Beyond Poverty Terry Dalrymple,2021-05-04 Answering the Cry of the Poor in a Million Villages The church is facing a

strategic opportunity 85 percent of people living in extreme poverty around the world reside in villages These villages are also home to the majority of the world's least reached people The church has historically played an active role in wholistic ministry and alleviating global poverty with a goal of encouraging sustainable community development However while these outreaches may succeed in helping without hurting they still often focus on limited scope projects that provide good solutions to a single community In *Beyond Poverty* Terry Dalrymple calls us to move beyond sustainable projects in a single village to transformational movements that multiply change from village to village and sweep the countryside Through multiple case studies based on the actual experiences of more than 900 organizations in 135 different countries this book tells the story of a large and growing network of ministries around the world using the strategy of Community Health Evangelism to change the life of the poor forever The principles in this book are not just a theory but proven strategy The church is uniquely positioned to accelerate poverty alleviation worldwide This book will help you understand the fundamentals of catalyzing transformational movements that make disciples among the poor while lifting whole communities out of cycles of poverty and disease This is our moment This is your opportunity to advance a global movement and answer the cry of the poor in a million villages

[Indigenous Cultural Translation](#) Darryl Sterk, 2020-05-01 Indigenous Cultural Translation is about the process that made it possible to film the 2011 Taiwanese blockbuster *Seediq Bale* in Seediq an endangered indigenous language *Seediq Bale* celebrates the headhunters who rebelled against or collaborated with the Japanese colonizers at or around a hill station called Musha starting on October 27 1930 while this book celebrates the grandchildren of headhunters rebels and collaborators who translated the Mandarin language screenplay into Seediq in central Taiwan nearly eighty years later As a thick description of *Seediq Bale* this book describes the translation process in detail showing how the screenwriter included Mandarin translations of Seediq texts recorded during the Japanese era in his screenplay and then how the Seediq translators backtranslated these texts into Seediq changing them significantly It argues that the translators made significant changes to these texts according to the consensus about traditional Seediq culture they have been building in modern Taiwan and that this same consensus informs the interpretation of the Musha Incident and of Seediq culture that they articulated in their Mandarin Seediq translation of the screenplay as a whole The argument more generally is that in building cultural consensus indigenous peoples like the Seediq are translating their traditions into alternative modernities in settler states around the world

Southeast Asian Tribes, Minorities, and Nations, Volume 2 Peter Kunstadter, 2017-03-14 A major source of political instability in Southeast Asia has been ethnic diversity and the lack of congruence between ethnic distributions and national boundaries Here twenty specialists base their papers largely on original field work in Burma China India Laos Malaysia Thailand and Vietnam Contrary to the usual picture of tribal people as isolated homogeneous stable and conservative the papers show tribesmen are often a dynamic force in the modern history of Southeast Asian states Descriptions of tribal life and government programs together with charts tables maps and photographs give a wealth of data
