Pursuing Peace Fernando Garzon, 2008-04 Thousands of Christians all over the world are reporting transformational experiences through Theophostic Prayer Ministry Their testimonies are powerful yet controversy remains for some Skeptics say testimonials are limited and empirical proof is needed This gives rise for quality research The case studies in this book provide a good start and help to determine if more costly and rigorous studies are merited This book is

written without a lot of scientific jargon to appeal to both professional and lay person alike The researchers tell the stories of some of the clients in the study along with providing charts graphs and detailed reports from their test findings Finally a summary of all the results from the sixteen clients that completed this study is closely examined The positive outcomes represent a first small step in evaluating Theophostic Prayer Even though more research studies need to be completed the findings from this study are very encouraging They provide a clear idea of the type of studies that need to follow this case study work in order to more fully assess this approach In the final chapter Ed Smith the founder of Theophostic Prayer answers many frequently asked questions about Theophostic Prayer Dr Fernando Garzon is an Associate Professor in the Center for Counseling and Family Studies at Liberty University He has a Psy D in Clinical Psychology from Fuller Theological Seminary and a B A in Biology from Wake Forest University His interest areas include spiritual interventions in psychotherapy and Christian counselor education Liberty University does not officially endorse Theophostic Prayer Ministry but rather supports the theological and scientific examination of this and other Christian intervention strategies Correspondence regarding this book may be sent to Dr Garzon at Liberty University 1971 University Blvd Lynchburg VA 24502 or fgarzon liberty edu

Beyond Fear Robert Handly, Pauline Neff, 1987 **A Changed Mind** David Bayer, 2023-09-26 The story of one man's journey to go beyond self-awareness and the science of how to actually change your mind. In his groundbreaking seminal book, visionary leader and transformational teacher David Bayer offers a revolutionary approach to personal growth and spiritual evolution, taking complex concepts from the fields of behavioral psychology, neurophysiology, quantum field theory, and spiritual tradition and distilling them into a powerful, practical integrative framework for reclaiming personal and emotional sovereignty and having what Bayer calls a powerful living experience. Through the authentic and vulnerable sharing of his own story of struggle, childhood trauma, addiction, and burnout, Bayer takes the reader on a journey of going beyond self-awareness and self-help to learn how to actually rewire your brain, downregulate your nervous system, and consciously create an extraordinary life. *A Changed Mind* is an instruction manual for understanding the human being operating system and how to reclaim control over your thoughts, emotions, and life at a time when emotional intelligence, self-awareness, and spiritual connection are essential skills for navigating the increasingly complex and uncertain external dynamics of modern-day life. Whether you are new to personal growth or have been on a journey of growth for decades, wanting to overcome depression and anxiety or perform at a higher level, connect more deeply with a power greater than yourself, or free yourself from the incessant negative chatter of the mind, *A Changed Mind* is the missing piece every growth-oriented and spiritually minded individual needs in order to achieve sustainable health, happiness, joy, and prosperity and ultimately realize their full potential.
