Therapy Thieves Francis A. Martin, 2020-03-13 Why are we practicing counselors and psychotherapists committed to failure This is the question that has haunted Dr Francis Martin as he has cataloged well over 20 000 distinct psychotherapy approaches advertised on the websites of licensed mental health professionals No doubt some of these are harmful most of them ineffective and many simply made up but the sheer volume of such techniques and practices advertised by licensed professionals holding advanced degrees whose services are billed to clients and insurance companies calls the credibility of the entire mental health profession into question Based on significant original research that joins research from others this book describes a near universal crisis in mental health care and recommends ways to rescue the field from itself The crisis is caused by declining competence among counselors and psychotherapists who have failed to regulate themselves and who therefore deliver inadequate if not harmful services The book calls for major specific and urgently needed reforms

Counseling and Community Rod Wilson, 2003-04 Traditionally counseling has focused primarily on the individual overlooking the interaction between the community and the individual Wilson has created a biblically based counseling model that anchors the individual within the community The

result is a perspective that encompasses all aspects of a person's life where the community becomes a helper in the counseling process. The thesis of this book is tied to the assumption that we need a counseling approach that is community oriented rather than exclusively focused on the individual. When this is the case, we will be able to appreciate the biblical emphasis on the people of God. While he prizes a relationship with individuals, God's heart is with a body, a fellowship, a community. Both pastors and private counselors need to reaffirm the priority of community and its power in the healing process. Rod Wilson, PhD, York University, is President and Professor of Counselling and Psychology at Regent College in Vancouver, B.C., Canada. He is also the author of *Exploring Your Anger and Helping Angry People*. **Proactive Pastoral Counseling**

This book doesn't just lead toward inner healing; it equips people to help others walk in biblical clarity, peace, and purpose. **On Being a Therapist**

Bob Kellemen, 2017-08-14 Martin Luther not only reformed theology; Luther reformed pastoral counseling. Through lively vignettes, real-life stories, and direct quotes from Luther, *Counseling Under the Cross* equips us to apply the gospel richly, relevantly, and robustly to suffering and sin, so that we find our hope and help in Christ alone. **Pastoral Counseling: Where One Encounters the Enormity of God's Love**

Gerald V. Miller, 2022-08-05 The pastoral counselor brings God's presence to the counseling session. The counselor radiates God's enormous unconditional love and forgiveness to the client. Clients come in because they are spiritually broken and prey to the allies of darkness: fear of abandonment from God and those they love, resentment, frustration, anxiety, and callousness. He is the prodigal son. Through empathy, compassion, and counseling skills, the pastoral counselor connects them to the God who runs to meet him with joy, throws his arms around him, kisses him, forgives him, and makes him psychologically and spiritually whole again by giving him the signet ring. The pastoral counselor's role is to facilitate this occurrence. **On Being a Therapist**
