

... a fascinating account, written by someone clearly involved in the struggle and current events is a search for an understanding of what are possibly the most mysterious objects in the universe, black holes.

*Stephen Hawking, from the Foreword*

*Black Holes and Time Warps* is superb. It is what many other books about the subject ought to have been and were not. The mixture of scientific history and novel and careful explanation of the science ... works well. I think the book itself will be a strong force.
