**The Way of Jesus Christ** Jürgen Moltmann, 1995-08-21 The Way of Jesus Christ discusses the following topics 1 The symbol of the way embodies the aspect of process and brings out christology's alignment towards its goal This symbol can

comprehend Christ's way from his birth in the Spirit and his baptism in the Spirit to his self-surrender on Golgotha. It also makes it possible to understand the path of Christ as the way leading from his resurrection to his parousia, the way he takes in the Spirit to Israel to the nations and into the breadth and depth of the cosmos.<sup>2</sup> The symbol of the way makes us aware that every human christology is historically conditioned and limited. Every human christology is a christology of the way, not yet a christology of the home country, a christology of faith, not yet a christology of sight. So christology is no more than the beginning of eschatology, and eschatology as the Christian faith understands it is always the consummation of christology.<sup>3</sup> Finally, but not least important, every way is an invitation. A way is something to be followed. The way of Jesus Christ is not merely a christological category. It is an ethical category too. Anyone who enters upon Christ's way will discover who Jesus really is, and anyone who really believes in Jesus and the Christ of God will follow him along the way he himself took.

Christology and christopraxis find one another in the full and completed knowledge of Christ. This christology links dogmatics and ethics in closer detail than in the previous volumes.

**A Hispanic Heritage** Isabel Schon, 1988

**A Spirit of Dialogue** Christopher N. Okonkwo, 2008

A groundbreaking study. *A Spirit of Dialogue* examines through extensive interdisciplinary research, theory, and close reading the intricate reconstructions, extensions, and resonances of the West African myth of spirit children, the *Born to Die*, in contemporary African American neo-slave narratives. Arguing that the myth called *Ogba je* in Igbo language and *b k* in Yoruba has had over thirty years of uncharted presence in African American literature, Okonkwo advances a compelling case absent in extant scholarship. He traces *Ogba je*, the *Born to Die*'s appearance in African American texts to a convergence of factors. They include but are not limited to the impact of Chinua Achebe's *Things Fall Apart*, the 1960s emergence of the contemporary neo-slave narrative, the 1960s and 1970s black consciousness/Black Power movement, and the cultural agenda, gendered politics, and centripetal philosophy of the Black Arts movement's nationalist aesthetic. African American identity questions of the post-civil rights and the multicultural eras, and the thematic shifts, as well as the African diaspora orientation of African American fiction of the post-nationalist aesthetic period. *A Spirit of Dialogue* focuses on the sometimes neglected and understudied works of four canonical African American writers: Octavia E. Butler's *Wild Seed* and *Mind of My Mind*; Tananarive Due's *The Between*; John Edgar Wideman's *The Cattle Killing*; and Toni Morrison's *Sula* and *Beloved*. Okonkwo demonstrates persuasively how the mythic spirit child informs the content and form of these novels, offering Butler, Due, Wideman, and Morrison a non-occidental code by which to engage collectively with the various issues integral to the history/experience of African descended people. The paradigm functions then as the nexus of a life-affirmative dialogue among the six novels, as well as between them and other works of African religious and literary imagination, particularly *Things Fall Apart* and Ben Okri's *The Famished Road*.
