Learning Gardens and Sustainability Education Dilafruz Williams,Jonathan Brown,2013-05-13 Offering a fresh approach to bringing life to schools and schools to life this book goes beyond touting the benefits of learning gardens to survey them as a whole systems design solution with potential to address myriad interrelated social ecological and educational issues The theoretical and conceptual framework presented creatively places soil at the center of the discourse on sustainability education and learning garden design and pedagogy Seven elements and attributes of living soil and learning gardens are presented as a guide for sustainability education cultivating a sense of place fostering curiosity and wonder discovering rhythm and scale valuing biocultural diversity embracing practical experience nurturing interconnectedness The living soil of learning gardens forms the basis of a new metaphoric language serving to contest dominant mechanistic metaphors presently influencing educational discourse Student voices and examples from urban schools provide practical understanding of how bringing life to schools can indeed bring schools to life *Gardens of the Sisterhood* Ann Marie O'Dell,2020-02-07 Learn the importance of blending as an Alternative Healer Create an intriguing garden entrance and introduce flower colors herbs and legalized Cannabis on the healing garden pathway Join the Slow Movement to savor every moment Discover the elements of a Witch and Druid Garden and how ancient theory still applies today Send long distance Angel healing to a sick friend pet and natural disasters Are you a Sarah Moses leader Can you lead in a Crisis Compelling photos and earthy entries make this a fast read with a cup of brew **Community Organizing** Joan Kuyek,2014-09-01T00:00:00Z History is full of stories of the oppressed rebelling against the oppressor only to reinstate an equally oppressive system What we learn from oppression is how to oppress If we want a truly transformative politics then we must take up methods that embody the kind of world we want to create we have to change deeply embedded beliefs and behaviours In this engaging and passionate book long time community organizer Joan Kuyek offers important insights and concrete tools to encourage people to get involved in social justice action at the community level In Canada activists are frustrated with their inability to effect change in the

global economic system overwhelmed by the number and complexity of issues and too often unaware or dismissive of the efforts of other activists As a result social forces for justice and the environment are fragmented and ineffective and the economic elite grows more powerful Community Organizing argues that it does not have to be this way Suggesting that most of our attempts at change and community building fail because we cannot get along with each other Community Organizing starts at the community level to describe how we can work together and create organizations based on dignity and respect It provides strategies to build movements from the community to assert democratic political power and tools to create a culture of hope in this time of despair This book offers the means to reclaim political power in Canada Art-Making with Refugees and Survivors Sally Adnams Jones,2018-03-21

This timely book reveals the therapeutic effect group art projects can have when working with survivors and refugees of war natural disaster poverty pandemic and genocide Artists and therapists who have worked with trauma internationally explain the theory and practice of their approaches and provide inspiration for others working in this area **Designing the American Century** Thomas J. Campanella,2025-06-10

A richly illustrated look at the lives and collaborations of two unsung giants of American landscape and urban design Gilmore D Clarke and Michael Rapuano were the foremost spatial designers of the American century Their vast portfolio of public landscapes propelled the legacy of Frederick Law Olmsted and Calvert Vaux into the motor age touching the lives of millions and changing the face of the nation Designing the American Century recovers the forgotten legacy of Clarke and Rapuano whose parks and parkways highways and housing estates helped modernize for better or worse the American metropolis With the patronage of public works titan Robert Moses Clarke and Rapuano transformed New York over a span of fifty years revitalizing the city s immense park system but also planning expressways public housing and urban renewal projects that laid waste to entire sections of the city In this groundbreaking work Thomas J Campanella describes how Clarke and Rapuano helped create some of the metropolitan region s most iconic landscapes from the Central Park Zoo and Conservatory Garden to the Henry Hudson Parkway and Riverside Park Jones Beach the Palisades and Taconic State Parkways and the Brooklyn Heights Promenade He shows how they left their mark far beyond Gotham as well with projects as diverse as Yellowstone s Mammoth Hot Springs the Mount Vernon Memorial Highway site plans for the Pentagon and CIA headquarters and Montreal s Olympic Park Richly illustrated with a wealth of previously unpublished drawings plans and photographs Designing the American Century fills one of the last major gaps in the history of American urbanism

best practices and challenges in creating green cities They show examples of how to build up these cities from bits and pieces to districts and urban extensions Each example concludes with a summary of the collected knowledge the learning points and how this can be used in other places The best practices are collected from around the world Europe Australia America and Asia The new dynamic urban development of Asia is illustrated by case studies from China and the Indian subcontinent The reader will learn which role nature can play in green cities and what the basic requirements are in terms of culture pre existing nature conditions existing urban surroundings history design and planning     Of Arcs and Circles Marc Peter Keane,2022-02-08 A renowned designer of Japanese gardens contemplates wildness humanity beauty the liquid state of the world From his vantage point as a garden designer and writer based in Kyoto Marc Peter Keane examines the world around him and delivers astonishing insights through an array of narratives How the names of gardens reveal their essential meaning A new definition of what art is What trees are really made of The true meaning of the enigmatic torii gate found at Shinto shrines Why we give flowers as gifts The essential underlying unity of the world

Spiral Garden: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have captivated audiences this year. Spiral Garden : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Spiral Garden : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Spiral Garden : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
