Spies, Inc. Stacy Perman, 2010-03-04 In *Spies Inc* former Time and Business 2.0 writer Stacy Perman reveals the spellbinding story of the Israeli military and 8200 the ultra secret high tech intelligence unit whose alumni helped create a number of the groundbreaking technologies behind today's information revolution An incredible tale in its own right 8200 is also a remarkable case study in innovation offering compelling lessons for every business Likened to the NSA in the U.S. 8200 was established to capture, decipher and analyze enemy transmissions But unlike the NSA 8200 did not have an endless font of resources at its disposal and due to secrecy it couldn't generally buy off the shelf as a matter of procedure Instead it invented and customized many of its own technologies around the unique challenges of a nation that exists on a constant war footing Along the way its soldiers learned to come up with breakthroughs under crushing pressure and challenges They brought this same sense of purpose under fire and creative improvisation in creating complex systems to the civilian world where they created top line technology companies in a number of areas including wireless communications and security Whispers of these secret Israeli electronic warriors swept venture capital circles in the 1990s as a stunning number of Israeli tech startups bore fruit many founded by 8200 veterans Now Stacy Perman tells this incredible story revealing the techniques of entrepreneurship on the fly when failure is not an option

seriously affecting the conduct of air operations Development continued into the Cold War resulting in the extensive introduction of surface to air missiles or SAMs Though the first combat success of such weapons was during the Vietnam War when a Soviet designed S 75 Dvina missile shot down a USAF F 4C Phantom on 24 July 1965 it was the Yom Kippur War of 1973 which brought surface to air missiles to the center stage During this short but bitter conflict Egyptian and Syrian air defenses shot down nearly fifty Israeli aircraft in the first three days alone almost a fourth of Israel s entire combat aircraft fleet In all Israel lost 104 aircraft during the war and for the first time more aircraft were lost to SAMs than any other cause The age of surface to air missiles had dawned In this unique examination the author details the development of not just surface to air missiles but all anti aircraft artillery since 1972 The part that such equipment played in all of the major conflicts since then is explored including the Soviet Afghan War the Falklands War in which Rapier was deployed the conflict in Lebanon Kosovo and Bosnia the Gulf War Operation Desert Storm in 1991 and Operation Iraqi Freedom in 1993 The investigation is brought right up to date by a study of the weapons tactics and engagements seen in the conflicts in Syria and Yemen

Egyptian general will provide insights into the level of Soviet cooperation and military aid provided Egypt after the 1967 Six Day War known simply in Arabic by one word al Naksah the setback not to be confused with the 1948 Arab Israeli War known by one word al Nakbah the catastrophe While Fawzi lapses into conspiracy indulges in wishful thinking and employs the language of pan Arabism on occasion much like Soviet military theorists couched their ideas in Marxist Leninist rhetoric this will not stop serious American students of war from recognizing his brilliance about the lessons learned from the crushing defeat of Egyptian arms in the 1967 Six Day War **Los Angeles Magazine** ,2005-04 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian
