely only child whose prodigious intellect emerges in childhood. Jules McCadden, the boy who lives next door, has uncanny second sight that allows him to see events before they happen. The course of their friendship, cemented on the day President Kennedy is assassinated, shapes a fantastical narrative that is the heart and soul of the book. Through the story of Ever and Jules, we witness a sprawling drama that centers on the struggles, missteps, and many faces of maladjustment of family, friends, and lovers during the iconic sixties and seventies. Fate and tragedy collide when a Shoreline Drive car accident and the Vietnam War forever change both families. *Softly Goes the Water* shines a light on mental illness, anomie, social dysfunction, sex, and secrets, and a secret Ever chooses to carry alone. Ultimately,

it renders tangible the joy in finding where one belongs in life even if it's not the answer one expected. A magical and heartwarming story of love, hope, and the power of friendship coming of age and coming to believe amidst incredible odds.

Hazing Hank Nuwer, 2018-03 When does becoming part of the team go too far? For decades, young men and women endured degrading and dangerous rituals in order to join sororities and fraternities while college administrators blindly accepted their consequences. In recent years, these practices have spilled over into the mainstream, polluting military organizations, sports teams, and even secondary schools. In *Destroying Young Lives: Hazing in Schools and the Military*, Hank Nuwer assembles an extraordinary cast of analysts to catalog the evolution of this dangerous practice from the first hazing death at Cornell University in 1863 to present-day tragedies. This hard-hitting compilation addresses the numerous significant and often overlooked impacts of hazing, including sexual exploitation, mental distress, depression, and even suicide. *Destroying Young Lives* is a compelling look at how universities, the military, and other social groups can learn from past mistakes and protect their members going forward.

Women of Discriminating Taste Margaret L. Freeman, 2020-12-01 *Women of Discriminating Taste* examines the role of historically white sororities in the shaping of white womanhood in the twentieth century. As national women's organizations, sororities have long held power on college campuses and in American life. Yet the groups also have always been conservative in nature and inherently discriminatory, selecting new members on the basis of social class, religion, race, or physical attractiveness. In the early twentieth century, sororities filled a niche on campuses as they purported to prepare college women for ladyhood. Sorority training led members to comport themselves as hyperfeminine, heterosocially inclined, traditionally minded women following a model largely premised on the mythical image of the southern lady. Although many sororities were founded at non-southern schools and also maintained membership strongholds in many non-southern states, the groups adhered to a decidedly southern aesthetic, a modernized version of Lost Cause ideology in their social training to deploy a conservative agenda. Margaret L. Freeman researched sorority archives, sorority-related materials in student organizations, as well as dean of women's student affairs and president's office records collections for historical data that show how white southerners repeatedly called upon the image of the southern lady to support southern racial hierarchies. Her research also demonstrates how this image could be easily exported for similar uses in other areas of the United States that shared white southerners' concerns over changing social demographics and racial discord. By revealing national sororities as significant players in the grassroots conservative movement of the twentieth century, Freeman illuminates the history of contemporary sororities, difficult campus relationships, and their continuing legacy of discriminatory behavior and conservative rhetoric.
