Whose History? Grant Rodwell, 2013. Somebody once quipped that any work of Australian historical fiction is a burning fuse travelling over decades through Australian culture and society. In some manner every newly published Australian historical novel is connected to

what it has preceded Each work belongs to a proud history Through multiple examples Grant Rodwell encourages readers to see how a work of historical fiction has evolved Thus under various themes WHOSE HISTORY examines the traditions in Australian historical fiction and ponders how Australian historical novels can engage teachers and student teachers WHOSE HISTORY aims to illustrate how historical novels and their related genres may be used as an engaging teacher learning strategy for student teachers in pre service teacher education courses It does not argue all teaching of History curriculum in pre service units should be based on the use of historical novels as a stimulus nor does it argue for a particular percentage of the use of historical novels in such courses It simply seeks to argue the case for this particular approach leaving the extent of the use of historical novels used in History curriculum units to the professional expertise of the lecturers responsible for the units

The Oxford Handbook of Law and Anthropology Marie-Claire Foblets, Mark Goodale, Maria Sapignoli, Olaf Zenker, 2022-04-01 The Oxford Handbook of Law and Anthropology is a ground breaking collection of essays that provides an original and internationally framed conception of the historical theoretical and ethnographic interconnections of law and anthropology Each of the chapters in the Handbook provides a survey of the current state of scholarly debate and an argument about the future direction of research in this dynamic and interdisciplinary field The structure of the Handbook is animated by an overarching collective narrative about how law and anthropology have and should relate to each other as intersecting domains of inquiry that address such fundamental questions as dispute resolution normative ordering social organization and legal political and social identity The need for such a comprehensive project has become even more pressing as lawyers and anthropologists work together in an ever increasing number of areas including immigration and

asylum processes international justice forums cultural heritage certification and monitoring and the writing of new national constitutions among many others The Handbook takes critical stock of these various points of intersection in order to identify and conceptualize the most promising areas of innovation and sociolegal relevance as well as to acknowledge the points of tension open questions and areas for future development

Terrae-filius, Or, The Secret History of the University of Oxford, 1721-1726 Nicholas Amhurst, 2004-04 Although Amhurst was often dismissed by nineteenth century historians of Oxford as a bitter slanderer of his university his work stands as the single most important and reliable contemporarily published account of life in early eighteenth century Oxford The Terrae Filius essays despite their satirical bent also demonstrate that Amhurst had a deep respect for the institution and a clear vision of the intellectual ideas it should embody This modern critical edition reprints all fifty three Terrae Filius essays including the three omitted from the 1726 collected editions and provides an introduction and extensive explanatory notes that set the essays in their historical and cultural context
