T. Johnson Raih, 2021-10-06 The spiritual decay of nominalism threatens the established church worldwide While spiritual lethargy is often addressed from the perspective of theology and discipleship little attention has been given to the role of homiletics in revitalizing a congregation's spiritual health In this study Dr Johnson Raih explores the impact of preaching on members of Baptist churches in Imphal Manipur India from 2000 to 2015 He utilizes interviews and questionnaires from pastors church leaders and lay members to assess the presence of nominalism within church congregations along with the effects of various preaching methods on increasing or decreasing spiritual vitality Combining this qualitative research with scriptural and theological insight Raih suggests that expository preaching has the power to confront and even eradicate nominalism within the church He draws on biblical examples along with the methodology of John Stott and Timothy Keller to offer ten practical recommendations for countering nominalism homiletically whether in Imphal India or around the world [Christian Responses to Spiritual Incursions into the 21st Century Church and Society](#) Nikolaos Asproulis, Stuart Devenish, 2020-10-30 This volume provides an account of the surprising in breaking of spiritual life that persists in our culture despite the best efforts of atheist spokespersons and secular theorists Spirituality in its varying forms is irrepressible resisting our attempts to exclude it by continuing to seep through the cracks and leak through the gaps When it is allowed to manifest itself through the Christian faith tradition it has the power to surprise transform and renew everything it touches This volume contains a series of case studies each of which describes the inner functionings and out workings of the spiritual life as a transformative point of contact between God world society and self Each chapter contains high level inquiry drawing on best practice scholarship that is deeply aware of the needs and opportunities that confront 21st century society [Handbook of Workplace Spirituality and Organizational Performance](#) Giacalone, 2015-05-18 An explanation of how and why the economic downturn of 2007 became the Great Recession of 2008 and 2009 It explores the root causes of the cycle of boom and bust of the economy It describes social equity in terms of its arguments and claims in political economic and social circumstances **Pentecostal Prophets** Stephen D. Barkley, 2023-04-20 Prophets come in many varieties ecstatic worshipers inspired preachers social justice advocates and even political pundits Their messages vary accordingly The purpose of this book is to dig beneath the message

The Rishi's Prophecy Chinmoy Mukherjee, 2025-06-14 In the ancient kingdom of Ayodhya where the divine and mortal realms intertwined with the grace of a celestial dance the air itself seemed to hum with the essence of dharma Yet one twilight a chilling tremor disturbed this sacred harmony The celestial sage Narada his famed vina glowing with an ethereal golden luminescence that pulsed gently with each string plucked its notes cascading like a thousand crystal chimes through the evening air received a prophecy It was a vision of impending doom a creeping shadow of despair that threatened to shroud the kingdom's future He saw the vibrant emerald forests that once cradled Ayodhya begin to wither their leaves turning to brittle ash and the joyous resonant

laughter of its people replaced by the hollow echoing cries of chaos The prophecy etched into his very soul revealed that unless the most revered rishis intervened the kingdom once a beacon of light would fall into irreversible ruin Determined to prevent this catastrophe Narada his robes shimmering with the deep cosmic blue of the celestial sky and carrying the intoxicating fragrance of divine lotuses and kalpaka blossoms traversed the realms He gathered the wisest and most powerful sages each a pillar of spiritual strength Their faces usually etched with serene contemplation now bore the mark of grave purpose Their collective path from the very moment they heeded his call was illuminated not by earthly lamps but by the soft unwavering glow of their combined wisdom and the resounding ancient call of dharma that vibrated in the ether This novella The Rishi's Prophecy chronicles the monumental efforts of these enlightened beings as they worked in divine synergy to avert the impending disaster Each chapter is a journey into the unique methods and profound challenges faced by a different rishi their noble mission unfolding against a backdrop of sensory richness drawing deeply from the timeless epic of the Ramayana

Meaning and International Relations Peter Mandaville, Andrew Williams, 2015-04-15 This innovative volume brings together specialists in international relations to tackle a set of difficult questions about what it means to live in a globalized world where the purpose and direction of world politics are no longer clear cut What emerges from these essays is a very clear sense that while we may be living in an era that lacks a single universal purpose ours is still a world replete with meaning The authors in this volume stress the need for a pluralistic conception of meaning in a globalized world and demonstrate how increased communication and interaction in transnational spaces work to produce complex tapestries of culture and politics Meaning and International Relations also makes an original and convincing case for the relevance of hermeneutic approaches to understanding contemporary international relations
