Spies And Detectives:

Spies and Detectives Hazel Poole, Sarah Ketchersid, 2000 Enter the incredible world of super spies crime busting detectives and ingenious gadgets **The Spies and Detectives Cut and Color Book** Chatham River Press, Outlet Book Company Staff, Random House Value Publishing Staff, Rh Value Publishing, 1989-07-30 **Spies & Detectives** Hazel Poole, 2008-01-01 Presents facts about the work of spies and crime detectives discussing tools of the trade famous spies and the use of dogs in detective work **The Lady Investigates** Patricia Craig, Mary Cadogan, 1981 Morality and the Law in British Detective and Spy Fiction, 1880-1920 Kate Morrison, 2020-05-08 Who decides what is right or wrong ethical or immoral just or unjust In the world of crime and spy fiction between 1880 and 1920 the boundaries of the law were blurred and justice called into question humanity's moral code As fictional detectives mutated into spies near the turn of the century the waning influence of morality on decision making signaled a shift in behavior from idealistic principles towards a pragmatic outlook taken in the national interest Taking a fresh approach to Sir Arthur Conan Doyle's popular protagonist Sherlock Holmes this book examines how Holmes and his rival maverick literary detectives and spies manipulated the law to deliver a fairer form of justice than that ordained by parliament Multidisciplinary this work views detective fiction through the lenses of law moral philosophy and history and incorporates issues of gender equality and race By studying popular publications of the time it provides a glimpse into public attitudes towards crime and morality and how those shifting opinions helped reconstruct the hero in a new image Inventing the Pinkertons; or, Spies, Sleuths, Mercenaries, and Thugs S. Paul O'Hara, 2016-10-18 The fascinating story of the most notorious detective agency in US history Between 1865 and 1937 Pinkerton's National Detective Agency was at the center of countless conflicts between capital and labor bandits and railroads and strikers and state power Some believed that the detectives were protecting society from dangerous criminal conspiracies others thought that armed Pinkertons were capital's tool to crush worker dissent Yet the image of the Pinkerton detective also inspired romantic and sensationalist novels reflected shifting ideals of Victorian manhood and embodied a particular kind of rough frontier justice Inventing the Pinkertons examines the evolution of the agency as a pivotal institution in the cultural history of American monopoly capitalism Historian S Paul O Hara intertwines political social and cultural history to reveal how Scottish born founder Allan Pinkerton insinuated his way to power and influence as a purveyor of valuable and often wildly wrong intelligence in the Union cause During Reconstruction Pinkerton turned his agents into icons of law and order in the Wild West Finally he transformed his firm into a for rent private army in the war of industry against labor Having begun life as peddlers of information and guardians of mail bags the Pinkertons became armed mercenaries protecting scabs and corporate property from angry strikers O Hara argues that American capitalists used the Pinkertons to enforce new structures of economic and political order Yet the infamy of the Pinkerton agent also gave critics and working communities a villain against which to frame their resistance to the new industrial order Ultimately Inventing

the Pinkertons is a gripping look at how the histories of American capitalism industrial folklore and the nation state converged

The Figure of the Detective Charles Brownson, 2014-01-16 This book begins with a history of the detective genre coextensive with the novel itself identifying the attitudes and institutions needed for the genre to emerge in its mature form around 1880 The theory of the genre is laid out along with its central theme of the getting and deployment of knowledge Sherlock Holmes the English Classic stories and their inheritors are examined in light of this theme and the balance of two forms of knowledge used in fictional detection cool or rational and warm or emotional The evolution of the genre formula is driven by changes in the social climate in which it is embedded These changes explain the decay of the English Classic and its replacement by noir hardboiled and spy stories to end in the cul de sac of the thriller and the nostalgic Neo Classic Possible new forms of the detective story are suggested
