Spirit World, 1992 Photos of Spiritual Church possession trances faith healings social club marches jazz funerals and more *The Black Spiritual Movement* Hans A. Baer, 2001 Spiritual churches in the United States represent one of several religious movements that African Americans have adopted in their efforts to cope with mainstream society In this groundbreaking work first published in 1984 Hans A Baer explores the richness and creativity of Black Spiritualism setting forth an illuminating ethnography of the movement that corrects numerous stereotypes of African American religion Baer shows that the Spiritual churches blend diverse elements borrowing aspects of African American Protestantism American Spiritualism Roman Catholicism Voodoo and black ethno medicine occasionally even including aspects of Islam Judaism New Thought and Ethiopianism He describes not only the history structure ideology and practices of the churches but also the process of syncretism within them and their role within the African American community In addition Baer examines how the Spiritual movement juxtaposes elements of protest and accommodation to racism and class stratification in U S society This second edition includes a new preface and a new epilogue in which Baer discusses his methodology in researching the Black Spiritual Movement describes his meetings with pastors and congregation members and summarizes his most recent research in the field *The Spiritual Churches of New Orleans* Claude F. Jacobs, Andrew J. Kaslow, 2001 The New Orleans Spiritual churches constitute a distinctive African American belief system Influenced by Catholicism Pentecostalism Spiritualism and Voodoo the group is a New World syncretic faith similar to Espiritismo Santería and Umbanda The Spiritual Churches of New Orleans combines a historical account of the emergence of this religion with careful ethnographic description of current congregations At the same time text and photographs eloquently convey the ecstasy at the heart of the Spiritual experience The Spiritual churches began in the 1920s as a women's movement Men later assumed leadership in an effort to legitimate the group within the New Orleans religious community and form associations with Spiritual churches elsewhere in the United States Unlike earlier researchers who treated practices in the churches as expressions of black folk traditions the authors see Spiritual ritual not as based on magic but as the way the sacred is acted out within an African American aesthetic During worship members may be filled by the Holy Spirit as in Pentecostal churches or entertain spirits or spirit guides as in Spiritualism or Voodoo Prophecy and healing are presented as the markers of this faith and the Native American figure Black Hawk as a major symbol of empowerment Based on extensive interviews with church members years of participant observation and careful research in documentary sources this book achieves rigorous conceptual clarity in a straightforward engaging style The Authors Claude F Jacobs holds a Ph D in anthropology from Tulane University He teaches at Oakland University Andrew J Kaslow holds a Ph D in anthropology from Columbia University He is a consultant to international organizations **Spiritual and Social Transformation in African American Spiritual Churches** Margarita Simon Guillory, 2017-12-22 At the core of African American religion's response to social inequalities has been a

sybiotic relationship between socio political activism and spiritual restoration Drawing on archival material and ethnographic fieldwork with African American Spiritual Churches in the USA this book examines how their spiritual and social work can shed light on the interplay between corporate activism and individual spirituality This book traces the development of this politico spiritual approach to injustice from the beginning of the twentieth century through the opening decade of the twenty first century using the work of African American Spiritual Churches as a lens through which to observe its progression Addressing subjects such as spiritual healing support of the homeless gender equality and the aftermath of hurricane Katrina it demonstrates that these communities are clearly motivated by the dual concerns of the soul and the community This study diversifies our understanding of the African American religious landscape highlighting an approach to social injustice that conjoins both political and spiritual transformations As such it will be of significant interest to scholars of religious studies African American studies and politics

Hearing Sappho in New Orleans Ruth Salvaggio, 2012-06-13

While sifting through trash in her flooded New Orleans home Ruth Salvaggio discovered an old volume of Sappho s poetry stained with muck and mold In her efforts to restore the book Salvaggio realized that the process reflected how Sappho s own words were unearthed from the refuse of the ancient world Undertaking such a task in New Orleans she sets out to recover the city s rich poetic heritage while searching through its flooded debris Hearing Sappho in New Orleans is at once a meditation on this poetic city its many languages and cultures and a history of its forgotten poetry Using Sappho s fragments as a guide Salvaggio roams the streets and neighborhoods of the city as she explores the migrations of lyric poetry from ancient Greece through the African slave trade to indigenous America and ultimately to New Orleans The book also directs us to the lyric call of poetry the voice always in search of a listener Writing in a post Katrina landscape Salvaggio recovers and ponders the social consequences of the long song lyric chants especially the voices of women lost in time as it resonates from New Orleans s poetic sites like Congo Square where Africans and Indians gathered in the early eighteenth century to the modern day Maple Leaf Bar where poets still convene on Sunday afternoons She recovers for example an all but forgotten young Creole woman named L l and leads us all the way up to celebrated contemporary writers such as former Louisiana poet laureate Brenda Marie Osbey Sybil Kein Nicole Cooley and Katherine Soniat Hearing Sappho in New Orleans is a reminder of poetry s ability to restore and secure fragile and fragmented connections in a vulnerable and imperiled world

The Booklover's Guide to New Orleans Susan Larson, 2013-09-05 The literary tradition of New Orleans spans centuries and touches every genre its living heritage winds through storied neighborhoods and is celebrated at numerous festivals across the city For booklovers a visit to the Big Easy isn t complete without whiling away the hours in an antiquarian bookstore in the French Quarter or stepping out on a literary walking tour Perhaps only among the oak lined avenues Creole town houses and famed hotels of New Orleans can the lust of A Streetcar Named Desire the zaniness of A Confederacy of Dunces the chill of Interview with the Vampire and the heartbreak of Walker Percy s Moviegoer begin to resonate Susan

Larson's revised and updated edition of *The Booklover's Guide to New Orleans* not only explores the legacy of Tennessee Williams and William Faulkner but also visits the haunts of celebrated writers of today including Anne Rice and James Lee Burke. This definitive guide provides a key to the books, authors, festivals, stores, and famed addresses that make the Crescent City a literary destination.

Afro-Atlantic Catholics Jeroen Dewulf, 2022-08-15. This volume examines the influence of African Catholics on the historical development of Black Christianity in America during the seventeenth century. Black Christianity in America has long been studied as a blend of indigenous African and Protestant elements. Jeroen Dewulf redirects the conversation by focusing on the enduring legacy of seventeenth-century Afro-Atlantic Catholics in the broader history of African American Christianity. With homelands in parts of Africa that had historically strong Portuguese influence such as the Cape Verde Islands, São Tomé and Príncipe, and Kongo, these Africans embraced variants of early modern Portuguese Catholicism that they would take with them to the Americas as part of the forced migration that was the transatlantic slave trade. Their impact upon the development of Black religious, social, and political activity in North America would be felt from the southern states as far north as what would become New York. Dewulf's analysis focuses on the historical documentation of Afro-Atlantic Catholic rituals, devotions, and social structures. Of particular importance are brotherhood practices, which were critical in the dissemination of Afro-Atlantic Catholic culture among Black communities, a culture that was pre-Tridentine in nature and wary of external influences. These fraternal Black mutual aid and burial society structures were critically important to the development and resilience of Black Christianity in America through periods of changing social conditions. *Afro-Atlantic Catholics* shows how a sizable minority of enslaved Africans actively transformed the American Christian landscape and would lay a distinctly Afro-Catholic foundation for African American religious traditions today. This book will appeal to scholars in the history of Christianity, African American, and African diaspora studies, and Iberian studies.

Santería Enthroned David H. Brown, 2003-10-15. Ever since its emergence in colonial-era Cuba, Afro-Cuban Santería or Lucum has displayed a complex dynamic of continuity and change in its institutions, rituals, and iconography. In *Santería Enthroned*, David H. Brown combines art history, cultural anthropology, and ethnohistory to show how Africans and their descendants have developed novel forms of religious practice in the face of relentless oppression. Focusing on the royal throne as a potent metaphor in Santería, a belief and practice, Brown shows how negotiation among ideologically competing interests have shaped the religion's symbols, rituals, and institutions from the nineteenth century to the present. Rich case studies of change in Cuba and the United States, including a New Jersey temple and South Carolina's Oyotunji Village, reveal patterns of innovation similar to those found among rival Yoruba kingdoms in Nigeria. Throughout, Brown argues for a theoretical perspective on culture as a field of potential strategies and usable pasts that actors draw upon to craft new forms and identities, a perspective that will be invaluable to all students of the African Diaspora.
