**Spirit Immortal** Samuel G. Scime, 1998-01-01      Wellness—A Way of Life Dr. Melva Martin, 2018-10-24 This is your moment Here you are holding a guide to better health and natural healing written by an experienced naturopath who instructs the reader on inexpensive home remedies that puts healing techniques within reach of everyone Well rounded and thoughtfully compiled this guide addresses the wholistic triune the body mind and spirit It is filled with effective approaches doable techniques and treatments Dr Melva Martin provides multiple options and paths to self care You may not choose to use all techniques included in this book but you will learn the overarching aspects of health and holistic healing and find various treatment options to guide your journey forward The days of us leaning back and expecting a doctor with fifteen minutes to fix us is over Worse yet good health seems harder to achieve in our chemicalized world The reality is that no doctor will give us unlimited time and when we go to them we are wise to partner with them rather than passively sitting on the sidelines Therefore it is time for us to step up and get in relationship with our bodies and learn what we can do for ourselves before we resort to a medicine for every malady along life s highway I won t deny that there is a place for allopathic western medicine but it is wise to return most of the care to our homes our prayers our kitchens and our gardens This book will be your reference and your guide Muriah Williams      *A Spirit of Dialogue* Christopher N. Okonkwo, 2008 A groundbreaking study *A Spirit of Dialogue* examines through extensive interdisciplinary research theory and close reading the intricate reconstructions extensions and resonances of the West African myth of spirit children the Born to Die in contemporary African American neo slave narratives Arguing that the myth called Ogba je in Igbo language and b k in Yoruba has had over thirty years of uncharted presence in African American literature Okonkwo advances a compelling case absent in extant scholarship He traces Ogba je the Born to Die s appearance in African American texts to a convergence of factors They include but are not limited to the impact of Chinua Achebe s *Things Fall Apart* the 1960s emergence of the contemporary neo slave narrative the 1960s and 1970s black consciousness Black Power movement and the cultural agenda gendered politics and centripetal philosophy of the Black Arts movement s nationalist aesthetic African American identity questions of the post civil rights and the multicultural eras and the thematic shifts as well as the African diaspora orientation of African American fiction of the post nationalist aesthetic period *A Spirit of Dialogue* focuses on the sometimes neglected and understudied works of four canonical African American writers Octavia E Butler s *Wild Seed* and *Mind of My Mind* Tananarive Due s *The Between* John Edgar Wideman s *The Cattle Killing* and Toni Morrison s *Sula* and *Beloved* Okonkwo demonstrates persuasively how the mythic spirit child informs the content and form of these novels offering Butler Due Wideman and Morrison a non occidental code by which to engage collectively with the various issues integral to the history experience of African descended people The paradigm functions then as the nexus of a life affirmative dialogue among the six novels as well as between them and other works of African religious and literary imagination particularly *Things Fall Apart*

**God...the Grand Illusion** Dr. Ronald Pleune, 2022-08-29 The question is this what do we accept as the truth of what we believe in We take many things by mere faith but is faith the right path in putting our trust in a matter just because someone says so Do we dig into a matter with an open mind rather than prejudice and influences from others as we were growing up Does our relationship with others influence our perception of what is truth and what is not the truth Do we tend to accept something as truth because we don't have time or resources to check it out Or is it because of an emphatic speech by a cleric that proclaims the Bible is without error when in fact outside sources point to errors in dates events and even interpretation yet we close our eyes and ears because we ask How can this be Many times the excuse is made that if so many people believe in a particular biblical statement or condition then it can't be wrong Or can it Debate on biblical issues end up boggling the general populous and many just walk away from it with disgust won't deal with it or dogmatically hold a position of biblical inerrancy This brings us down to getting into the trenches of discovering the truth as ugly and contentious it may seem This

is especially true when ufology is brought into the picture especially when the topic of God or a God is introduced and examined in the light of various scientific disciplines      *The Six Keys to Optimal Health* Dr. Nicolas Campos, 2008-03-06 The Six Keys to Optimal Health is the definitive guide to achieving and maintaining health and wellness in the 21st century It details the six key areas that are the secret to living a life of sustained strength vigor and vitality or an overall state of well being It uses a youthful no holds barred approach while providing a sound philosophical basis to help motivate the reader to carry out this campaign The books overall theme is to act as a consciousness changer to help people value their health and see it as something worthy of their care and attention      **Pow-Wows** John George Hohman, 1996-09 1820 a collection of mysterious arts remedies for man as well as animals with many proofs of their virtue efficacy in healing diseases etc

**Subject Guide to Books in Print**, 1991      *The Fruit of the Spirit* Al L. Holloway, 2008-11 Though the schism of valuing spirituality with respect to social work practice has lessened over the years there continues to be a gap in our understanding as to exactly what spirituality is and how one might incorporate it within social work practice It is my contention that social workers should not only be incorporating spirituality within their practice but also they should become spiritual exemplars themselves Fruit of the Spirit A Primer for Spiritually minded Social Workers provides some provocative notions that will spur the reader forward on his her spiritual development It introduces to the reader the notion of spiritual differentiation from the animalistic notion of self which I describe as the indifferent heart realm to the development of humanistic principles craving heart realm to the ultimate experience of our purposeful journey of being fully cognizant of our spiritual selves pure heart realm This process is exemplified with a gardening metaphor which the reader can progress from seeding awareness of one s spiritual self and the sowing of spiritual seeds weeding the structure and care of developing our spiritual selves and the harvesting the ingesting and granting of spiritual fruits that has been produced Traditional knowledge of social work practice helps to elucidate the student whereas embracing spiritual principles is about transforming and transcending the student to higher levels The fruits that are gathered are the attributes of God e g love peace goodness etc There are exercises at the end of each chapter that will assist the reader in developing his her spirituality      *Telepsychics* Dr. Joseph Murphy, 2019-10-03 Joseph Murphy has created a true classic masterpiece Telepsychics will change your life This is a book for all spiritual paths Dr Murphy doesn t preach or seek to exclude anyone He simply lays the foundation for self improvement through the scientific use of prayer concepts as a means of tapping your subconscious powers The techniques that the author advocates here are most likely different from the way you were taught to pray in church but they are probably more effective than anything you have ever experienced The portions of the book on the utilization of dreams are also excellent Whoever you are whatever your goals visions dreams or life circumstances may be this book will help you

Many readers feel that it is even better than Dr Murphy s most famous book *The Power of Your Subconscious Mind* Murphy describes some very easy yet profound truths about using your subconscious mind and scientific prayer to achieve greatness Learn how you can create success and change your life for the better *New-Church Messenger* ,1919
