Gnosis and Hermeticism from Antiquity to Modern Times R. van den Broek,Wouter J. Hanegraaff,1998-01-01 This volume introduces what has sometimes been called the third

component of western culture It traces the historical development of those religious traditions which have rejected a world view based on the primacy of pure rationality or doctrinal faith emphasizing instead the importance of inner enlightenment or gnosis a revelatory experience which was typically believed to entail an encounter with one's true self as well as with the ground of being God The contributors to this book demonstrate this perspective as fundamental to a variety of interconnected traditions In Antiquity one finds the gnostics and hermetics in the Middle Ages several Christian sects The medieval Cathars can to a certain extent be considered part of the same tradition Starting with the Italian humanist Renaissance hermetic philosophy became of central importance to a new religious synthesis that can be referred to as Western Esotericism The development of this tradition is described from Renaissance hermeticists and practitioners of spiritual alchemy to the emergence of Rosicrucianism and Christian theosophy in the seventeenth century and from post enlightenment aspects of Romanticism and occultism to the present day New Age movement

Restoring Paradise Arthur Versluis, 2012-02-01 Focusing on how spiritual initiation takes place in Western esoteric religious literary and artistic traditions from antiquity to the present Restoring Paradise provides an introduction to Western esotericism including early modern esoteric movements like alchemy Christian theosophy and Rosicrucianism The author argues that European and American literature and art often entail a written transmission of spiritual knowledge in which writing itself works to transmute consciousness to generate provoke or convey spiritual awakening He focuses on several important figures whose work has not received the attention it deserves including American writer and Imagist poet H D Hilda Doolittle and British

painter Cecil Collins among others While Arthur Versluis presents a new way of understanding Western esotericism in a contemporary light above all he has crafted a book about knowing and about how we come to know and what knowing by way of literature and language actually means **Spiritual Adventuring** Bertha Condé,1926 **Esotericism and Narrative: The Occult Fiction of Charles Williams** Aren Roukema,2018-05-29 Esotericism and Narrative The Occult Fiction of Charles Williams situates the life and fiction of the Inkling Charles Williams in the network of modern occultism with special focus on his initiatory experiences in A E Waite s Fellowship of the Rosy Cross Aren Roukema evaluates fictional projections of magic kabbalah alchemy and ritual experience in Williams s seven novels of supernatural fantasy From this specific analysis he develops more broadly applicable approaches to the serious expression of religious experience in fiction Roukema shows that esoteric knowledge has frequently been blurred into fiction because of its inherent narrativity and adaptability particularly by authors already attracted to the syncretism multivalence and lived fantasy of the modern occult experience
