## **Spirit Of America Government:**

James Madison and the Spirit of Republican Self-Government Colleen A. Sheehan, 2009-01-12 In a study that combines an in depth examination of Madison's National Gazette essays of 1791-2 with a study of The Federalist Colleen Sheehan traces the evolution of Madison's conception of the politics of communication and public opinion throughout the Founding period demonstrating how the sovereign public would form and rule in America Contrary to those scholars who claim that Madison dispensed with the need to form an active and virtuous citizenry Sheehan argues that Madison's vision for the new nation was informed by the idea of republican self government whose manifestation he sought to bring about in the spirit and way of life of the American people Madison's story is the story of an idea the idea of America Awakening the Spirit of America Paul M. Sparrow, 2024-06-04 A powerful new work of history that brings President Roosevelt his allies and his adversaries to life as he fought to transform America from an isolationist bystander into the world's first superpower In today's troubled times with authoritarianism escalating at home and abroad Sparrow's book reads like an all hands on deck wakeup call Highly recommended Douglas Brinkley Franklin Roosevelt awoke at 2:50 a.m. on September 1, 1939 to the news that Germany had invaded Poland signaling the start of World War II The president had warned for years that Hitler's fascist regime posed an existential threat to democracy but the American public remained stubbornly isolationist as fascist sympathizing groups egged on by right wing media stars promoting anti Semitic conspiracy theories plotted to overthrow the president The situation was dire and Roosevelt quickly found himself facing an unexpected adversary Charles Lindbergh Wildly popular the famed aviator's youthful charm plainspoken rhetoric and media magnetism earned him a massive following as he led an aggressive attack on FDR's policies Millions listened to Lindbergh's radio broadcasts and attended his rallies Powerful individuals including William Randolph Hearst Henry Ford and members of Congress supported him The German government provided secret funds to Lindbergh's Nazi followers as he led the radical America First Committee in an effort to prevent Roosevelt from aiding England's survival and the world's Awakening the Spirit of America brilliantly shows how Roosevelt overcame the forces aligned against him in a war against fascism Paul Sparrow former director of the FDR Presidential Library reveals how FDR's triumph of leadership was by no means a foregone conclusion Roosevelt's astute political maneuvers and persuasive use of language to preserve what he termed the spirit of America changed history and can still inspire today Sparrow brings readers into the rooms where key decisions were made focusing on the crucial role words media and propaganda played in the transformation of America into the protector of the free world Awakening the Spirit of America provides a riveting inside account of FDR's ultimate victory over pro Nazi isolationists and provides vital insight into American history and an iconic president **The Spirit of Antichrist in the White House** Dr. Donald R. Whitaker, 2019-03-08 The Spirit of the Antichrist in the White House By Dr Donald R Whitaker The Spirit of Antichrist in the White House concerns the present day turmoil in Washington D.C. and the country at large This turbulence is not the result of

any one man or any group of men it is because of a demonic presence which is leading a group that performs evil and undermining acts The love of money is the root of ALL evil Daniel 10 5 13 1 Timothy 6 10      **The Spirit of Philadelphia** Chris Gibson, 2025-05-23 The Spirit of Philadelphia is America's story told through the history of ideas and a cautionary tale of what happens when a nation's Spirit goes dormant This book proposes a return of the American government to the philosophical roots as articulated by the U S Constitution and its Framers Grounded in realism the Founders successfully balanced the needs and rights of the individual with those of the collective creating a system that prioritized both personal liberty and societal order Author and former Congressman Chris Gibson argues that abandoning the Spirit of Philadelphia essentially the national spirit of cooperation compromise and teamwork enabled dysfunction in government and disillusionment in the constituency Culminating a comprehensive list of policy recommendations that logically analyze issues in the American political system the author proposes an agenda aimed at restoring faith and functionality in national institutions and leaders fostering bipartisan communication and collaboration and revitalizing civic engagement at the individual level Illustrating the changes in the political landscape of America since the Philadelphia convention this book is an important read for students of democracy political participation elections and voter behavior      **The Spirit of Modern Republicanism** Thomas L. Pangle, 1990-10-15 Pangle reexamines the moral philosophy of the Founding Fathers and finds that at the heart of the Framers republicanism was a dramatically new vision of civic virtue religious faith and intellectual life rooted in an unprecedented commitment to private and economic liberties and that this commitment represented a departure from both the classical and biblical traditions He challenges those who explain 18th century political thought exclusively in terms of historical circumstances Calvinistic faith or economic and social ideology He develops a new interpretation of John Locke's moral and political philosophy arguing that Locke's greatest political and rhetorical achievement was in transforming the God of the Bible into the God of reason and nature and shows Locke's influence on the Framers thought ISBN 0 226 64540 1 22 50      *Montesquieu: The Spirit of the Laws* Charles d Montesquieu, 1989

**Searching for the Spirit of the West** Luigi Morelli, 2023-05-29 How can the West rediscover its authentic spirit Exploring the period from 1899 to 1945 from the end of the US frontier and the writing of The Wonderful Wizard of Oz to the conclusion of World War II and the dropping of the atom bomb Luigi Morelli traces the events that led the United States to become the world's dominating imperial force America he demonstrates is deeply connected to Britain Germany and Eastern Europe particularly Russia Yet despite their tragic collective histories there is hope for the future if only America can claim its true task Searching for the Spirit of the West challenges many of the falsehoods that pass for mainstream history Utilizing a wealth of documented evidence from the research of overlooked historians economists social and spiritual thinkers the author takes a symptomatic view of the past revealing hidden longer term trends This approach offers a new understanding of events such as the rise of Nazism the Great Depression the new Deal and even the roles of banking and clandestine

brotherhoods in world history Morelli also appraises The Wonderful Wizard of Oz in parallel with America's cultural achievements Through imagination L Frank Baum's contemporary fairy tale enables us to intuit the true mission of the West and its potential contribution to world culture now and in the future **Bulletin** Texas Education Agency,1925

**John Adams and the Spirit of Liberty** C. Bradley Thompson,1998-11-16 America's finest eighteenth century student of political science John Adams is also the least studied of the Revolution's key figures By the time he became our second president no American had written more about our government and not even Jefferson or Madison had read as widely about questions of human nature natural right political organization and constitutional construction Yet this staunch constitutionalist is perceived by many as having become reactionary in his later years and his ideas have been largely disregarded In the first major work on Adams's political thought in over thirty years C Bradley Thompson takes issue with the notion that Adams's thought is irrelevant to the development of American ideas Focusing on Adams's major writings Thompson elucidates and reevaluates his political and constitutional thought by interpreting it within the tradition of political philosophy stretching from Plato to Montesquieu This major revisionist study shows that the distinction Adams drew between principles of liberty and principles of political architecture is central to his entire political philosophy Thompson first chronicles Adams's conceptualization of moral and political liberty during his confrontation with American Loyalists and British imperial officers over the true nature of justice and the British Constitution illuminating Adams's two most important pre Revolutionary essays A Dissertation on the Canon and Feudal Law and The Letters of Novanglus He then presents Adams's debate with French philosophers over the best form of government and provides an extended analysis of his Defence of the Constitutions of Government and Discourses on Davila to demonstrate his theory of political architecture From these pages emerges a new John Adams In reexamining his political thought Thompson reconstructs the contours and influences of Adams's mental universe the ideas he challenged the problems he considered central to constitution making and the methods

of his reasoning Skillfully blending history and political science Thompson s work shows how the spirit of liberty animated Adams s life and reestablishes this forgotten Revolutionary as an independent and important thinker      **Congressional Record** United States. Congress,1975      A History of Western Political Thought J. S. McClelland,1996 An energetic engaged and lucid account of the most important political thinkers and enduring themes of the last two and a half millenia McClelland presents original and controversial views of both canonical and neglected theorists      **Montesquieu: The Spirit of the Laws** Charles de Secondat baron de Montesquieu,1989-09-21 The Spirit of the Laws is without question one of the central texts in the history of eighteenth century thought yet there has been no complete scholarly English language edition since that of Thomas Nugent published in 1750 This lucid translation renders Montesquieu s problematic text newly accessible to a fresh generation of students helping them to understand quite why Montesquieu was such an important figure in the early enlightenment and why The Spirit of the Laws was for example such an influence upon those who framed the American constitution Fully annotated this edition focuses attention upon Montesquieu s use of sources and his text as a whole rather than upon those opening passages towards which critical energies have traditionally been devoted and a select bibliography and chronology are provided for those coming to Montesquieu s work for the first time      **Montesquieu: The Spirit of the Laws** Charles de Montesquieu,1989-09-21 The Spirit of the Laws is without question one of the central texts in the history of eighteenth century thought yet there has been no complete scholarly English language edition since that of Thomas Nugent published in 1750 This lucid translation renders Montesquieu s problematic text newly accessible to a fresh generation of students helping them to understand quite why Montesquieu was such an important figure in the early enlightenment and why The Spirit of the Laws was for example such an influence upon those who framed the American constitution Fully annotated this edition focuses attention upon Montesquieu s use of sources and his text as a whole rather than upon those opening passages towards which critical energies have traditionally been devoted and a select bibliography and chronology are provided for those coming to Montesquieu s work for the first time      *The Spirit of Tibet, Universal Heritage* Dalai Lama XIV Bstan-'dzin-rgya-mtsho,1995 Predominantly on political issues of Tibet after 1951      *Spirit of the English Magazines* ,1824      **The Spirit of the English Magazines** ,1824      *The Spirit of Democracy* Lyman Pierson Powell,Gertrude Wilson Powell,1918      The Orator: a Treasury of English Eloquence Barrister,1865      *St. Louis Law Review* ,1925
