The background is a complex, swirling composition of dark blues, purples, and oranges, with numerous fine, golden lines and specks scattered throughout, creating a sense of depth and movement. The overall effect is ethereal and cosmic.

Spirits Song:

Songs for the Spirits Barley Norton, 2010-10-01 Songs for the Spirits examines the Vietnamese practice of communing with spirits through music and performance During rituals dedicated to a pantheon of indigenous spirits musicians perform an elaborate sequence of songs a songscape for possessed mediums who carry out ritual actions distribute blessed gifts to disciples and dance to the music s infectious rhythms Condemned by French authorities in the colonial period and prohibited by the Vietnamese Communist Party in the late 1950s mediumship practices have undergone a strong resurgence since the early 1990s and they are now being drawn upon to promote national identity and cultural heritage through folklorized performances of rituals on the national and international stage By tracing the historical trajectory of traditional music and religion since the early twentieth century this groundbreaking study offers an intriguing account of the political transformation and modernization of cultural practices over a period of dramatic and often turbulent transition An accompanying DVD contains numerous video and music extracts that illustrate the fascinating ways in which music evokes the embodied presence of spirits and their gender and ethnic identities

The Spirit and the Song Chris E. W. Green, Steven Félix-Jäger, 2024-09-16 The Spirit and the Song Pneumatological Reflections on Popular Music explores pertinent pneumatological issues that arise in music It offers three distinct contributions first it asks what if anything music tells listeners about God s Spiritedness Can the experience of music speak to human spiritedness the world s transcendentality or a person s own self transcendence in ways nothing else does or can Second this book explores how the Spirit functions within and even determines culture through music Because music is a profound human expression it can find itself in a rich dialogue with the Spirit Third and finally this book explores the contested status of music in Christian spiritual traditions It deals with music as inspired by the Spirit music as participation in Spiritedness and music as temptation of the flesh As such this book also engages music s placement in Christian spiritual traditions The contributors of this book ask how Christian convictions about and experiences of the Spirit might shape the way one thinks about music
