Spiritual In Twentieth Century Art:

The Spiritual in Twentieth-Century Art Roger Lipsey, 2011-10-20 Compelling well illustrated study focuses on the works of Kandinsky Mondrian Klee Picasso Duchamp Matisse and others Citations from letters diaries and interviews provide insights into the artists views 121 black and white illustrations

Spiritual Moderns Erika Doss, 2023-05-03 Examines how and why religion matters in the history of modern American art Andy Warhol is one of the best known American artists of the twentieth century He was also an observant Catholic who carried a rosary went to mass regularly kept a Bible by his bedside and depicted religious subjects throughout his career Warhol was a spiritual modern a modern artist who appropriated religious images beliefs and practices to create a distinctive style of American art Spiritual Moderns centers on four American artists who were both modern and religious Joseph Cornell who showed with the Surrealists was a member of the Church of Christ Scientist Mark Tobey created pioneering works of Abstract Expressionism and was a follower of the Bah Faith Agnes Pelton was a Symbolist painter who embraced metaphysical movements including New Thought Theosophy and Agni Yoga And Warhol a leading figure in Pop art was a lifelong Catholic Working with biographical materials social history affect theory and the tools of art history Doss traces the linked subjects of art and religion and proposes a revised interpretation of American modernism

An Art of Our Own Roger Lipsey, 1997

The Spiritual Dynamic in Modern Art C. Spretnak, 2014-10-22 This book demonstrates that numerous prominent artists in every period of the modern era were expressing spiritual interests when they created celebrated works of art This magisterial overview insightfully reveals the centrality of an often denied and misunderstood element in the cultural history of modern art

Primitivism and Twentieth-Century Art Jack Flam, Miriam Deutch, 2003-03-27 This is a much needed important collection a goldmine of sources for scholars and students The texts articulate the key Primitivist aesthetic discourses of the period offering crucial insight into the complex and always changing nexus between culture politics and representation Because of the breadth of the materials covered and the controversies they raise this anthology is one of the all too rare volumes that not only will provide reference materials for years to come but also will feature centrally in classroom discussions Suzanne Preston Blier author of *African Vodun Art Psychology and Power* For almost a century art historians have fretted about the notion of primitivism in the arts This comprehensive in both senses of the word anthology is a peerless source of the history of responses to works categorized as primitive In its range the book touches upon all the troubling questions formal anthropological political historical that have bedeviled the study of the arts of Oceania Africa and North and South America and provides the grounds at last for intelligent pursuit of keener distinctions I regard this book as a superb contribution to the study of Modern art in fact indispensable Dore Ashton author of *Noguchi East and West* An extraordinarily useful and complete collection of primary documents many translated for the first time into English and almost all unlikely to be encountered elsewhere without serious effort Its five sections each with a lively and scholarly introduction reveal the diverse

views of artists and writers on primitive art from Matisse Picasso and Fry to many far less known and sometimes surprising figures The book also uncovers the politics and aesthetics of the major museum exhibitions that gained acceptance for art that had been both reviled and mythologized Recent texts included are all germane This book will be invaluable for any college course on the topic Shelly Errington author of *The Death of Authentic Primitive Art and Other Tales of Progress* An exceptionally valuable anthology of seventy documents most heretofore unavailable in English on the ongoing controversies surrounding Primitivism and Modern art Insightfully chosen and annotated the collection is brilliantly introduced by Jack Flam s essay on the historical progression contexts and cultural complexities of more than one hundred years ideas about Primitivism Rich timely illuminating Herbert M Cole author of *Icons Ideals and Power in the Art of Africa* *The Culture and Art of Death in 19th Century America* D. Tulla Lightfoot, 2019-02-21 Nineteenth century Victorian era mourning rituals long and elaborate public funerals the wearing of lavishly somber mourning clothes and families posing for portraits with deceased loved ones are often depicted as bizarre or scary But behind many such customs were rational or spiritual meanings This book offers an in depth explanation at how death affected American society and the creative ways in which people responded to it The author discusses such topics as mediums as performance artists and postmortem painters and photographers and draws a connection between death and the emergence of three dimensional media *Intersections of Financial Literacy, Citizenship, and Spirituality* Thomas A. Lucey, 2019-10-24 Through art based instructional processes that stimulate students affective awareness it encourages facilitation of compassionate environments founded on principles of selflessness and will prove invaluable for researchers leaders and practitioners in the field of social education □□□□□□ 2018, □□□□□□ □□□□ *Transcendence and History* Glenn Hughes, 2003-05-01 Transcendence and History is an analysis of what philosopher Eric Voegelin described as the decisive problem of philosophy the dilemma of the discovery of transcendent meaning and the impact of this discovery on human self understanding The world s major religious and wisdom traditions are built upon the recognition of transcendent meaning and our own cultural and linguistic heritage has long since absorbed the postcosmological division of reality into the two dimensions of transcendence and immanence But the last three centuries in the West have seen a growing resistance to the idea of transcendent meaning contemporary and postmodern interpretations of the human situation both popular and intellectual indicate a widespread eclipse of confidence in the truth of transcendence In *Transcendence and History* Glenn Hughes contributes to the understanding of transcendent meaning and the problems associated with it assisting in the philosophical recovery of the legitimacy of the notion of transcendence Depending primarily on the treatments of transcendence found in the writings of twentieth century philosophers Eric Voegelin and Bernard Lonergan Hughes explores the historical discovery of transcendent meaning and then examines what it indicates about the structure of history Hughes s main focus however is on clarifying the problem of transcendence in relation to historical existence Addressing both layreaders and scholars Hughes applies the insights and analyses of Voegelin

and Lonergan to considerable advantage Transcendence and History will be of particular value to those who have grappled with the notion of transcendence in the study of philosophy comparative religion political theory history philosophical anthropology and art or poetry By examining transcendent meaning as the key factor in the search for ultimate meaning from ancient societies to the present the book demonstrates how the decisive problem of philosophy both illuminates and presents a vital challenge to contemporary intellectual discourse

Reclaiming the Spiritual in Art Dawn Perlmutter, Debra Koppman, 1999-01-01 Examines the role of the sacred in art and makes a compelling case for its continued contemporary relevance

Modernism and the Spiritual in Russian Art Louise Hardiman, Nicola Kozicharow, 2017-11-13 In 1911 Vasily Kandinsky published the first edition of *On the Spiritual in Art* a landmark modernist treatise in which he sought to reframe the meaning of art and the true role of the artist For many artists of late Imperial Russia a culture deeply influenced by the regime's adoption of Byzantine Orthodoxy centuries before questions of religion and spirituality were of paramount importance As artists and the wider art community experimented with new ideas and interpretations at the dawn of the twentieth century their relationship with the spiritual broadly defined was inextricably linked to their roles as pioneers of modernism This diverse collection of essays introduces new and stimulating approaches to the ongoing debate as to how Russian artistic modernism engaged with questions of spirituality in the late nineteenth to mid twentieth centuries Ten chapters from emerging and established voices offer new perspectives on Kandinsky and other familiar names such as Kazimir Malevich Mikhail Larionov and Natalia Goncharova and introduce less well known figures such as the Georgian artists Ucha Japaridze and Lado Gudiashvili and the craftswoman and art promoter Aleksandra Pogosskaia Prefaced by a lively and informative introduction by Louise Hardiman and Nicola Kozicharow that sets these perspectives in their historical and critical context *Modernism and the Spiritual in Russian Art New Perspectives* enriches our understanding of the modernist period and breaks new ground in its re-examination of the role of religion and spirituality in the visual arts in late Imperial Russia Of interest to historians and enthusiasts of Russian art culture and religion and those of international modernism and the avant garde it offers innovative readings of a history only partially explored revealing uncharted corners and challenging long held assumptions

Spiritual Philosophers: From Schopenhauer to Irigaray Richard White, 2020-02-20 How does thinking illuminate the spiritual view of life How does a close examination of key spiritual thinkers help us to live in the modern world And in what way does philosophy enhance spirituality In this book Richard White answers these questions by analysing a range of important philosophers from Schopenhauer in the first half of the 19th century to Irigaray in the present day Each chapter examines the work of a single writer and one closely associated theme such as Nietzsche on generosity Benjamin on wisdom and Derrida on mourning The author looks at philosophy and spirituality in the tradition of continental philosophy and he views spirituality as something that can be separated from religion With the rise of reductive scientific materialism becoming ever more prevalent in modern society White seeks to recover the idea of a spiritual tradition

which is not otherworldly but philosophical in nature The thinkers discussed in this book articulate some of the deepest possibilities of human existence *Spiritual Philosophers* offers an approach to philosophy as a spiritual practice which the author sees as an integral part of our life As a pioneering work in an emerging field the philosophy of spirituality this book contributes to several key debates surrounding spirituality theology and the role of philosophy in the contemporary world

Out of the New Spirituality of the Twentieth Century Svetoslava Toncheva,2015-04-30 The book is focused on the phenomenon of the new spirituality and the impact which it appear to have on the religious sphere and the contemporary culture It refers to three particular European movements the anthroposophy of the Austrian philosopher Rudolf Steiner a movement which has influenced many social spheres like pedagogic the Waldorf education medicine art etc the movement created by the Bulgarian spiritual teacher Pet r D nov known as the White Brotherhood turned into transnational spiritual community and the Unified Teaching of the young Russian spiritual writer and healer Zor Aleph developing between Russia and Bulgaria The work based on the anthropological methods of fieldwork and analysis aims to examine the significance of the three movements and their national and transnational specifics in the framework of the European spiritual sphere

Spirituality across Disciplines: Research and Practice: Marian de Souza,Jane Bone,Jacqueline Watson,2016-06-29 This book collects multiple disciplinary voices which explore current research and perspectives to discuss how spirituality is understood interpreted and applied in a range of contexts It addresses spirituality in combination with such topics as Christian mysticism childhood and adolescent education midwifery and sustainability It links spirituality to a variety of disciplines including cognitive neuroscience sociology and psychology Finally it discusses the application of spirituality within the context of social work teaching health care and occupational therapy A final chapter provides an analytical discussion of the different voices that appear in the book and offers a holistic description of spirituality which has the potential to bring some unity to the meaning expression and practice of spirituality across a variety of disciplines as well as across cultural religious and secular worldviews A strength of the book is that each chapter is characterized by a fearless confronting of oppositional perspectives and use of the latest research in addressing them The book takes the difficult topic of spirituality into almost every nook and cranny of personal and professional life There is a persistent grasping of the contentiousness of the topic together with addressing counter positions and utilizing updated research across a range of fields in doing this The opening and closing chapters serve as book ends that keep the whole volume together Terence Lovat The University of Newcastle Australia The interdisciplinary nature of the work is by far the strongest aspect of this volume It has the potential to contribute to a dialogue between different professions and disciplines This prospective publication promises to promote a more holistic approach to the study of spirituality This volume takes into consideration a wide variety of issues The way the editors have structured the sequence of chapters contributes to facilitate any possible dialogue between the different areas Adrian Mario Gellel University of Malta Malta In the Middle Teong Eng Tan,2016-04-05 The French philosopher Gilles

Deleuze remarked in his book *Negotiations* that Things and thoughts advance or grow out from the middle and that's where you have to get to work that's where everything unfolds This prompts the question How does an artist get to work in the middle of a process that is continuously becoming The thesis is an unfolding narrative of the author's attempt to experientially answer the question by way of an art practice leading to an examination of the issue of freedom freedom from attachments and freedom to create new possibilities with all for all The thesis offers a view that art practice exploring ways to break free from the bondage of the mind moments of freedom from oneself is spiritual practice is life practice

Art and knowledge after 1900 James Fox, Vid Simoniti, 2023-12-12 This ground breaking new history of modern art explores the relationship between art and knowledge from the beginning of the twentieth century to the present day Each chapter examines artistic responses to a particular discipline of knowledge from quantum theory and theosophy to cybernetics and ethnic futurisms The authors argue that art's incursion into other intellectual disciplines is a defining characteristic of both modernism and postmodernism Throughout the volume poses a series of larger questions is art a source of knowledge If so what kind of knowledge And ultimately can it contribute to our understanding of the world in ways that thinkers from other fields should take seriously

Eyes to See Roger Lipsey, 2026-02-03 [Cross-Cultural Issues in Art](#) Steven Leuthold, 2010-12-16 This book provides an engaging introduction to aesthetic concepts expanding the discussion beyond the usual Western theorists and Western examples

[Foucault, Art, and Radical Theology](#) Petra Carlsson Redell, 2018-07-27 Michel Foucault wrote prolifically on many topics including art religion and politics He also eloquently articulated how power structures are formed and how they also might assist resistance and emancipation This book uses the hermeneutical lens of Foucault's writings on art to examine the performative material and political aspects of contemporary theology The borderland between philosophy theology and art is explored through Foucault's analyses of artists such as Diego Velázquez, Édouard Manet, René Magritte, Paul Rebeyrolle and Gérard Fromanger Here special focus is placed on performativity and materiality or what the book terms the mystery of things At successive junctures the book discovers a postrepresentational critique of transcendence an enigmatic material sacramentality playful theopolitical accounts of the transformative force of stupidity and nonsense and political imagery in motion enabling theological interpretations of contemporary collectives such as Pussy Riot and the Sisters of Perpetual Indulgence In conversation with contemporary thinkers including Catherine Keller, Louise Marie Chauvet, John Caputo, Daniel Barber, Mark C. Taylor, Jeffrey W. Robbins and Mattias Martinson the book outlines this source of inspiration for contemporary radical theology This is a book with a fresh and original take on Foucault art and theology As such it will have great appeal to scholars and academics in theology religion and the arts the philosophy of religion political philosophy and aesthetics
