Fascinating insights on the actual nature of the spiritual realm are developed in detail like never before In the first book of this series *Hyperspace and the Spiritual Realm* the author built a solid case from the Bible that the spiritual realm is located in a higher dimension of our space time continuum In this second book the author probes deeply into the pages of scripture to uncovering the implications of a tangible real invisible world this is substantially different from the mystical and vaporish ideas about heaven that are usually taught Part of the discovery is that our 3D seen world is actually embedded into a larger 4D physical reality of much more The reader is taken on a fascinating journey of discovery that goes from surprising chapter to surprising chapter looking at elements within the spiritual realm that include angels cherubim terrain physical laws plants animals technology structures and weather Heaven itself is brought into great clarity Additionally higher dimensional aspects of future ages to come are explained giving a clearer picture that few have been able to described of the New Heavens and New Earth Difficult questions are examined and answered such as Where exactly is resurrected Jesus with a physical body Is the heaven that you go to when you die in the spiritual realm where Satan and fallen angels exist What are the horses of fire and chariots of fire that broke into our visible realm during Elisha s time How is it that Jesus appears in scriptural history prior to His birth in Bethlehem Are the 4 face cherubim actually 4 dimensional creatures Will the veil that separates the seen from the unseen ever be lifted and what will that be like Where do the white linen garments and golden belts that angels wear come If manna is the bread of angels does that mean they eat What is the whirlwind that took Elijah directly into the spiritual realm Is New Jerusalem of three dimension a giant cube or a flat type normal city The book is loaded with pictures and illustrations and it is written in clear everyday terms making it understandable to all who read it All those who have chosen to explore this rarely taught and fascinating subject comes away inspired and motivated by an invisible heaven located immediately next to them that is loaded with angels working on their behalf to accomplish God s purposes
