## **Spiritual Moral And Civil Decay Of America:**

*The Spiritual, Moral, & Civil Decay of America* Brian A. Cooper, 2002 Author Brian Cooper reflects on the events over the past 40 plus years which he feels has resulted in a general spiritual moral and civil decay of values in America His observations and perspectives are drawn from a blend of personal historical and scriptural reference points Considering the recent tragedy in America on September 11 2001 his perspective will challenge you to confront the American way of life as we know it today and the America as it existed in more innocent times He firmly believes that on September 11 2001 as often occurred in ancient times God has embarked on an attempt to redirect his people from their rebellious ways Many Americans have lost sight of the true benefactor of their wealth and prosperity Its Christian roots continue to deteriorate being replaced with the worship of false gods and a growing hunger for the sensational Will America recover from its waywardness or will the Spiritual moral and civil decay of America continue

*The Dismissing of America's Covenant with God* Miles Huntley Hodges, 2020-04-30 This volume looks at how as America went through the 1960s its achievement of superpower status invited both deep Progressive political changes at home Johnson's Great Society and aggressive Democratic involvement abroad Vietnam in both instances resulting in social catastrophe The narrative continues describing the battle to hold America's traditional Christian political moral foundations based on the American family and local community against the urge of Congressional Progressivists a Liberal media idealistic academics a Boomer generation and federal judges to rewrite those same standards along more Secular lines It covers Nixon's diplomatic successes abroad yet his humiliation at home Watergate the resultant collapse of all social order in Indochina with the retreat of America from the region Carter's discovery that diplomatic niceness is not a good substitute for real power the restoration of American national pride during the Reagan Bush Sr and Clinton years thanks to strong but carefully measured policies the disaster that hit when Bush Jr decided to democratize Afghanistan and Iraq the deep Change that Obama attempted to bring to a centuries old traditional America and finally the arrival of Trump deeply contested by political adversaries It looks at the moral spiritual character rather universally Christian of America's national leadership since 1960 and how that had its own impact on the country even during this distinctly post Christian period The narrative concludes with a review of the various political moral lessons we should draw from America's own national narrative particularly the necessity of getting back into an all important Covenant relationship with God

*Morality Wars* Charles Derber, Yale R. Magrass, 2015-11-17 Is patriotism a good thing in an empire Did General Petraeus betray us or did Moveon Does morality often serve immoral purposes *Morality Wars* shows us how to understand the subtext of these questions and of all the debates about moral values and liberal versus conservative ideology Derber and Magrass show that the moral problem today is not just lying but immoral morality doing evil in the name of good e.g Bush preemptively invading Iraq to spread liberty The authors explore three ancient codes of immoral morality frighteningly resurrected in America today those of empire the politically correct and the born again Although the right today

has recrafted historic arguments that empires bring peace and fundamentalists battle moral decay the authors show the Democratic Party and the left have their own IM with Democrats supporting empire and the left its own political correctness America's political divide today is a backlash to the progressive revolution of the 1960s and 1970s secular antiwar and feminist that created a radical break from traditional values and set the stage for current morality wars In the spirit of de Tocqueville this powerful book offers a rich and vivid portrait of America's political landscape exploring ideas that can help move the nation to a new morality and politics

**Rx America** Robert E. Landesman, 2011 **Soul Storm**, 2006 *Ezekiel Saw the Wheel* Willie James Webb, MDIV, MS, MA, 2014-04 This book confronts humanity with God's ID Intelligent Design of the universe and the design of man himself The confirmation is the creation The universe is the proof of the truth The Bible is the revelatory declaration Jesus Christ is the manifestation Man cannot truthfully and successfully deny the overwhelming reality of God without plunging himself into a fantasy world of perplexing confusion and insanity The graphics of law art religion and science are used to help man in the late date of the 21st Century to get beyond his irrational and infantile denial of God in the face of invincible evidence and infallible proof Man's denial of God and rebellion against God is a vain self pride and irrational denial of the foundation of his own existence In view of humanity's escalating lethal cultural crises can the world afford the anti God anti Christ anti Bible and anti truth spirits in a GPS laden globalized nuclear and other weapons of mass destruction world

**John Donne and Conformity in Crisis in the Late Jacobean Pulpit** Jeanne Shami, 2003 The sermons of John Donne are seen to embody the tensions and pressure on public religious discourse 1621-25 This book considers the professional contribution of John Donne to an emerging homiletic public sphere in the last years of the Jacobean English Church 1621-25 arguing that his sermons embody the conflicts tensions and pressures on public religious discourse in this period while they are in no way typical of any particular preaching agenda or style they articulate these crises in their most complex forms and expose fault lines in the late Jacobean Church The study is framed by Donne's two most pointed contributions to the public sphere his sermon defending James I's Directions to Preachers and his first sermon preached before Charles I in 1625 These two sermons emerge from the crises of controversy censorship and identity that converged in the late Jacobean period and mark Donne's clearest professional interventions in the public debate about the nature and direction of the Church of England In them Donne interrogates the boundaries of the public sphere and of his conformity to the institutions authorities

and traditions governing public debate in that sphere modelling for his audience an actively engaged conformist identity
