BIRTH... STARTING BEFORE ZERO PSJ (Peet) Schutte, 2013-07-12. I explain Genesis 1 v 1, the beginning or birth of the Universe, in terms of the Bible using not theology but mathematics. I prove Genesis 1 verse 1 to be correct by using mathematics. The Bible says: IN THE BEGINNING OF CREATION 1 when God made heaven and earth 2 the earth was without form and void 3 with darkness over the face of the abyss. Yes, this I do explain mathematically, and I manage this because I prove and explain four cosmic keys that build the Universe: namely, The Titius-Bode Law, The Lagrangian Points, The Roche limit, and the Coanda Effect. Everything in nature in the Universe applies these phenomena in how space forms. The Titius-Bode Law, The Lagrangian Points, The Roche limit, and the Coanda Effect form the Universe in as much as forming stars in spheres and forming galaxies in circles. These principles form space and materials. This is a process that produces space, and that is how the Universe began before the Universe began in space. I take the cosmic birth back to before space came about as the Big Bang.
