Patrons, Partisans, and Palace Intrigues Christoph Rosenmüller, 2008 Palace intrigues and clientelism drove politics at the

viceregal court of colonial Mexico By carefully reconstructing social networks in the court of Viceroy Duke of Albuquerque 1702 1710 Christoph Rosenm ller reveals that the Duke presided over one of the most corrupt viceregal terms in Mexican history Albuquerque was appointed by Spain s King Philip V at a time when expanding state power was beginning to meet with opposition in colonial Mexico The Duke and his retainers though seemingly working for the crown actually built close alliances with locals to thwart the reform efforts emanating from Spain Albuquerque collaborated with contraband traders and opposed the secularization of Indian parishes He persecuted several local craftsmen and merchants some of whom died after languishing in jail accusing them of treason to bolster his own credentials as a loyal official In the end however the dominant clique at the royal court in Madrid sought revenge Albuquerque was forced to pay an unheard of indemnity of 700 000 silver pesos to regain the king s favour Dealing with a topic and period largely ignored by historiography Rosenm ller exposes the vast patronage power of the viceroy at the historical watershed between the expiring Habsburg dynasty and the incoming Bourbon rulers His analysis reveals that precursors of the Bourbon reforms and the struggle for Mexican independence were already at play in the early eighteenth century **International Review of Social History** ,2004

Waking the Dictator Karl B. Koth,2002 *Waking the Dictator* is a study of federalism in late nineteenth century Veracruz State It is also a politico military analysis and an evaluation of social revolutionary relations in the epoch of the Porfiriato and the Mexican Revolution This study is the first modern comprehensive and analytical history of the Porfiriato and Mexican Revolution in Veracruz **Vidas mexicanas** Wobeser, Gisela von,2021-12-13 En este libro se conjuntan diez biograf as de individuos sobresalientes de la historia de M xico Realizadas por diez de los m s importantes historiadores de M xico miembros todos de la Academia Mexicana de la Historia estas biograf as ofrecen una lectura actualizada e imbuida con el rigor de la investigaci n hist rica con el fin de equilibrar la noci n de personajes pol micos inmaculados o poco estudiados pero que indudablemente tuvieron un impacto en la historia nacional **Globalization, Regional Development and Local**

Response Leendert Andrew de Bell,2005 In a world that has become increasingly interconnected over the past decades economically politically socially and culturally new challenges are posed to development Since the 1980s development has increasingly become interpreted in terms of increasing integration into the world economy Export oriented manufacturing became widely viewed as the surest recipe for realizing economic growth while reducing income inequality and the role of foreign direct investments became increasingly important in development strategies worldwide However not every region industry and social group managed to become successfully integrated into the world economy In order to explain why these processes of economic restructuring have had such a differential impact this study situates developments within a wider historical social and political context to establish how these processes of globalization are mediated at the regional and local level The main object of study concerns the drastic socioeconomic transformation that has taken place in the state of Coahuila situated in the northeast of Mexico bordering the United States over the past three decades In particular since the

start of NAFTA in 1994 Coahuila has become one of Mexico's most successful export oriented manufacturing states most importantly as a result of the large number of foreign direct investments it received However the effects of these developments have been unevenly distributed among its sub regions while questions must also be raised about its ability to contribute to sustained long term growth with equity The key issue appears to be not whether but how regions and localities become linked to the world economy page 4 of cover

Historia de la Revolución Mexicana. 1910-1914 Javier Garciadiego, 2023-04-01 En la d cada de los cincuenta del siglo pasado Daniel Cosío Villegas integró a un grupo de historiadores para elaborar la Historia moderna de México finalmente publicada en diez gruesos volúmenes resultado de diez años de investigación Esta obra abarca desde la República Restaurada hasta el Porfiriato El Colegio de México fiel al compromiso de Cosío Villegas decidió concluir los trabajos para ofrecer una historia integral de la primera mitad del siglo pasado Así lo que el lector tiene en sus manos ahora en ocho volúmenes es finalmente la conclusión del proyecto y el pago de aquella deuda con nuestra historia
