The Future of Religion Rodney Stark, William Sims Bainbridge, 2023-04-28 Religion is alive and well in the modern world and the social scientific study of religion is undergoing a renaissance For much of this century respected social theorists predicted the death of religion as inevitable consequence of science education and modern economics But they were wrong Stark and Bainbridge set out to explain the survival of religion Using information derived from numerous surveys censuses historical case studies and ethnographic field expeditions they chart the full sweep of contemporary religion from the traditional denominations to the most fervent cults This wealth of information is located within a coherent theoretical framework that examines religion as a social response to human needs both the general needs shared by all and the desires specific to those who are denied the economic rewards or prestige enjoyed by the privileged By explaining the forms taken by religions today Stark and Bainbridge allow us to understand its persistence in a secular age and its prospects for the future This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1985 Religion is alive and well in the modern world and the social scientific study of religion is undergoing a renaissance For much of this century respected social theorists predicted the death of religion as inevitable consequence of science education

fitness wellness travel and fashion and beauty      Falling into Grace John Newton, 2016-04-01 Jesus was quite clear that we must lose our life before we find it This book gives a hopeful and realistic look at what losing our life entails articulating how growth in the Christian life is not our ascent to God but the process by which our eyes are opened to the beauty God has already given to us It is a book about descending into God and into our own inner depths about the deep waters of the Christian faith Put out into the deep and let your nets down for a catch Luke 5 4 We live in a world that values productivity and success and we vainly imagine that God expects us to be spiritually productive and successful too It doesn't matter how much we talk about grace our conversation is often narrowly focused on what we need to do for God so much so that we often block the work God longs to do in us This book does not articulate God's work as a process by which we become spiritually strong but rather as the process by which we embrace our weakness as the place where we most fully experience God's perfect strength 2 Corinthians 12 9      The City and the Grassroots Manuel Castells, 1983      **Paperbound Books in Print**, 1992      Creation, God, and Humanity Catherine Wright, 2017 Examines the history and development of ecological theological anthropology and how it engages human suffering so that people of faith can better understand the suffering inherent to earth's creative processes and that inflicted by human sin      *National Library of Medicine Audiovisuals Catalog* National Library of Medicine (U.S.),      A New Hasidism Arthur Green, Ariel Evan Mayse, 2019-01-01 You are invited to enter the new old pathway of Neo Hasidism a movement that uplifts key elements of Hasidism's Jewish revival of two centuries ago to reexamine the meaning of existence see everything anew and bring the world as it is and as it can be closer together This volume brings this discussion into the twenty first century highlighting Neo Hasidic approaches to key issues of our time Eighteen contributions by leading Neo Hasidic thinkers open with the credos of Zalman Schachter Shalomi and Arthur Green Or Rose wrestles with reinterpreting the rebbe's harsh teachings concerning non Jews Ebn Leader assesses the perils of trusting one's whole being to a single personality can Neo Hasidism endure as a living tradition without a rebbe Shaul Magid candidly calibrates Shlomo Carlebach how the singing rabbi transformed him and why Magid eventually walked away Other contributors engage questions such as How might women enter this hitherto gendered sphere created by and for men How can we honor and draw nourishment from other religions' teachings Can the rebbe's radiant wisdom guide those who struggle with self diminishment to reclaim wholeness Together these intellectually honest and spiritually robust conversations inspire us to grapple anew with Judaism's legacy and future
