sharing aphorisms about the value of the present and each person's role in the creation of the Kingdom of God here on earth. But these inspiring sayings can leave you wondering: What next? Now you can learn how to start applying Jesus's wisdom to your own life and in turn to the world around you. This unique guidebook leads you through Thomas offering practices that help you translate Jesus's wisdom into a more fulfilling enriching daily life including: Becoming a Spiritual Adult, Sorting Out the Old and the New, Being a Healing Presence, Daring to Be a City on a Hill, God's Reign Calls for Ready Hands, Spirituality Is Not Skygazing, And much more. **The Lost Sayings of Jesus**, 2011-06-30

Jesus's words of wisdom can become a companion on your own spiritual journey. The gospels of Matthew, Mark, Luke, and John are not the only record we have of the words spoken by Jesus. Designed to challenge, enlighten, and inspire, they are also quoted in a wide variety of other ancient sources including the Qur'an, writings by early Christian church fathers, and fragments of lost gospels only recently discovered. Some of these sayings are familiar; many are surprising; all expand our conventional understanding of the scope and essence of Jesus's original teachings. More than a Christian compilation, this collection of more than three hundred sayings reveals a Jesus whose words encapsulate spiritual truths that resonate across religious boundaries. From the encouraging "I am hope for the hopeless" to the wise and practical "Love those who hate you and you will not have an enemy to the candid "Give no opportunity to the evil one," these pointed sayings not only reveal how Jesus was understood and portrayed across a wide variety of cultures long ago, they will also penetrate to your heart, challenge your assumptions, and energize your own spiritual quest. Now you can experience the wisdom and power of Jesus's sayings even if you have no previous knowledge of these little-known texts. **The Book of Mormon**, 2005

Explores a sacred epic cherished by more than twelve million members of the LDS church as the keystone of their faith, clarifying the religious, political, and historical events in the ancient communities of this text and its underlying teachings for today. **I Believe, So I Am: Reflections on the Psychology of Spirituality**, Katarzyna Skrzypińska, 2022-12-05. This book brings together the theoretical and research perspectives of scholars who are looking for the right relationship between religiousness and spirituality. With this question as her basis and backed by many years of research, Katarzyna Skrzypińska introduces the Meaning-Making Beliefs Spirituality Religiousness (MMBSR) and the Threefold Nature of Spirituality (TNS) models. These points of view specify the psychological elements as well as hypothetical and researched mechanisms of spirituality, paving the way for further exploration in the field. The whole is a proposal for a new approach to the concept of the spiritual sphere as a multi-factorial, multi-level phenomenon involved in cooperation with the cognitive system and personality, which are important in the process of searching for the meaning of life as they have behavioral consequences resulting from the attitude towards the sacred and life.
